### Broadbent Notes

The Ladies Aid met at Mrs. E. L. Robbins Thursday afternoon. A comforter was tacked and wool carded. Refreshments were served—three kinds of cake and coffee. Those present were Mesdames Robert de Boer, Fred Trus, Frank Trus, John Thorehaven, William Belle, Edwin Schroeder, Carrie Hermann, Erven Nelson, John Luttrell, L. E. Robbins, Will Warner, Selden Warner, Frazier Huffman, W. A. Roselle, Price, Mary Hartley, little Gene Robbins, Betty Jo de Boer, John Thorehaven, June and Byron Belle, Madge Nelson, Herminie Knight.

Mrs. Ernest Clausen fell while gathering in her clothes and hurt her shoulder quite badly but is better now.

Mrs. Wm. Belle spent Friday with Mrs. Earl McDonald in Myrtle Point. Alvin Reed, wife and little daughter, came from Oregon City to visit his parents, Mr. and Mrs. S. S. Reed. John Whobrey, the hide man, was in Marshfield one day last week.

Taylor Dement is supplying the community with beef these days.

Broadbent teachers spent the week end with the J. M. Wagner family. Emery Robbins has been laid up with a lame back the last few days. James Robertson shipped a car load of ties to Beaver Hill Friday.

The married men have organized a team of basket ball against the single men. They practice three times a

week at the play shed.

Miss Roena Hermann came home Monday from Albany college, where she has been attending school.

J. A. Hart was a Broadbent caller Monday.

Joe Everdsen and W. A. Roselle had business in town the last of the week.

The grade receiving the lowest average in spelling treats the one receiving the highest average, in Mrs. Wilcox's room. The 5th grade treated the 8th this month. Francis Warner, Naomi, Roselle, Glenn Gibbs, Waldo Hartley, Edward Forrest, Lila Nelson and Reeven Briggs received the prize in Miss Wilcox's room. Edward Forrest rode his pony to North Bend Friday.

### Church of Christ Notes

"Suffer little children to come unto me and forbid them not, for of such is the Kingdom of Heaven."—Matt. 19:13. Those of you who missed the Children's Chorus of fifty-three voices last Sunday night, missed something worth while hearing. The solo by Nina Butler, entitled "The Snow Prayer," was appreciated by those present as was the whole program.

And Irma Wilson, the leader and instructor, surely did excellent work with these little folks. Total number present, one hundred and forty-seven at evening service. At Sunday School one hundred and seventeen; while the average attendance at Christian Endeavor is from 25 to 30 and the mid week prayer service has an attendance of from twenty-five to thirty. The Lord, indeed, is good to help those who call on His name in sincerity and truth.

Next Sunday night, don't miss this mixed chorus of fifty voices, 25 men and 25 women. Everybody come.

The banquet? Oh yes, the room was decorated with orange and black streamers and the center of the table had a Christmas tree with trimmings, while at each end was a bouquet of white chrysanthemums. Mr. Roselle entertained the 36 men at the table by telling the funniest experience that happened in his ministry and other short talks, after which everyone joined in singing hymns until time to say goodnight—and come again. Every seat occupied at all services is our slogan. Come help the good work along.—Church Correspondent.

### Johnson's Mill

My! but this is cold for old Coos. Good boy killing time.

Mr. Bonbright, who has been working for Beckhams in Curry county, left Tuesday for his home in Oklahoma.

The good men and women of Fish-trap put their heads, saws and engines together one day last week and got Uncle Frank Robinson a lot of wood. As it was Ladies Aid day the good women met at Mrs. Smith's and prepared a good dinner for the men. They did lots of work and lots of good and all had a good time. The only real unpleasant thing that happened in connection with the affair was when Mrs. Glenn Collier tumbled off the sled into a mud hole on her way over.

Mr. and Mrs. E. M. Beckham, Roma Beckham and Lannie Boardright, of Bandon, visited the Finley home one night last week and their visit will be long remembered with thankful hearts. We sang the old songs we sang together over twenty years ago; then last but not least Rome led the family prayer and he said, "as we are in aunt's home, I will read Father's favorite scripture" and he read the 8th chapter of Romans and, as he said, there is more consolation in that one chapter than in any thing else outside the Bible. Then he offered up a fervent prayer to God for us all. Thank God for such evenings spent with such people.

George Newton left last week for Philomath, where he will take a course in music.

Mrs. E. C. Finley, who was operated on a short time ago, is at home feeling fine.

Letters received recently from Harold Hodge and wife say he still has a cold and that they have found a T. B. specialist, who says he can cure him in a few months. Wouldn't it be a wonderful thing if he does?

Miss Bea Finley's school gave quite an interesting program Thanksgiving.

E. C. Finley and family visited relatives at Myrtle Point from Sunday till Monday.

Miss Grace Hockema, one of the Arago teachers, visited here from Saturday till Monday. Grace says she expects to spend Christmas with her parents at Alass.

Rev. L. Sanders, the minister at Fishtrap, has resigned and gone and we are just wondering who will fill his place.

At Bandon last week the city council decided to call a special election to decide on authorizing the issue of \$40,000 in hydro-electric bonds to take up outstanding hydro-electric common warrants and to supply funds for construction and materials for extensions.—Bandon World.

# A flexible engine for Winter motoring

Your motor will start readily and operate flexibly, in winter, if you use an oil that stays fluid at low temperatures.

The battery troubles, worn bearings and scored cylinders, experienced in winter, are simply evidence that the motor is bound with congealed oil and deprived of lubrication.

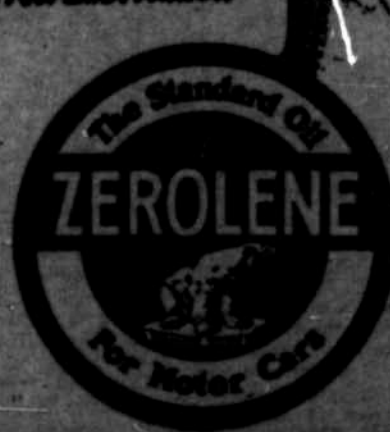

### Zerolene Stays Fluid in Winter

Zerolene No. 1, No. 3 and No. 5, which are good cold test oils, move freely in winter with the action of the motor. They give a continuous flow of lubricant of the proper "oiliness" to the pistons, connecting rods and crank-case shaft bearings, and save batteries.

For safe cold weather lubrication, consult the Zerolene Chart at garages and service stations.
