**If You Ate  
Nothing but Celery**

HOW long could you continue hard work?  
Yes it is refreshing, tastes good, and fills up.  
But it is mostly succulence.

Cows producing 300 pounds of butterfat in a year must work hard; and when you work hard, you have to eat digestible nutritious food and lots of it.

Give them more than a filler and give them feed. Then watch the scales and test and you will see. It pays.

**Cars and Licenses**

The following has been sent out by Secretary of State Sam A. Koser: Application blanks for 1923 licenses have been mailed by the Secretary of State to all motor vehicle owners in Oregon, so as to permit them to apply for and receive such licenses before January 1, 1923. Motor vehicle owners will avoid much trouble, annoyance and unnecessary delay by promptly applying for their 1923 licenses upon receipt of the application blanks. Deferring applying for licenses until about the first of the year only congests the work of the Secretary of State's office and may result in the arrest of the car owners by traffic officers for failure to have the 1923 license on their cars after January 1st next. License plates for 1923 will have a dark blue background and white figures and letters.

"Up to October 27, 1922, there have been registered and licensed in Oregon 536 motor vehicle dealers, 11,904 chauffeurs, 211,486 motor vehicle operators, 3,162 motorcycles and 131,824 passenger and commercial cars, from which the total license fees aggregate \$2,307,073.96. The fees, less administrative expenses, are distributed one-fourth to the counties from which the registrations are received and three-fourths to the State Highway fund for use in road construction and improvement throughout the state generally.

"The distribution of the registrations up to September 15, 1922, shows that in Coos county there were registered 16 motor vehicle dealers, 326 chauffeurs, 641 motor vehicle operators, 29 motorcycles, 2216 passenger cars, 3 ambulances and hearses, 30 busses and stages, 115 commercial cars of less than one ton capacity, 251 trucks of from one to five tons capacity and 17 trailers of from one to five tons capacity, or a total of 2632 licensed passenger and commercial motor vehicles."

**Health Notes**

The contagious disease report for Oregon for the week ending October 28, shows:

Scarlet Fever—19 cases.  
Diphtheria—19 cases.  
Small pox—30 cases.  
Typhoid—4 cases.

The town of Seaside alone has 19 cases of smallpox. Seaside is on the coast. So are North Bend, Marshfield and Bandon. Older residents recall that twenty years ago smallpox had gotten into our cities and was so serious that the federal government threatened to cut off all connections. Very efficient work by Dr. Mingus, who was then Health Officer, saved the day. Isolation of business interests is a very much more serious matter today, and is entirely preventable by general vaccination.

November 12 to 18 is National Cancer Week when all health workers will give special consideration to the subject; its nature, cause and cure or prevention. Cancer is now killing one out of every ten persons over 40 years of age. Yet it is usually curable if properly treated in its early stages.

There are many cases of tonsillitis about. Some may be diphtheria. Take no chances. See your physician early.

"THE CRADLE BUSTER" with Glenn Hunter is the story of a twenty-one year old body who cut loose from mother's apron strings and turned out to be the fastest thing in town—a regular fellow. See the all-comedy program at the Liberty next Tuesday and Wednesday.

Remember that in renewing for Sentinel that you can get the Oregon Farmer in combination with it at only \$215 for both. Much reading for little money.

**MYRTLE POINT ITEMS**

More votes were cast in Myrtle Point Tuesday than ever before in the history of the city. Everyone was out, interest centering mainly around governor, mayor, representative for legislature, and the school bill. Pierce and King carried in this city. The following are the city officials elected: H. A. Schroeder, re-elected mayor; E. A. Dodge, re-elected city treasurer; M. H. Demant, F. A. Davis and W. L. Weekly, councilmen; J. M. Arlington, treasurer.

The biggest football game of the season turned out with a 5-0 score in Myrtle Point's favor last Saturday when our boys played North Bend. This makes four victories and no defeats for the local team, leaving them in the lead for the county championship. Their next game will be on November 18, when North Bend returns the game here. The team is out for hard practice every night and will keep it up for the next two weeks. So every one should plan to attend the game that decides the county championship.

Lester Hustater, who has been depot agent here for the past two months, left Wednesday for his new charge at Noti, which is on the same line.

Mrs. T. G. Sumerlin was taken to the Pemberton hospital last Friday to receive medical treatment. She is still very ill.

Percy Peal's lease on The Kitchen has expired and Mrs. Train has taken over the restaurant.
