

# LIBERTY THEATRE

From Monday, Feb. 14, to Sunday, Feb. 20

MONDAY, FEBRUARY 14—One day only

Miss Murray and David Powell in "ON WITH THE DANCE"

From the great Stage Sensation. A Paramount Special. A romance of love and home, and of pleasure's pace that kills. Sensational scenes in an after hour Jazz Palace. Honest Plodder, he had married a butterfly wife. The pleasures, the luxuries she craved, were not in his power to give. But another man was rich—willing to spend on a pretty woman who would play his game. Her answer was, "On With the Dance." Come and see what happened, a picture with all the color of Broadway's wildest revels, yet near the hearth of the simplest home. Every scene a sensation and every sensation a revelation.

Max Sennett Comedy

Everybody knows these comedies and you are assured something good whenever the name Sennett appears.

TUESDAY, FEBRUARY 15th

Coquille Post No. 36 of the American Legion will present their 4th Lyceum number "BUCKNER'S MINSTRELS"

The biggest and best number ever offered in a Lyceum course in this section.

WEDNESDAY, FEBRUARY 16th—Harry Carey in "BLUE STREAK McCOY"

A Universal picture

Humor, pathos and stirring action mixed in a virile story of the mine fields. Realistic mining and desert back grounds for some of the scenes. Harry Carey's rough-riding Cowboys in the role of Border Rangers. The cast includes two of the cleverest children on the screen—Bessie Eason and Bonnie Alexander. A sassy boy who turns out to be a man's man. See him develop from a "yellow streak" kid to a "Blue Streak" man.

Marie Walcamp in "THE DRAGON'S NET" Episode No. 5

A corking good serial photographed on three continents. Something doing every minute.

THURSDAY AND FRIDAY, FEBRUARY 17th and 18th

Douglas Mac Lean and Doris May in "WHAT'S YOUR HUSBAND DOING?"

A Paramount Picture

Their first picture "23 1/2 Hours Leave" was a riot! Hailed by the press and public as the "Best Comedy of the Year." This, their second, is funnier than their first! A naughty Cop had pinched the house. Honeyzuckle Inn had fallen. It's scandalous joys were ended. The Pleasantville Jail was full for the first time in seven years—full of frantic wives and trembling husbands. In the morning—from one cell came Hubby. From another cell—Wife. Ye Gods, what recognition! If you love to laugh see this one.

"PARAMOUNT MAGAZINE"

A Pathé Comedy—"ALL IN A DAY"

SATURDAY, FEBRUARY 19th—May Allison in "THE CHEATER" a Metro Picture

A fascinating romance that challenges thought. Can faith perform miracles? Can it heal the sick? Lily Meany pretended that it could—then she learned that it did. Altho she, herself, was a cheater. She cheated the man—she cheated herself—she cheated the world. A compelling drama of vivid high lights and mysterious shadows, in which mind masters matter and miracles are done. If you want to be instructed and thrilled, see this most vivid photodrama.

"PASS THE APPLES EVE" a Supreme Comedy

"PATHE NEWS"

SUNDAY, FEBRUARY 20th—Bebe Daniels in "OH LADY, LADY"

From the Musical Comedy Success

May Barber tries to help her old beau out of trouble on the eve of his marriage, when she learns that another woman is trying to break up the match. Unfortunately, she mistakes the right girl for the wrong girl and successfully breaks off the romance, and her own into the bargain! And it takes three reels of side-splitting fun to get everything straightened out again. You can count on Bebe Daniels, Harrison Ford and Walter Hiers, the fat one, to make this a hit.

Johnny Hines in "TORCHY COMES THROUGH"

A Comedy adapted from the famous Torchy Stories by Sewell Ford.

## Legion's Vigorous Protest

Whereas, That Coquille Post No. 36 American Legion in regular session assembled on Feb. 1, 1921, does protest at the article in the Coquille Valley Sentinel of Jan. 28, 1921, printed over the name of R. A. Easton, referring to the proposed Oregon Bonus Bill for ex-service men, containing those words: "It does not make any difference how you word it, it is all the same, change one letter and bonus patriotism is bogus patriotism."

Whereas, this statement is only complimentary of what veterans have suspected. This shot of patriotic sophistry fired against the compensation proposal comes from only thinly held outposts. The real opponents are entrenched in deeper positions along a dollar and cents line, in front of which they have been industriously placing legislative barbed wire in anticipation of the battles to come. Along that line are the pillboxes of profiteers. One may at least concede the courage of a man who states frankly that he opposes adjusted payment to service men because it will cost him \$2,000. But who will concede anything to such a man, enriched by war profits, who prates of putting a price on patriotism as he labors to deny just compensation to men who served their country for \$30 a month?

Whereas, would it not be to this country's gain if it enabled thousands of veterans to get homes of their own; if it gave them capital for the purchase of farms that would enable them to become real producers?

Why do they shudder then, at the mention of payments to men who helped keep their dollars at the top of the world's monetary units?

