If the Sentinel Is Late

An inspection of the Sentinel's columns this week will indicate why the paper is late today. We have been almost swamped with election advertising and even with an extra hand at work have found it nearly impossible to get in type all the election advertisements ordered. They came in yesterday afternoon by the page and half page and tried our facilities to the limit. Nor was that all. On Monday our new electric pot for the linotype was installed and we let the expert mechanic who did the work get away without thoroughly testing it out. The result was that instead of making better time than before in getting the reading matter for the paper in type we had to go limpingly and haltingly and could set only half as fast as before. This prevents our furnishing the usual amount of reading matter the same time that it delays the issue of the paper. The only consolation we are able to get out of the situation is that the Sentinel this week carries more inches of display advertising than it ever did in any previous issue since Vol. I, No. 1.

Rock Work Stopped

Perry Lawrence came in from one of the road camps between Myrtle Point and Bridge Tuesday, and says that all rock work on the Coos Bay highway between Myrtle Point and Roseburg has ceased for the winter. Wednesday all the trucks used for that purpose were shipped out to Salem. There is rock all the way now from Myrtle Point to Camas Valley, but in many places only the base has been spread, while for the greater part of the distance the top dressing has been laid and the highway is completed.

On Camas mountain the grading has not been finished and where the traffic will have to use the old road this winter will be the worst part of the entire 72 miles from Coquille to Roseburg. But the road can be travelled all winter this year for the first time in its history.

Bible Called "Sectarian"

The state Court of Appeals in California has this week made the wonderfully sapient decision that the Bible cannot be used in the public schools of that state because it is a "sectarian book," and there is a state law barring sectarian books from the schools. What sect the book stands for it not stated. Or is it held that Christianity is a sect and that to read the Bible might offend the Buddhist Japanese children who attend the schools.

Dan On the Job Again

During the first half of October it looked as if Dan Cupid was taking a vacation, as not a single marriage license was issued during that fortnight. The little fellow got back on the job in good shape, though, when fourteen licenses were demanded in the last half of the month—just about one a day.

THE SHREW'S MATE

Once more the little fairy went to call on the little washed shrew to ask him about himself. "Last time I saw you," said the fairy, "you told me you could hear so wonderfully and you had a very keen sense of touch, but that you could not see." "You also told me how you had to eat as many ounces or as much as your own weight in and that you had to do this every twenty-four hours." "Then too, you told me that your whiskers helped you. They could feel either side when you were running through tunnels. And you told me of escapes you had had from bigger creatures than you were. Won't you tell me some more? For I think you're such a wonderful little creature." "I'll tell you some more," said the shrew. "I'll tell you of the time I had with a water snake. This is true. Everything I tell is true, for I don't think there's any sense in not telling the truth about one's self." "After all I wouldn't want to have the ways of other creatures. I have my own ways and that is enough." "I think too," said the fairy, "that the true things animals do are so much more wonderful than anything

"Waiting for Me."

any one could make up or invent." "Well, that's a good opinion," said the shrew. "But continue about your experience with the snake," urged the fairy. "The snake was a water snake and he was having a fine time feeding on fishes. Now if he thought he could feed on me he was mistaken. That snake never fed on me. He may have meant to do so—but he didn't. He threw out some of the horrid smelling stuff which he carries about his snake person but I wouldn't allow that to upset me." "He tried to grab me, but I got right at him—and though he was bigger and stronger I kept hold of him until all the life had left his body and I was the victor." "Perhaps you may think I'm cruel. But I have to protect myself. And then I have to eat so much every day. No one brings me my food. I must get it for myself. I must get it by hunting for it too—often, very, very often by fighting for it. I cannot even see what I'm picking out. I must feel it and hear it! Strange way to do the marketing for one's self, isn't it?" "Very strange," agreed the fairy. "You are really the most amazing little animal I know. You are so tiny, smaller than any other animal. You have to eat as much as your own weight in every twenty-four hours and blindly you go in search of your food." "You're so brave, too. You're not afraid of creatures bigger than yourself." "Were I afraid of creatures bigger than myself," said the shrew, "I would be afraid all the time. I would spend my little life being afraid. But, Fairy, I do hope you will not think I'm rude."

"No, I don't think you're rude," interrupted the fairy. "Forgive me for interrupting you, but I cannot have you think that I think you're rude."

"No, indeed, you have been so polite to me and you've told me so much about yourself and your interesting ways."

"I would never think you were rude. I couldn't think you were rude."

