

# Liberty Theatre

Oct. 15 to Oct. 21

SUNDAY AND MONDAY, OCTOBER 15 and 16

Wanda Hawley in "TOO MUCH WIFE"  
"Haven't you forgot something?" What newly wed husband doesn't remember that plaintive bleat as he was dashing off for the 8:15? And so he has to rush back for the customary kiss. Hubby was overworked at the office so wife decides to help him. Zowie! It was good-bye to Stella, the stunning stenog.

And "SNOOKY'S WILD OATS"  
Featuring Snooky the Humanzee

TUESDAY AND WEDNESDAY, OCTOBER 17 and 18

Harold Lloyd in "NOW OR NEVER"  
All aboard the laughter special for a record run on the main line of riotous comedy. The laughs roar past faster than the telegraph poles. It's a Harold Lloyd Comedy—That's enough to guarantee laughs.

And J. P. McGowan in "RECKLESS CHANCES"  
A Railroad Thriller, red-blooded, vigorous Western. Reckless Dangers—Reckless Adventure

And TOPICS OF THE DAY  
And Aesop's Fables—"THE WICKED CAT"

THURSDAY AND FRIDAY, OCTOBER 19 and 20

Conway Tearle in "A WIDE OPEN TOWN"  
An action picture full of adventure, thrills and romance. The story of a gentleman gambler, entertainingly told, beautifully staged and realistically enacted.

And GOLDWYN BRAY PICTOGRAPH  
Added Attraction Friday Night

Charles Hutchinson in "GO GET 'EM HUTCH"  
Episode 8—"THE BROKEN LIFE LINE"

SATURDAY, OCTOBER 21

Doris May in "THE UNDERSTUDY"  
A romantic comedy drama—conglomeration of incidents—mystery—action. Doris May has been the star in many pleasing comedies and particularly "GAY AND DEVILISH" and "UP AND AT 'EM."

And Snub Pollard in "CALL THE WITNESS"  
A Rolin Comedy  
And PATHE NEWS

Good Pictures and a varied program—No better anywhere

Coming Soon "THE THREE LIVE GHOSTS"  
With Anna Q. Nilsson and Norman Kerry

## A Great Asset

We hoped soon to get a record of the auto travel across the new river bridge here that would make a fine showing, as to the way it was being utilized; but the rains of the past ten days have put the river road to Bandon entirely out of commission and it is not probable any considerable record of tourist travel will be made there during the coming six months. But doesn't that bridge loom up on the landscape, especially when seen from the valley lands on the other side of the river. As the years go by it is going to prove one of Coquille's biggest assets. The men who secured its erection here instead of permitting it to be built at Cedar Point or Lampa, as the engineers first said it should be, really deserve high encomiums from our people. The bridge is a big thing in every way and look as if it might afford ample facilities for traffic for the next hundred years. Our people ought to get photographs of it to send to their friends in other states.

The only thing that needs improving in connection with the bridge is the railroad crossing. We imagine the time is coming when it will require a crossing bar and a watchman to render it safe when trains are coming. And we hope they will be provided before we have to tell the story of a fatal accident there.

## Rebeccas at Powers

The annual Rebecca district convention was held at Powers Oct. 7th. Members of other lodges were highly entertained by Powers lodge with a six o'clock dinner after which the business session was held, during which the degree team of Mamie Lodge No. 20, (Coquille), put on the work in a very creditable manner. Again at midnight lunch was served. Next year's convention will be held at Myrtle Point with the following officers: Mrs. Hazelwood, of Myrtle Point, president; Mrs. G. N. Battey, of Coquille, vice president, and Lelah Fish, of Bandon, secretary. Those in attendance on Coquille were Mr. and Mrs. W. E. Bosserman, Mr. and Mrs. Geo. N. Battey, Mr. and Mrs. E. M. Kay, Mr. and Mrs. H. V. Holverstott, Mrs. J. E. Norton, Mrs. H. C. Gets, Mrs. Jack Leach, Mrs. C. T. Skeels, Mrs. L. P. Maury, Mrs. J. L. Aasen, Mrs. H. M. Lewis, Miss Agnes Whetstone, Miss Connie Willoughby, Miss Mary Bennett, J. P. Beyers and Mr. and Mrs. E. M. Dunn.

## Four Water Permits

The following four water permits were issued to Coos county people during the past three months:

Pacific States Lumber company, of Marshfield, for the appropriation of water from an unnamed stream for domestic use, at an estimated cost of \$2000.00.

J. Kyle, of Marshfield, for an appropriation of water from a spring for domestic water supply.  
Coos River Consolidated School District No. 36, Marshfield, for the appropriation of water from unnamed creeks for domestic use for the school house and grounds, at an estimated cost of \$500.00.

L. B. Larson, of Marshfield, for the appropriation of water from a spring for domestic use at a cost of \$500.00.

"NOW OR NEVER" with Harold Lloyd turned loose in a Pullman sleeper—with no reservations on laughter at the Liberty next Tuesday and Wednesday.

It's time to be renewing for Portland dailies. We can save you money on some of them.

## Coquille Lost, 12 to 6

The showing made by the high school football team in the game with Marshfield last Saturday afternoon was very encouraging to the students and other fans who went over to the Bay for the game.

In some ways the Marshfield boys have a decided advantage over the local team, but on the whole the two elevens are very equally matched. The bay team will average a little heavier than the Coquille team, they have a football squad of 35 from which to pick material, and this enables the coach to send in a new man every few moments, and they have the further advantage of an athletic coach who devotes him time to building up a football machine. Both teams have about the same number of inexperienced men—those not having played football before.

The final score Saturday was 12 to 6, in Marshfield's favor, a great difference from the 70 or 80 to 0 defeat Coquille suffered over there last year.

