### NO WONDER THEY LAUGHED

American Soldier in Paris Had Made a Small Mistake in Copying the Street Name.

During the war, while I was on leave of absence in Paris, relates a returned soldier, I decided to take a walk alone. I thought it advisable to copy down the name of the street in which I was staying, so I wrote down some words printed on the sidewalk.

When I was ready to return I found that I could not locate the street where my hotel was, so I approached a woman, showed her what I had written in my book, and tried to learn from her where the place was. She laughed and said something in French, which, of course, I did not understand, and passed on. A number of times I did the same thing, and every one I stopped laughed, and passed on until a man said in English, "What is it you want?"

"Delighted to find that I had discovered one person who spoke English, I said, 'That is the name of the street where I am staying, and I am lost. Will you please direct me?'"

"You haven't written down a street name," said the man, "but post no bills."

### Skidding is Overcome.

Attention is called in a circular report from Sydney, Australia, to a new invention of a front-drive vehicle which entirely prevents skidding. A test over 10,000 miles of rough road has been made. It is claimed, with no signs of wear. The front wheels are pivoted in the center, which enables the steering of the car with much greater ease than in the rear-wheel-driven machine. The device is now attached to an old worn British car which, prior to the attachment of the device, weighed 32 cwt., with a speed of thirty-eight miles an hour traveling fifteen miles on one gallon of gasoline. After alteration and application of the front drive device, the car weighs 35 cwt., has a speed of forty-five miles an hour and will go seventeen and one-half miles on a single gallon of gasoline.

### Tuberculosis in France.

That of 368 antituberculosis dispensaries in France only ten per cent are situated in Paris was hailed as a "happy omen" at the second international conference. Only a few organizations were actively engaged in antituberculosis work in France before the war. Today, largely through the activity of the Rockefeller Foundation, in addition to the dispensaries mentioned, there are 10,000 sanitarium beds for tuberculous patients; many hospitals have provided isolation wards; the boarding out of anaemic children in rural homes has been organized on a large scale, and there is national co-operation of all the agencies concerned.

### PUT ONE OVER ON BUTCHER

Incident Proves That Art of Shopping Has Not Been Altogether Thrown in Discard.

A dignified-looking woman stepped up to a showcase in the meat market, and after she had bought several pieces of meat, she asked: "Have you any shinbone that I could use for soup stock?" "Just the thing," responded the obliging clerk as he took up a long shinbone and knuckle and balanced it on his left hand.

"What is it worth?" asked the woman.  
"Just a half-dollar," said he.  
"It is such a large piece, would you mind cutting it at the joint?"  
"Sure, I will," he replied.  
After cutting off the large knuckle he again balanced the long, slim shinbone on his hand and said:  
"You may have this for 40 cents."  
The woman looked at the piece for a moment, then at the knuckle and said:  
"Is that piece you cut off worth only 10 cents?"  
The clerk hesitatingly replied:  
"Yes, madam."  
"All right," said the woman, "I'll take that knuckle."  
The clerk waited a moment, looked at the woman, then actually laughed aloud. But he was game and willingly wrapped up the 10-cent soup bone.

### COOS COUNTY, OREGON.

#### FOLKS' ANNUAL PICNIC

Former Residents Here Now in San Joaquin Valley Have Big Gathering

(By C. Milton Schulz)

Those who were not on the inside will be glad to learn that the weather man performed that high fog and cool weather stunt on Sunday, April 3rd, just to make the Oregon picnic at Mooney park, Tulare county, California, just that much more realistic. The facts as of history now are that some weeks ago, Mrs. C. E. Broadbent, of Lindsay, Mrs. T. W. McCloskey, of Corcoran, and Mrs. J. L. Lester, of Pixley, constituted themselves a committee and through letter and notices in the press got in touch with as many as possible of former residents of Coos county, Oregon, inviting them to participate in the first annual Coos county picnic to be held at Mooney park on Sunday, April 3, 1921. In response to these personal and general invitations, close to one hundred men, women and children enjoyed this reunion, a feature of which was a big Oregon basket dinner—the touch of Oregon being put into the meal by Oregon apples and Oregon blackberry pie that we all like so well.

As guest of honor on the occasion was Mrs. Fannie Dixon, of Los Angeles, who is visiting friends in the San Joaquin. Mrs. Dixon is one of the leading spirits in the annual gatherings of former Coos county residents living south of Tehachepi's top.

