SUNDAY, JANUARY 1

"SOMEONE IN THE HOUSE"

From the Stage Play by the Same Name

This is a fast moving and extremely dramatic picture. It has to do with a society crook who prided himself on his dress, his manners and the fact that he always had been scrupulously unscrupulous. Wealthy Society was the prey of this polished crook of the polite under-world. A Drama of Romance, Thrills and Mystery. To Miss It Is To Miss A Thousand Thrills.

### Getting Figures on Fire Trucks

The city council has been in session twice the past week, last Friday and again, on Wednesday evening of this week, discussing the matter of purchasing and equipping a fire truck.

Friday evening, Geo. N. Battey, who had been over to North Bend to inspect the fire truck which that city owned before they purchased the La France equipment, reported that the apparatus was just the kind that Coquille wanted. He had consulted the man who built the body for the North Bend truck and he offered to build a body out of 1/4 inch sheet iron, with all the necessary hand rails, steps, etc., paint it, mount it and turn it over complete for \$480.

The price of the Oldsmobile chassis which the council has been considering purchasing is \$1215, making a total of \$1695 for the truck without the fire fighting apparatus, chemical tanks, ladders, etc. Forty gallon chemical tanks cost \$415 and the council desires to mount two on the truck.

Wednesday evening a Mr. Cohen, of Portland, was present who offered the council a completely equipped fire-fighting Oldsmobile truck for \$3200, which he claimed sold regularly for \$3950.

V. C. Gorst and Fire Chief Loomis, of North Bend, were also present, the former with a proposition to purchase a Reo speed wagon. They were to submit figures on the truck completely equipped at the regular meeting next Tuesday evening.

W. S. Graham also expects to submit a price for a Selden fire truck completely equipped at the same time. When these bids have all been submitted the council expects to decide on which is the best and cheapest proposition and make a purchase next week.

Very little other business was transacted Wednesday evening. Peart Bros. were paid \$1137.80 in full payment for the improvement on Knowlton avenue, and \$401.88 the balance due on the North end improvement.

The Continental Pipe Co. deducted \$173.20 from the amount of their bill for the inferior pipe shipped last summer and the balance of their claim, \$275.54 was paid. The company also agreed to ship 700 feet of 6 inch pipe free of charge to replace some of that already here.

### Hall Gone to Seattle

The Oregonian says: "Charles Hall, state senator for Coos and Curry, who was one of the 14 senators who voted against the fair measure at Salem last week and filibustered the bill in committee of roads and highways, of which he was chairman, is at the Benson. Senator Hall is on his way to Seattle, where he has a business engagement, and will return to Portland tomorrow. Regarding the way he voted at Salem he declares he is well satisfied and has no regrets. He managed to reach home Christmas afternoon in time to have the tree and sit in the big arm chair and distribute the presents, but after days and nights of legislative battle he was so tired that in the midst of handing out the presents he fell asleep. But, getting back to the main idea, Senator Hall still insists that he is for the 1925 fair and wants to see it held.

### New Year's Resolutions

Wait! Have you made any New Year's Resolution? NOW is the TIME to start the New Year RIGHT. Good Resolutions. Try them:

- I will attend Sunday School regularly.
- I will attempt to do good to all men.
- I will give my life to the service of God.
- I will go to Church every Sunday.
- I will urge my friends to go with me.

We will attend the People's church, The Methodist Episcopal Church of Coquille.

M. Wesley Goss, Pastor.

### Floyd Booth a Suicide

Floyd Booth, son of R. A. Booth, chairman of the Oregon state highway commission, was found dead in the basement of his father's home at Eugene, Monday morning, amid the decorations of a Christmas party given by his father.

It is believed that he committed suicide about 11:30 Sunday night. No neighbors heard the shot and no motive is assigned for suicide. If he was murdered, no motive for that is known either. The coroner is now working on the case. Mr. Booth leaves a wife and four children.

Old papers are just the things to start the fire quickly these chilly winter mornings. You can get them at the same old pre-war prices—5 cents a bundle—at the Sentinel office.

### Watching Iowa's Gravel Roads

Referring to what Senator Hall says in his speech elsewhere quoted about the way the paved roads in this state are breaking up, the following from a recent issue of the Daily Gazette, of Berkeley, California, is worth considering:

There is not a highway in the United States today that will stand up under truck traffic. No one has yet discovered how to build one that will, and, even did we know, the cost would probably be prohibitive at present. We do not know that roads which cost \$50,000 a mile will not stand up under the pounding.

Now the state of Iowa is considering building up its necessary secondary roads with gravel or macadam, purely in the farmer's interest. It does not propose to build \$50,000 roads where \$500 roads will serve. Every state in the Union will watch with interest.

### Japanese Diplomacy

The Japs clipped Uncle Sam's claws when they got a stipulation in the Pacific quadruple treaty that we shouldn't fortify anything west of Hawaii. To be able to hold a check on Japan in the Asiatic hinterland and take care of the Philippines we should have fortified Guam and the Philippines. Of course, the treaty and arms agreement renders Japanese aggression on this coast not only improbable but absolutely impossible. What Japan shall do to China, though, is left to her own sweet will, as modified by whatever agreements she may make, for we are not assuming she will violate her promises.

### Those "Two M. E. Pastors"

Mr. Editor:—The fact is there was none, as the one came from the Lutheran church, but was sent out here to Coquille as an ambassador of Jesus Christ, and, of course, was dismissed, when the M. E.'s found that out; and I don't blame them. No. 2 is a Moravian whatever that is. It is hard to say, only his name is M. Wesley Goss. He is an American soldier, who wanted to drive American Citizens out Christmas Eve, tore down the Scott's sign, let Old Glory fall on the porch, and called an American Citizen born in Iowa and an American Citizen born in Wisconsin, "Foreigners, especially crazy ones." That is for the people to judge, not me. I only say, like old Abe Lincoln, "Charity to all, malice toward none," and a Happy New Year to Coquille.

I am an adopted, devoted son of the United States. I am still an ordained clergyman, have the privilege to marry and bury and will stay in the M. E. parsonage until by bill is settled for by the stewards, and I have found a place to lay my head; also for wife and child.

Glory and praise to God, who is our strength and refuge.  
I will be at the Church of God Sunday, Jan. 1. Wife and I were glad to be with the M. E. South people last Sunday. Bro. Pendleton is a gentleman, and you have a splendid set of people in Coquille. Only Jesus, together with the Stars and Stripes rules over our beautiful city. Good morning.—J. Scott.
