Church of Christ Notes

Did they put it over? We'll say they did and it was splendid—the Ladies Chorus of fifty voices at the Church of Christ last Sunday night. They sang to an audience of one hundred, making a total of one hundred and fifty at the service that night. Following the chorus was the sermon story of a beautiful baby. Next Sunday night we will listen to the Young People's Chorus of fifty voices under the auspices of the Loyal Bereans class and the Christian Endeavor. Don't miss this, it will do you good to listen to these loyal workers. And then listen and don't forget—the Men's Chorus of fifty voices, Dec. 3rd. In fact, don't forget any of the services at the Church of Christ. Something doing all the time at all services. Everybody welcome.—Church Correspondent.

Three Divorces Granted

Divorces this month are a little over 50 per cent as many as marriage licenses, but licenses will probably get a bigger edge next week for it is always noteworthy that just before Thanksgiving and Christmas there is a rush to secure the coveted sheets of paper. There have been fourteen licenses issued this month and eight divorces granted. Three of them were last Tuesday and all by default. Thomas Leonard Ward was given a decree against Nellie Ann Ward. Pearl Gatter was granted a divorce from Ernest Stanley Gatter and given the custody of their minor child.

\$7,000,000 for Advertising

R. W. Intosh, representing the John Boliman company of San Francisco, which sells the Chesterfield cigarettes, has been looking after its interests in Coos county this week. These cigarettes are advertised in the Sentinel, and we are interested to learn that the Boliman company and the Liggett and Myers company, which are among the heaviest advertisers of tobacco, contemplate the expenditure of \$7,000,000 for newspaper publicity during 1933.

Public Health Association

The Public Health Association met at the Court House Tuesday evening with a large attendance. Mrs. Irwin was appointed chairman of the Educational committee due to the resignation of Mrs. Ellingsen.
Mrs. Hawkins, chairman of the Hot Lunch committee, reported that one hot dish is being served to the children of the grade building to be used in connection with the lunch brought from home. A number of ladies have offered their services and two of them help the teacher in serving the children each day. During the cold days of winter this is considered a great aid in keeping our pupils in good health.
Mrs. Hal Pierce, of the Supply committee, made an appeal for warm garments. Anyone having outgrown wraps or other clothing is asked to notify Mrs. Pierce.
Mrs. Folsom, of the Dental Clinic, reported satisfactory results in the progress made toward having the teeth of every child looked after. There are, however, over sixty per cent yet needing dental attention.
Mr. Moore contributed toward the amusement and benefit of his hearers with an impromptu talk, followed by the main feature of the program—an address by Dr. Low on the subject of cancer.
We feel very much encouraged with the results of our efforts to bring better health conditions to the community and especially to our schools in co-operation with Dr. Irwin.
Free literature was distributed by Mrs. Irwin and Dr. Low on health subjects.

The lumber used in building the Baxter hotel, which Ed Cunningham is now taking down, was largely white cedar, which was used in erecting many of the buildings and residences of this city in the last century and even in the early years of the present. This second hand lumber is now highly esteemed and sells well.