Resolved, that we the members of Coquille Post No. 36 American Legion, Department of Oregon, ask the consideration of these facts and also that the millennium has not arrived and that the need of the ex-service men has not passed, be it therefore,

Resolved, that a copy of this resolution be spread on the minutes and a copy mailed to R. A. Easton, The American Legion Weekly, The Pacific Legion and the Coquille Valley Sentinel, as it earnestly hoped that this resolution will accomplish the purpose intended for it, that it will bring to the people a realization of the responsibility—and privilege—of making prompt and adequate provision to its service men.—Coquille Post No. 36 American Legion, Department of Oregon, Walter F. Oerding, Commander, E. F. Faustman, Adjutant.

## Legion Clears \$72 at Marshfield

The total receipts of the Slippery Gulch entertainment given by the American Legion at Marshfield last week were \$380, and the expenses, \$236, which left net profit of \$144, of which the Legion received \$72. The money will go to the fund for a public playground for children.

## Weather on the Coquille

According to the Bandon World the rainfall at the mouth of the Coquille, where Capt. O. Wiren, the observer for the U. S. Weather Bureau, has kept the records for a good many years, show for the past six years an average of 50.63 inches per year, which is ten inches less than the Coquille figures which are generally accepted, although we cannot state how they are arrived at. At McKinley, which is nearly twice as far from the ocean as Coquille, the figure is 67 inches and on the western slopes of the coast range it is no doubt considerably higher than that.

The Bandon figures show that September, October and December, 1920, were the wettest months of that name in the six years, though, in November, 1915, there was 12.78 inches rainfall, while the next highest November in that time gave 7.22 inches in 1916. The average July there has given less than an inch (89-100) of rain. August has been bone dry for two years of the six and has only averaged two tenths of an inch. Those are the two months in which Oregon people bank on fair weather.

Last year, there were four months with less than an inch of rain, February and May in addition to the regular dry months. February, which furnished only .63 inches in 1919 and ranged between 4 and 9 inches the other four years.

The World iconically observes that "Local weather profits (sic) may gain some valuable information by studying the following table," of the Bandon rainfall for the past six years, which we reproduce:

	1915	1916	1917	1918	1919	1920
January	7.72	10.68	4.76	5.56	10.49	4.72
February	5.36	9.87	4.40	8.71	11.98	.63
March	3.76	12.49	7.20	5.14	6.62	5.60
April	2.26	3.61	5.89	1.90	6.00	5.53
May	4.36	3.40	2.66	.96	3.01	.79
June	.82	2.45	.58	.00	1.10	2.78
July	.96	2.19	.13	.59	1.10	.37
August	.00	.23	.00	.52	.11	.36
September	.47	.72	2.40	1.96	3.64	4.90

December	9.60	5.98	7.38	7.07	9.61	11.29
Total inches	49.90	59.85	42.79	59.77	61.56	60.43
Average annual rainfall over period of six years	50.63					

## SCHOOL NOTES

The visitors this week were Mrs. Lowry, Mrs. Watson, Mrs. McClellan and Mrs. Smith.

Our work has run toward valentines and preparation for a patriotic program. This month is a very enjoyable one for the school children for they especially delight in valentine making and patriotic songs and exercises, mostly concerning Lincoln's and Washington's lives.

### Big Ranch Changes Hands

A deal was closed at Marshfield Tuesday whereby E. E. Boutin and wife and James Sues and wife disposed of the former Sierstrem ranch, which they owned jointly, to Freeman Otterstrom and John Velow.

The property consists of about 248 acres on North Lake. With it goes the complete ranch equipment, including forty-three milch cows and other livestock and implements.

Mr. and Mrs. Boutin are going to locate on a dairy ranch in Tillamook county.

The Sentinel and the Oregon Farmer can still be obtained for \$2.15 for one year.

## Will Improve Bandon Road

At its meeting last week, the County Court was visited by about forty Bandon boosters, who came up here Wednesday to see if something could not be done for the road from Bandon to Bear Creek, a distance of 4 or 5 miles, where, owing to the disintegration of the plank road put down eight or nine years ago the road is in very bad condition.

The location has been fixed for a new road across the sandy country here which will be considerably shorter and on which the maximum grade will be only 5 per cent. For about three-eighths of a mile east from the Bandon city limits, the road is already on the new line, and there it is proposed to put down a double track plank road as a temporary resort until the state or the county provides a permanent roadway. The rest of the way the old road will be made available for a couple of years to come by the building of a single track plank road with frequent turnouts. These improvements are expected. Judge Wade tells us, to cost from \$1000 to \$1500 for material, the Bandon people furnishing the labor for the work. This program is contingent on the improvement of Second street to the city limits.

Meanwhile, the work of constructing a permanent rock road on the new line to Bear Creek will be begun, and it is hoped to complete it within two years, during which time the old road will have to be used exclusively.

The petition for repairing the old road, presented by J. W. Mast, the spokesman of the Bandon people, contained several hundred names and the court promises early action on the work.

## Reported Married in California

The Myrtle Point American says that reports are current to the effect that Olan Perkins and Miss Laura Knight had been married at Yreka, Calif., but the reports have not been officially confirmed. Miss Knight had gone to Montague for a visit with relatives and Mr. Perkins left for that part of California the first of that week, and many friends of the couple are taking it for granted and expect to give them a rousing reception when they return, although none of them seem to know when that will be. It is expected that they will probably visit Mrs. Perkins, sr.'s mother and sisters at San Miguel before they return.
