# tonight's best

Andrew W. Walker

### 6:30 p.m. on WTBS Movie: The Wizard of Oz

The memories! The colors! Toto, too! Almost every child knows the story of Dorothy and her faithful dog blown by a twister to the magical land of Oz. Judy Garland gives an iconic performance as Dorothy in this 1939 classic adaptation of L. Frank Baum's book. She and Toto follow the yellow brick road, making friends with an unlikely trio along the way. Ray Bolger, Bert Lahr, Jack Haley, Margaret Hamilton and Frank Morgan co-star.

#### 8 p.m. on HALL Movie: Three Wise Men and a Baby

Three brothers are surprised when they find themselves forced to care for a baby during the holidays. But during the journey they begin to repair their relationships as brothers while rediscovering their love for Christmas in this 2022 comedy. Stars include Tyler Hynes, Margaret Colin, Andrew W. Walker, Paul Campbell, Felicia Simone, Matt Hamilton and Paul Almeida.

# 8 p.m. on LIFE Movie: Santa Bootcamp

When event planner Emily Strauss (Emily Kinney) is hired by mall magnate Ed Mancini (Patrick Cassidy) to stage the ultimate Christmas Gala for his most important investors, she finds herself being sent to Santa Bootcamp in order to find the perfect Santa — and for inspiration she will need to make the evening a success. While there, Emily meets Belle (Rita Moreno), the bootcamp's drill sergeant, who helps Emily rediscover the magic of Christmas and find romance along the way in this 2022 holiday movie.

## 8 p.m. on HBO The 2022 Rock & Roll Hall of Fame Induction Ceremony

This year's inductees include the likes of Pat Benatar and Neil Giraldo, Duran Duran, Eminem, Eurythmics, Dolly Parton, Lionel Richie and Carly Simon. Meanwhile, Judas Priest and Jimmy Jam & Terry Lewis are inducted for Musical Experience; Harry Belafonte and Elizabeth Cotten for Early Influence; and Allen Grubman, Jimmy Iovine and Sylvia Robinson for the Ahmet Ertegun Award.

## 8 p.m. on BBCA Life in Color With David Attenborough

David Attenborough travels the globe to show humans nature in a way it has never been seen before. Thanks to new camera technology, the series premiere episode "Seeing in Color," reveals colors that are invisible to the human eye. It also explores how color is a part of communication, how it is used by animals to attract attention, win a mate or even fight enemies, by creating messages we are incapable of perceiving by the naked eye.
