WEDNESDAY, MARCH 16th

Frank Mayo in "TIGER TRUE"  
With Fritze Brunette Playing the leading Feminine Role. Story by Max Brand. Tells how a young scion of wealth whose tastes run to tangled jungles rather than polished dance floors becomes "BOUNCER" in a soup kitchen that is the hangout of vagabonds, crooks and down-and-outs. How "Tiger True" cleaned up on the Baboon, a mysterious crook of superman strength who terrified the district. You will see Al Kaufman who was at one time one of the most promising heavyweights in the ring in fist-fight with Tiger True which occurs in one of the scenes. If action is what you like you will see plenty of it in this picture.

AND  
Marie Walcamp in "THE DRAGON'S NET" The 9th Episode

**An Old Soldier Passes**  
William Rohm, of Riverton, one of the oldest and most widely known citizens of that section, died Tuesday morning, as the result of a stroke of paralysis he had suffered on Wednesday of last week.  
The funeral services took place yesterday at 1 p. m. at the Killingsen chapel, under the auspices of the L. O. O. F. The religious services there were conducted by Rev. A. B. Pendleton; and the interment was in the Odd Fellows cemetery.

Mr. Rohm was born in Germany April 4, 1846, and was 75 years, 11 months and 4 days of age at the time of his death. He emigrated to this country in 1871, coming directly to Coos county, where he settled on a farm near Myrtle Point. Later he sold his farm and engaged in the mercantile business at that place. When he retired from business he moved to Riverton, where he has since resided.

He was united in marriage on September 17th, 1900, to Mary F. Faugh, who survives him. He also has a nephew, Harry Rohm, living at North Bend, and several nephews and nieces living in Germany.

Mr. Rohm was well known in Coos county, and especially among the old pioneers who held him in high esteem as an honest, upright citizen. He leaves many friends and neighbors who mourn his passing. Was a member of Coquille Lodge of the Independent order of Odd Fellows having joined that order in its infancy.

**The Deputy Assessors**  
Assessor J. P. Beyers announces that he will personally assess property in the towns of Powers, Coquille and probably all of Myrtle Point, in addition to supervising the balance. He has named the following deputies for the rest of the county:  
L. Lando, for city of Marshfield.  
C. H. Worrell for city of North Bend, Empire and south.  
L. D. Smith, off Coos river, Catching Inlet and Ross Inlet.  
C. B. Zeak, for city of Bandon.  
A. C. Paull, for district between Bandon and Curry county line.  
C. A. Schroeder, for Coquille valley from Coquille to Bandon.  
H. C. Guerin, for South Fork and Middle Fork of Coquille.  
Arthur Brown for East Fork and North Fork of Coquille.

The deputy assessors will assess only personal property, the realty being simply equalized in the assessor's office. Parties having protest against their assessments can notify deputies or better still, take it up direct with the assessor's office.

**Knock Down Fight**  
A fight in the Coquille Cafe last Tuesday afternoon resulted in one man being laid out cold for about ten minutes and a fine of \$10 being assessed against him and his conqueror in the Recorder's court. Harry Chadwick and Chas. Lewis, a Canadian, had been drinking together, and had finally traded shoes that the former might display his ability as a buccaro. They then went into the restaurant where Lewis made derogatory remarks about Chadwick and on being told to cut it out, said he had a notion to poke him between the eyes. Being advised not to spoil a good notion he swung and Chadwick retaliated with the blow over the left eye that knocked him out. Chadwick was then endeavoring to exchange shoes again when the police came in and arrested them. The return of each man's shoes to the proper owner was not effected until after their confab with the recorder.

**Woman's Missionary Society**  
The Woman's Federated Missionary Society will meet at the home of Mrs. M. O. Hawkins next Thursday afternoon at 2:30.  
China is the study taken up by the society this year and many interesting things concerning the condition and needs of this country are being brought out. The terrible conditions existing just now in this famine-stricken land brings things forcibly to our attention.  
Anyone interested in the mission program Thursday afternoon will be cordially welcomed.

