

WE WANT A BUSINESS MAN

IF WE EVER EXPECT TO GET TAXES REDUCED we must have a business man for County Judge - because the County Judge is the Business Manager of the County. No need of a lawyer in that position as is proved by the fact that many of the best county judges have been business men and not lawyers, such as Judges Marsters and Quinn of Douglas County and Judges Harlocker and J. H. Schroeder of Coos County. The prosecuting attorney is elected to furnish the legal advice in any event.

Topping is an Attorney but NOT a Business Man

The record of raise in taxes and flotation of bonds in the city of Bandon under Topping's administration does not appeal to the taxpayer - His Bandon friends are now attempting to defend his floating municipal bonds for the hydro-electric scheme. It may be alright for Bandon but the County doesn't want to go into any such program, we want more business and less bonds and taxes.

Mast is a Thorough Business Man

as shown by his long record as Cashier of the Farmers & Merchants Bank of Coquille. He can be depended upon to give us a sane, economical business administration.

UNFAIR AND UNNECESSARY TAX

The Taxpayers League of Portland are advising the voters here to vote against the Fair measure for the reason that taxes should not be used for purposes of this nature.

We advise the taxpayers of your community to do the same, you cannot escape your proportion of this tax no matter what the proponents of the Fair may say to the contrary. Therefore, vote 305 NO, so as not to increase your now overburdensome tax.

S. P. Advertising Oregon

Oregon's agricultural, industrial and climatic resources are being widely heralded by the Southern Pacific Company, according to John M. Scott, general passenger agent for the Southern Pacific at Portland.

Concrete evidence of the Southern Pacific's efforts in this line is revealed by the fact that during the last 19 years 16,000,000 pieces of advertising matter, including booklets, folders, pamphlets, maps, etc., exploiting the industrial, agricultural and climatic advantages of Oregon, have been printed and distributed by the Southern Pacific Company throughout the United States, Canada and Eu-

rope.

For the interest of tourists and travelers, the Southern Pacific lays stress on Oregon's beach, mountain and health resorts, hunting, fishing, out-of-doors sports, hotels and natural scenery.

"Oregon's interest is our interest," said Scott, "and the wonderful opportunities offered in this state are just beginning to be realized throughout the country. Although we have enjoyed a large growth in the last few years, a still greater growth is in store for Oregon in the immediate future."

Calling Cards, 100 for \$1.50.

For Your Sunday Dinner

We have just purchased twenty three-year old steers of the kind that has always been shipped to Portland before and are going to cut them up in our Market.

We also have the choicest Veal and Pork,, our own cured Bacon, Pure Lard, Hamberger and Sausage; also Swift's Premium Hams.
