YOUR BIRTHDAY by Stella Wilder
Born today, you are one of the great adventurers of the zodiac, an individual destined to travel near and far in search of experience and knowledge -- and that experience and knowledge will, in turn, inspire you to explore even farther afield than you have in the past, and so the cycle will continue throughout your lifetime. You are a positive thinker and a quick planner; once you have an idea, you know how to put it into motion, and once in motion, it is almost sure to reap you the specific rewards you were after.

THURSDAY, JUNE 30
CANCER (June 21-July 22) -- That part of you that enjoys a good adventure now and then is yearning for some action. Today's a good day to make an exciting plan.
LEO (July 23-Aug. 22) -- You must weigh the potential of a certain experience against the very real chance of a setback if you jump in without taking sensible precautions.
VIRGO (Aug. 23-Sept. 22) -- Thinking and feeling go hand in hand today, especially as you formulate a plan that will likely require you to break out of your comfort zone.
LIBRA (Sept. 23-Oct. 22) -- You can do better than most today when faced with an unforeseen obstacle. Your ability to come up with an alternative approach serves you well.
SCORPIO (Oct. 23-Nov. 21) -- Your success today inspires others, and you may become something of a role model to those who realize your way may be the best way.
SAGITTARIUS (Nov. 22-Dec. 21) -- You may have to put a practical need on a back burner today as you deal with a loved one's far more pressing issues. Don't turn away.
CAPRICORN (Dec. 22-Jan. 19) -- You may be called upon to explain yourself today, but you needn't reveal all of your secrets lest a rival learn a bit too much about you.
AQUARIUS (Jan. 20-Feb. 18) -- You may wish that a mere flirtation would blossom into something more, but are you really ready for the kind of commitment this would require?
PISCES (Feb. 19-March 20) -- Your emotions are likely to be quite near the surface today, and you may have to work hard to come up with a plan that is not foolhardy.
ARIES (March 21-April 19) -- What you're working on is likely to offer up a few new complications and difficulties today, but you can address them in new and creative ways.
TAURUS (April 20-May 20) -- You may think that a certain situation will soon require you to make a personal sacrifice, but this is a premature judgment. Look closer!
GEMINI (May 21-June 20) -- Love and romance are favored today as you look for just the right thing to do for someone close to you. Trust your instincts and skills.
