August 2200 Visitors  
The thousand visitors are expected at Bandon for the Fourth Jubilee to be held for the third time, July 22, 23 and 24 and not only the E. P. Lodge there but all the citizens of Bandon are making preparations to entertain the crowd.

In an article concerning the Jubilee, the Western World last week said:

Attention is called to the fact that advertising matter is going forth to all the towns of Oregon, Washington and California; that a special train leaving the B. O. K. K. of Portland with a 60-piece band will come to Coquille en route here; that tourist cars by the hundreds are expected to flock in on the opening day and that a total of between three and five thousand visitors will have to be accommodated for three days. These facts indicate what must be expected from the community.

Application is also being made to the State Highway commission to have the new Roseburg road opened for a period sufficient to accommodate the travel to and from Roseburg for the Jubilee. While this is being done it is reported that the road would be opened at any rate by July 10th for the balance of the season. The latter report was brought from Myrtle Point Tuesday from C. F. Page.

To put the Jubilee on its proper scale will require considerable financial support from the community. While the Ave K. P. Lodge in the county have offered their support it is expected that in view of the great advertising value accruing from the visit here of thousands of outsiders the citizens of the community should contribute liberally to the support of the event.

If you like to laugh don't miss seeing Harold Lloyd in "NUMBER PLEASE!" A Tele-fun comedy at the Liberty Saturday, July 15th. See the Ad. on page seven.

Dr. Endicott Sells Practice  
Last Friday afternoon Dr. C. A. Reitzman, of Portland, came down to take over the good will, office equipment and dental business of Dr. C. W. Endicott. The deal, which had been pending for some time, was completed last week. Dr. Reitzman comes here highly recommended and Dr. Endicott says that from what he has heard and seen of Dr. Reitzman he believes he will be a decided acquisition to Coquille's professional circle.

Dr. Endicott has remained here this week helping introduce his successor, but intends to now locate permanently over on the bay and in a few months will open an office there. Coquille regrets to lose a man of Dr. Endicott's standing and professional ability but we wish him success in his new location.

Employers Must Pay  
At a called meeting of Employers held at the U. S. Employment office, Saturday, July 2nd, 1921, it was resolved and agreed by the Employers of Labor present, that the following rule be at once placed in operation for the purpose of obtaining funds to continue the office as a Free Employment Agency.

To Employers who have contributed regularly to the maintenance of the office, conditions shall remain as heretofore, but to the Employers who had not contributed, and ask the office to supply them with labor, a charge will be made of an amount equal to one half day's pay for the labor furnished. It being the wish of the Employers of Labor to continue the office as a free Employment Service under the direction of the U. S. Department of Labor.
