Mining Boom Coming

Jas. H. Howe, formerly one of the publishers of the Western World, has disposed of part of his mining holdings in Nevada and has gone to California for a few months. He writes that there is apparently quite a mining boom coming to the coast as considerable property is beginning to change hands. Mr. Howe, for a time operated a silver mine near Laveck, Nevada, and still has several good claims in that vicinity. — Bandon World.

COALEDO DRAINAGE DISTRICT NO. 11, COOS COUNTY, OREGON

Notice is hereby given that there will be a meeting of the owners of land in the Coaledo Drainage District No. 11, held at the City Hall in Coquille, Coos County, Oregon, at the hour of 1:30 P. M. in the afternoon of Saturday, the 10th day of September, 1921, for the purpose of electing one Supervisor for said Drainage District, who shall hold his office for a period of three years and until his successor is elected and qualified; and for the transaction of such other business as may lawfully come before the meeting.

Dated this 2nd day of September, 1921.

Fred Coleman,
William Grow,
Mary M. Handeman,
Supervisors.

NOTICE TO CONTRACTORS

Bids will be received by the Supervisors of Coaledo Drainage District No. 11, of Coos County, Oregon, at the office of C. E. Barrow, Coquille, Oregon, till the hour of ten o'clock A. M., Sept. 15th, 1921, for the excavation of Beaver Slough channel, commencing at the borrow pit of the new North Bank County Road and running northward along the present channel of Beaver Slough to a point opposite the S. F. Railroad Station at Coaledo. Said channel to be excavated to a width of twenty-six feet and a depth of three feet at ordinary low water, the dredgings to be deposited in approximately equal amount on each side of said channel in the form of a continuous dyke on each side, no part of which shall be placed nearer than ten feet to the excavated bank of the new channel. All work is to be done under the supervision and instruction of the Engineer of Drainage district No. 11.

The total distance to be excavated is approximately 6,000 lineal feet of channel and the total yardage is approximately 21,000 cubic yards. Bids will be received by the cubic yard, by the hour, or by the lump sum. All slushing will be completed before the dredging reaches the vicinity.

The Supervisors reserve the right to reject any or all bids. All bids must be accompanied by a certified check payable to the treasurer of Coaledo Drainage District No. 11 in the amount of not less than \$100.00, the same to be forfeited in case the successful bidder fails to enter into contract with the district, within a reasonable time after being notified to do so.

Dated this 2nd day of Sept. 1921.

Fred Coleman,
William Grow,
Mary M. Handeman,
Supervisors.

Page Goes to Honolulu

Mr. and Mrs. C. F. Page left Friday in their car on route to San Francisco from where they will call for Honolulu. Mr. Page, who had been superintendent of the local division of the Sperry Flour Co. for a number of years, recently resigned to accept a position with an outside firm in South America. However, his plans did not materialize while in the meantime the Sperry people had a vacancy in the Hawaiian Islands and offered him the position.

Two hundred and fifty boys are sleeping on the stone floor of the stables in Derindje, who until the sinking of Bardagan on June 23, five weeks ago, were inmates of our orphanage here. They were rushed out on only a few hours' notice. At Derindje I found a shack 8 by 12 made from packing boxes, some filled with Oregon clothes, while another box bearing an Oregon name was used as a head box. The shack is used as sleeping quarters for five people. Two years of war have laid this land prostrate. Never was suffering and need so great. I shudder to think of what the winter will mean. The winter is coming" seems to be a terror in the hearts of our relief workers. I just talked with Dr. Maynard from the Caucasus and he says that last winter they never had heat in the orphanages and only part of the time did they have food for cooking. We leave at 4 P. M. today for the

Capt. Tibbets Injured

Capt. A. D. Tibbets, of the steamer Curacao, is laid up at Bureka, Calif., with a broken collar bone and dislocated shoulder, which he sustained while taking an auto ride in Humboldt county last week. His brother, Capt. Joe Tibbets, was instantly killed and their mother badly injured. Whether it was a result of Capt. Tibbets' absence, of course we cannot say, but when the Curacao arrived at Astoria the first of the week she ran amuck, refused to obey the signals and smashed into the vessel lying at the dock there, damaging them to the extent of \$1,000 each. The Curacao was not injured.

Death of Gen. E. Clark

George East Clark died at the home of his daughter, Mrs. C. L. Willey, in the east part of town last Friday evening at 9 o'clock, at the age of 84 years. The funeral was held Sunday at 2 p. m. at the Ellingson Chapel, the interment being in the Massie cemetery.

Mr. Clark was born in Byrnes, N. Y., and had spent the greater portion of his life in the state of Ohio and in Brooklyn, N. Y. About five years ago he came to Coquille in search of his daughter whom he had not seen since she was a year old. He had advertised in the east for her and finally traced her to Coquille whence she and Mr. Willey had come some ten years ago. After visiting here for a time he had returned to Brooklyn and remained there until stricken with paralysis a year ago. As soon as he was able to travel he came back here and Mrs. Willey has cared for him since. The immediate cause of his death was heart failure, but he had never recovered from the paralytic stroke.

Besides Mrs. Willey, the deceased leaves a sister in Ohio and a nephew in Wenatchee, Wash.
