\$100,000 Damage to Highways

During the recent high water approximately 20,000 yards of earth was washed down upon the Roseburg-Myrtle Point highway, doing thousands of dollars in damage. It will require several months to put the road in condition. Highway Engineer Chandler, in charge of Coos and Curry county work now in progress under the direction of the state highway commission, made a trip over this road a short time before the heavy rainfall and told the Daily News that at that time it was practically impassable even to pedestrians. Many times he and his companion were knee-deep in mud and mire, but notwithstanding the difficulties encountered they succeeded in riding Shank's horses through, but—never again.
It is estimated by State Engineer Nunn that Oregon highways have been damaged thus far this winter to an extent of fully \$100,000, the greatest injury having come to the two Columbia highways.

Entertained Tuesday Evening

Mr. and Mrs. Nick Johnson entertained a company of about twenty Tuesday evening at their home on Second street. Cards were the diversion of the evening. Mr. and Mrs. Bert Folsom carrying off the honors for high score, the latter receiving pretty salt and pepper shakers, and the former a box of candy. Mrs. C. S. Tuttle and W. G. Wright were awarded the booby honors.

A most enjoyable evening was spent by the guests and at its close a dainty two-course luncheon was served by the hostess. Those present were Messrs. and Mesdames Chas. Evland, Clarence Tuttle, Bert Folsom, J. L. Smith, Z. C. Strang, W. G. Wright, N. N. Neiman and H. A. Young, Mesdames W. J. Longston, J. E. Paulson and Miss Zelma Strang. Mrs. Johnson was assisted in serving by Miss Katherine Colombo.

"500" Party at Mrs. Low's

Mrs. G. E. Low and Mrs. H. C. Getz entertained very pleasantly with five tables of "500" yesterday at the home of the former on east First street. Mrs. W. J. Longston had high score for the afternoon and was awarded a box of stationery as first prize. Mrs. T. B. Currie was consoled with a deck of cards. A delectable two-course luncheon was served at the conclusion of the afternoon's play.

At Work on 1920 Income Tax

Work has begun on the collection of the income tax for 1920. Uncle Sam, through the Bureau of Internal Revenue, is addressing to every person in the United States the question, "What was your net income for 1920?" The answer permits of no guesswork. Every single person whose net income for 1920 was \$1,000 or more and every married pair whose net income was \$2,000 or more is required to file a return under oath with the collector of internal revenue for the district in which he lives on or before March 15, 1921. The penalty for failure is a fine of not more than \$10,000 or not exceeding one year's imprisonment, or both together with cost of prosecution. A similar penalty is provided for making a false or fraudulent return, together with an additional assessment of 50 per cent of the amount of tax evaded.

Miss Doris Peoples Married

The following from a San Francisco paper will be of interest to many people here where the bride's family used to reside and where she was at one time one of the most promising of our high school students:
The holiday week brought forth two interesting weddings, one, that of Miss Doris Peoples and Curtis Hall Montgomery, taking place yesterday afternoon at St. Mark's church in Berkeley.

The bride, who is the daughter of Mr. and Mrs. George E. Peoples in Bancroft way, was gowned in lace made over white charmeuse, with tulle veil caught with orange blossoms. A shower bouquet of butterfly orchids and gardenias completed the costume.

The maid of honor was Miss Elsie Peoples, sister of the bride. She was frocked in pink net. The bridesmaids were Miss Margaret Montgomery and Miss Josephine Peoples. Both were frocked in pink and carried old-fashioned ruffled bouquets.

Laurence Christie, college associate of Montgomery, was best man. The couple will make their future home in Los Angeles.

The bride was one of the most prominent young women of the University campus, being a member of Delta Delta Delta sorority, Woman's editor of the "Daily Californian," member of the English Club, Torch and Shield, Istyc Society and active in student affairs.

Myrtle Point Water Situation

Coquille is not the only city in which the question of water supply is an urgent one, which it is very important should be settled right. In its report of last week's meeting of the Myrtle Point council, the American says:

"The matter of improvements to the water system came up for informal discussion and the point was raised whether it might not be a good idea to carry the pipe line on out to the Middle Fork for the intake and be able to use the water without a filtration or purifying plant. It was also thought that pressure enough might be secured to carry the water to the people on the bench in the south and west part of town without a pumping plant thus leaving the present system to be drawn on by those in the higher elevations and if found necessary a pumping plant could be used to force water into the reservoir."

Robert Banks, E. E. Straw and Peter Loggie, who were elected last November, qualified as members.

Why Coos County Roads Should Not Be Improved

1. The bad roads broaden a person's character for they help him to use patience.
2. They increase the number of Fords in the county because Fords are the only known cars which are able to run on their reputation without the use of roads.
3. They make better trade for the merchant on account of their effect on the tires and other parts of the cars. The roads, especially in winter, give a rural and rustic effect to the surrounding country, which creates a charming result.—H. S. Girl.