The first quarter was a test of offensive and defensive line attacks in which the teams seemed to be trying each other out. Most of the playing was near the Coquille goal line but they saved it from invasion during that period.

In the second quarter a field goal and a touchdown gave the Bay nine points, the touchdown resulting from line bucking and twenty-yard run by Managan.

Three more points came in the third quarter for the Bay with another perfectly placed field goal.

In the last quarter both teams changed their tactics and indulged in a punting and passing duel in which Coquille had the advantage. But it was during the last half minute of play that the spectacular play of the day came with Don Pierce, who had been playing the best game on the field, as the bright particular star. The Marshfield quarter had signalled for a forward pass and two of his mates had rushed down to receive the ball, but Don was between them—and right where the ball fell. As it nestled into his outstretched arms he was off like a shot and did not stop till he had planted the ball back of the goal posts. The play started from the middle of the field and although two Marshfield youths attempted to tackle him, he evaded them and at the last was escorted only by one of the Coquille players.

It was a glorious ending to a strenuous afternoon of play and proved to the boys that they were able to meet any town in the county on terms of equality.

But there are two departments where the local team is a little weak. The line does not hold as it should on defensive, and in bucking the line offensively there is not enough dash and determination shown. At that when backed up against their own goal line the Coquille team held the Marshfield boys for downs on two different occasions and were only pushed back across their line once.

The same day the heavy Myrtle Point high school team won from Bandon 40 to 6.

Coquille does not play tomorrow, but next Saturday will meet Myrtle Point here for the hardest game of its schedule.

Harold Lloyd in "NOW OR NEVER," a train load of laughs on the main line of hilarity, at the Liberty next Tuesday and Wednesday.

Do you know that you can sell or buy second hand engines at GARDNER'S GARAGE. Phone 463.

# Apple Boxes!

# Apple Boxes!

We have them in any quantity. Call on us when in need of any boxes.

## To Get Mail Oftener

Next week Bandon is to have another mail three times a week to connect with the night trains from Marshfield to Portland on Mondays, Wednesdays and Fridays. We have been assured by S. P. officials that this tri-weekly train is to be made a daily, but no time has yet been fixed for the change.

Calling Cards, 100 for \$1.50.

## To Examine Food Handlers

Dr. Henry W. Irwin, county health officer, has submitted to the Marshfield city council an ordinance providing for a physical examination of every person engaged in handling food products for the public—the same sort of ordinance that is in force in Portland and other large cities. Dr. Irwin says a similar ordinance will be submitted to all the other cities of the county. This is as it should be. It is intolerable to think of persons suffering from contagious diseases being permitted to serve food in restaurants or handle food in groceries, and while we are not aware that persons of this sort are handling food in Coquille we should be glad to be assured that no such persons will be permitted to in any public place.

The Gemines and the Oregon Farmer both for \$2.15 a year

## Suing in Justice Court

The case of Elmer Shull vs. S. E. Brumett, of Bandon, is to come up in Justice Stanley's court here at 10 o'clock Monday. Shull is suing Brumett for \$137.20 and costs. He had a contract with Brumett for the sale of the prunes on his ranch across the river near the foothills, and claims that Brumett did not pick the prunes in September as agreed and that the rain ruined part of the crop. Brumett claims in his answer that he picked as much of the crop as he agreed to, that hogs upset and ruined ten boxes and that Shull did not exercise due diligence in saving the balance of the crop. Berg & Morgan will represent Mr. Shull, and Mr. Hayden, of Bandon, is Brumett's attorney.

It's getting to be the kind of weather that the weather man takes little risk in saying rains are "probable."

# McQUAY-NORRIS PISTON RINGS, PISTONS & PINS

Is your gas power machinery wasting money that could be saved by installing them?

Your motor car, tractor, truck, engine or pump all depend upon the motor's piston rings, pistons and pins for economy of gas and oil—for power and long life. Wear in these three vital units frequently causes owners to believe the machine has outlived its usefulness. Sometimes only piston rings are required to restore a motor's original power. There is a McQuay-Norris Piston Ring for every purpose and price—all made of Electric Iron.

If, however, the cylinders are worn enough to necessitate regrinding or reboring them, McQuay-Norris Pistons and Pins will be needed too.

Wherever you plan to have your motor renewed you can secure quick service by ordering McQuay-Norris equipment because we can supply the proper sizes and over-sizes promptly.

## We Carry a Complete Service Stock Gardner's Garage Coquille Service Station for PISTONS and PINS for PISTON RINGS

### Pistons and Pins

McQuay-Norris Water-tight Pistons and Pins—gray iron pistons as light in weight as safety permits—specially designed for replacement—available in standard sizes and over-sizes—also in semi-finished form 75 thousandths over-size—plus of special hardened steel, ground to exceptional accuracy.

### \$125

Washers—An exclusive two-piece design, preventing loss of gas and compression. Gives equal pressure at all points on cylinder walls. For all piston grooves except top, which should have special. Each ring packed in a parchment container.

### \$100

Scrapers—Keep lubricating oil out of combustion chamber. Cleans excess oil on each down stroke of piston and empties on each up stroke, which ordinary grooved rings cannot do. Each ring packed in a parchment container.

### 50c

JIFFY-GRIP—A one-piece ring. Non-per Ring butting joint, which can be fitted closer than ordinary step cut—velvet finish—quick setting. "Seats" in a jiffy. To keep them clean and free from rust, each ring is packed in an individual glass envelope.

### Snap Rings

—of the highest grade. Raised above the average by McQuay-Norris manufacturing methods. They insure all the satisfaction possible for you to get from a plain snap ring. They are packed twelve rings to the carton and rolled in waxed paper.