It's like picking up money in the street to get the Oregon Farmer every week for a year at only 15 cents when subscribing for the Sentinel.

**PEARL OIL**  
KEROSENE  
heat & light  
The most economical fuel for stoves, heaters & lamps  
STANDARD OIL COMPANY  
(CALIFORNIA)

**Minstrel Show a Fine One**  
The D. O. K. K. Minstrel Show at the Liberty Theatre was very well patronized, most of the seats down stairs being occupied and with a fair audience in the gallery. The house was about the same in point of attendance as that in the company's home town of North Bend. The receipts were \$208, and after paying the \$78 travelling expense and supper for the troupe, \$72 for the theatre, freight on their scenery and costumes, local advertising, etc., there will be left upwards of \$50 which will be split 50-50 between the company and the Corn Show pavilion fund.

The performance was a very creditable one, the number receiving the greatest applause being that of Ernest Fairall on the accordion. He was called back repeatedly and seemed to be entitled to the title by which was introduced, "Champion accordion player of the Pacific coast."

Another hit was the song by Evan Hodson, "If I could find the man that made the country dry."  
Many of the jokes by the end men were of a local nature, the query, "Why did they put the school house so far out of town?" appearing to make quite a hit with high school students.

The singing all the way through was good and gave evidence of much practice.  
Deacon Johnson's sermon entitled "Why Adam and Eve Turned White," was a very faithful reproduction of a colored parson's preaching.  
Before the show the crowd on the street was enlivened by watching the antics of the special D. O. K. K. police and patrol wagon which filled the wooden jail at the intersection of Taylor and Second streets with a motley array of prominent citizens. A framed-up fight between Jim Jenkins and Frank Fish wound up the street activities as it was finished at the door of the theatre.

**Woman's Club Notes**  
The Woman's Club held its regular meeting Tuesday evening at the Rest Room. The club is very much interested at this time in the "clean-up" campaign and a committee was appointed to visit the City Council to offer the co-operation of the club, and to learn if some immediate action could be taken in the case of the more conspicuous spots, especially in the down town district. It is the desire of the club to have this work begun early enough to allow for planting and beautifying as well, so that by summer our town may present an appearance in keeping with our advancement in other lines.

An enthusiastic report was given by the committee in charge of the bath-house project. Mrs. Hamilton has secured an estimate for a floating bath house of fourteen dressing rooms which can be built for approximately \$150. It was decided to raise the money by subscription and as so many are interested in having his much needed convenience, no difficulty is anticipated in raising the necessary funds. Mrs. Hamilton, Mrs. Lamb and Mrs. Hazard were appointed a permanent committee to make further plans and will be glad to receive suggestions and aid from anyone interested.

After the business meeting an informal program on the history of Oregon was enjoyed by those present.  
Visitors are welcome to the club meetings which are held the second and fourth Tuesday of each month.

**O. A. C. Glee Club Coming**  
The O. A. C. Glee Club has been secured to give an entertainment here under the auspices of the public schools, on Tuesday, March 22. The following are press comments on the showing of this organization:  
Portland Oregonian (Nov. 18, 1920):—"The O. A. C. Glee Club has just returned from Washington State College where they made a real 'hit' in a joint concert with the W. S. G. Club, according to reports from Pullman."

Enterprise Record Chieftan (March 4, 1920):—"The club is a well balanced, tuneful organization. The ensemble work was marked by smooth tone quality and thoughtful expression."  
"The second part of the program developed many stars. In fact few glee clubs carry as many clever specialists as are to be found in the O. A. C. club."

**Engineer Nunn Interviewed**  
In an interview with State Highway Engineer Nunn the Roseburg News-Review quotes him as follows: "In regard to the Roseburg-Coos Bay highway he is unable to make any definite announcements at this time. The commission has announced its intention of graveling the section between Camas Valley and Remote, a 16 mile stretch which has already been graded. The commission favors the completion of the work on this highway but the engineer says he is unable to state exactly the amount of work to be done this year."