Another honored guest was Elder Thomas Barklow, of Myrtle Point, Oregon, who is sojourning in California. Uncle Tommy, as he is familiarly known, enjoyed immensely telling friends here how friends we left behind were getting on in Oregon.

Those not too modest signed the "official Coos county picnic register," which was in charge of Mrs. J. L. Lester. This record shows that various San Joaquin communities were represented at the gathering by the following persons:

Bakersfield: John J. Baker, E. L. Hutchens, Mrs. Dollie (Baker) Hutchens, Press Baker, wife and family, Lester Baker, Mrs. Myrtle (Herman) Baker, Mrs. J. H. Carmichael, Mrs. Ella White, W. Ball, Mr. and Mrs. James E. Creech.  
Corcoran: Mr. and Mrs. T. W. McCloskey and son, Jasper.  
Hanford: Mr. and Mrs. W. A. Neal, Mr. and Mrs. Wilbur E. Paul and family.  
Earlimart: Oliver K. Neal.  
Lindsay: Mr. and Mrs. C. E. Broadbent and daughter, Helen.

McKittrick: Mr. and Mrs. Jim Conger, Mrs. Eva (Johnson) White, Uldine White, Virginia White, Arthur White Jr., Earlard White.  
Modesto: Mr. and Mrs. Roland Edmunds and family.  
Maricopa: Bert Johnson.  
Pixley: Mr. and Mrs. Ora E. Marsters, Kathleen Marsters, Lettie Marsters, Mr. and Mrs. J. L. Lester, Mrs. J. H. Adams, C. B. Marsters, of Curry county, Oregon.

Porterville: E. O. Carter and daughter, Hattie; C. Milton Schulz.  
Raisin: J. H. Ransier, Clara Ransier, Velma Ransier, Ira Root.  
Visalia: Mrs. Sarah Randleman and daughter, Golda, Mr. and Mrs. R. H. Armstrong, Clarence Armstrong, Hazel Armstrong, Lester Armstrong, Mr. and Mrs. R. J. Swafford and daughter, Ethel, Mr. and Mrs. Walter I. Johnson and daughter, Loanora.

Waterford: Mr. and Mrs. Alex Barklow and family.

Before the gathering dispersed at was decided to hold the second annual Coos county picnic at Mooney park on the first Sunday of May, 1922.

### RULER HAD PRACTICAL MIND

Like Our Own Politicians, Sultan Preferred Any Eventuality to Being Forgotten.

At Trengganu (Malay Peninsula) the native sultan welcomed me and I spent several days with him, telling him what was happening in the world and discussing his problems. The problems were largely financial. He owed some money, and, knowing that he had something in the treasury, I asked why he did not pay his debts. He thought for a time and then replied: "Well, I'll tell you. If I pay those people, they will forget about the sultan of Trengganu. If I don't pay them, they'll never forget me."  
The conversation turned to the subject of prisoners. On my way to the palace I had passed the cages where the prisoners were kept. Many of them were starving to death, for unless their friends or family cared for them they got no food.  
"Why don't you feed them?" I asked.  
"Why should I?" he replied. "If I feed them, my whole country will want to go to jail."—Asia Magazine.

### INDIANS ALL OF SAME RACE

Differences in Type No Greater Than Among the Whites, According to Scientist.

The American aborigines from the Hudson bay and Alaska to the southern tip of the continent are all members of the same race, according to Dr. Frederick Mosen of New York and Pasadena, said to be more familiar with the American Indian than any other white man.

Doctor Mosen declared the differences in type found in Indians of the various parts of the continent are becoming manifest among us today. He recognizes people from Maine as typical of that section of the country, and says a southerner or westerner can be easily distinguished by one familiar with the types of American people.

"The aborigines of America are all red men," Doctor Mosen said. "The Eskimos have flatter noses and oily skins, due to their diet and the climate."

He found corresponding differences among the Indians of the Eastern coast, the West, Mexico and other parts of the country, but other indications prove the distinguishing characteristics were the product of food, environment and methods of living.

Mentioning the treatment the red men have received from the whites, Doctor Mosen said: "The Pilgrims departed on Plymouth rock and fell upon their knees. Then they fell upon the aborigines and we've been falling on them ever since."