"No," said the shrew, "I haven't been rude. I have meant to be polite and tell you my ways and I think I have. But I meant to say that I hoped now you would not think I was rude when I started to tell you that I could not talk very long this time."

"You see," the little shrew said, "I have a tiny mate waiting for me. We're not very sociable—we shrews—we are off by ourselves most of the time, but I have a little mate, and just now I heard her calling to me from our home below the earth surface."

"Yes, and she said she had a secret to tell me. I think, Fairy, perhaps she'll tell me that she loves me, for that is the secret I love best to hear and I tell her the same secret often. And I'm telling you the secret, fairy, for the fairyland people love secrets!" At that the little shrew rushed away to talk with his little mate of shrew love and shrew life and shrew news!

Coos Stands Tenth

There are in Oregon 246,891 persons at present qualified to go to the polls and vote on November 7, according to the registration figures, says Sam A. Koser, secretary of state.

Of these 228,444 are republicans, 99,477 are democrats, 3,048 are prohibitionists, 8,755 are socialists and 11,169 are in the miscellaneous column. Multnomah, with 112,668 persons registered, will poll the heaviest vote. Second is Marion with 21,028. Lane is third with 17,537 and Clackamas is fourth with 17,308. Jefferson with out 1,415 has the smallest registration.

Other county registrations, as announced by Mr. Koser, follow: Baker, 7,678; Benton, 6,383; Clatsop, 8,974; Columbia, 4,819; Coos, 9,529; Crook, 1,656; Curry, 1,737; Deschutes, 4,176; Douglas, 8,778; Gilliam, 1,966; Grant, 2,654; Harney, 1,769; Hood River, 2,361; Jackson, 12,458; Josephine, 3,627; Klamath, 6,740; Lake, 1,871; Lincoln, 1,284; Linn, 11,124; Malheur, 3,902; Morrow, 2,205; Polk, 7,286; Sherman, 1,563; Tillamook, 4,550; Umatilla, 12,504; Union, 7,252; Wasco, 3,135; Wasco, 6,485; Washington, 13,691; Wheeler, 1,499; and Yamhill, 8,501.

According to these figures Coos county ranks tenth in registered vote in the state, and is only 249 behind Douglas.

Greek Meets Greek

This is the way North Bend advertises the game there Saturday against the strong Myrtle Point eleven.

A mistaken idea has gone out about the date and place. The game is to be played at North Bend Saturday, November 4. Game starts promptly at 2:15. It is called "Coos County's Game" because there is no other game in the county that day. Coquille very accommodatingly changed the date of her game with Marshfield to Friday afternoon.

Myrtle Point and North Bend are the two undefeated elvens. Myrtle Point has a powerful team. The line is very heavy and they play a good game. North Bend, too, has a good line, not so heavy but fast and experienced.

The management invites all Coos county to come and see this big game.

Kenneth Hatcher Called

Kenneth, the three year old son of Mr. and Mrs. Navy Hatcher, died at the home of his grandmother, Mrs. B. H. Haskins, in the north part of the city, last Saturday morning at 3:20. The cause of his death was spinal meningitis. He was taken with convulsions the preceding Wednesday and from that time was unconscious. He was two years, eleven months and twenty-six days of age. The funeral services and interment occurred at the Fairview cemetery at 2 p. m. on Monday.

Mast Leads on the Bay

In the straw vote at the Shrock pop corn stand at Marshfield Mast is leading Topping for judge almost three to one, and Gage is leading Dement in the same proportion. In the gubernatorial race Pierce is leading Cleott two and a half to one. For representative Dal King is slightly ahead of Tom Bennett. Straw votes never elected anybody yet; but they are sometimes an index to local conditions.

Bartletts Go South

Mr. and Mrs. Stanley P. Bartlett left Tuesday in their car for Sacramento, Calif. They had not decided just where they would locate, but expected it to be some where in the San Joaquin valley. They had not sold their home on First street at the time of their departure, but expected a deal to be closed for it soon. Mr. Bartlett has been a resident of Coquille most of the time for the past seventeen years and Mrs. Bartlett for the past five or six years. Their decision to remove from Coquille is regretted by a large circle of friends.

Gets His Quarry

Deputy Sheriff Shaffer, of Lane county, came in yesterday to get Walter Sargent, wanted at Marcola, in that county, for running a saw with the wife of a relative of his, Martin Clerk by name. He was picked up by the sheriff's office here the first of the week. Sargent was brought down from Powers by Constable Jas. Brown yesterday.
