"The Challenge: USA" 8 p.m. on PBS

The Green Planet

In this new limited docuseries, host David Attenborough travels the globe to examine and reveal the secret lives of plants. Using cutting-edge camera techniques, the series takes viewers on a magical journey inside a hidden world, one on which all animals, including humans, are dependent. In the premiere, "Tropical Worlds," Attenborough looks at life in a rainforest from a plant'seye perspective.

8 p.m. on CW **Mysteries Decoded**

Jennifer Marshall, a U.S. Navy veteran turned private investigator, returns for a new season of this investigative docuseries, in which she probes some of America's greatest unsolved mysteries while incorporating newly discovered evidence and high-tech tools.

8 p.m. on LIFE Married at First Sight

For the first time in its 15-season run, this reality series/social experiment turns its focus on the West Coast, as 10 singles from the San Diego, Calif., area prepare to take the plunge and marry a complete stranger. The season opens with "So Ready in SoCal," a three-hour premiere that introduces those cast members, who have just two weeks to prepare before they meet their stranger-spouses at the altar, where they take their vows in a legally binding ceremony.

9:30 p.m. on CBS The Challenge: USA

This special edition of a global reality show franchise pits 28 fan favorites from some of CBS' biggest competition shows - "Survivor." "The Amazing Race," "Big Brother" and "Love Island" — against each other in a series of grueling tests, both physical and mental. In tonight's 90-minute premiere, the players all are given \$1,000 to start their individual challenge account, but they must win challenges or eliminate another player to add to that sum. In each episode, an algorithm pairs each twosome to square off in that challenge. T.J. Lavin is the host.
