Are YOU One With Us?

One million, five hundred thousand farmers are united in a common cause through the American Farm Bureau Federation. They represent fifteen billion dollars' worth of our national wealth. That is more than the value of all the gold the world has produced in the last sixty years.

These are stupendous figures. Yet the impressive fact is not the size of the figures themselves, but the power they signify. The thoughts, the voices, the strength of one-fourth of the country's farmers joined in a single cause—farm progress! It is a tremendous force for good.
