Two Traffic Offenders Fined

Two traffic law violation cases came before Justice Stanley last Monday. J. L. Benham pleaded guilty to operating a motor vehicle with only one head light and no rear light. He was fined \$10 and costs.

Clifford Peple, of Marshfield, paid a fine of \$20 and costs, for driving a car with but one license plate.

More Care Being Used

It has been noticeable lately, since the justices of the peace in the county have increased the size of fines for traffic law violations, that there is more of a tendency on the part of drivers to give a good half of the road to passing cars, and to slow up at the same time.

Jail sentences and suspension of license is the only means of putting a stop to drunken and reckless driving.

What C. E. Strang Says

In remitting for the Sentinel for another year C. E. Strang, a subscriber at Montague, Calif., says: "We receive your paper on Monday and needless to say look forward to that day, as your interesting columns are surely like 'a letter from home.' This leaves us all in good health, and in the midst of harvesting our third and last crop of alfalfa hay in this season."

Looks Like the Boy Did It

It begins to look as if the murder of Mrs. Dr. Covell of Bandon might be traced to her mentally deficient stepson. The family removed from the Portland neighborhood rather than permit him to be sent to a state institution as ordered and to that extent are responsible for the tragedy which followed.

Girl Scout Notes

The meeting that was held by the Girl Scouts last Monday in the high school auditorium was largely attended, with Mrs. Geo. Chaney (captain) and Mrs. Burgular being present. The Essex plunged off on the Isthmus Slough side of the highway, while Cottle's car was turned over and piled up on the other side. All four wheels were broken or torn off and it looked a complete wreck as it was viewed by hundreds on Monday.

Muri F. Pettit, who has been office man at the Standard Oil station here for a few months, received notice last week of his promotion to the Portland office, and he left Wednesday afternoon for there. C. A. Perkins, local sub-agent, says it is unusual for a man to be taken from a smaller station and put in the headquarters office as quickly as Muri has been, but that his promotion was on merit only. Lowell Simpson has been assigned to Mr. Pettit's former position, while Otto Davis will assume his duties as warehouseman.

Football Squad at Work

Coach Leslie rigged up a tackling dummy for the football squad this week and has had the boys practicing on it every evening. He has not attempted yet to select a team but the boys are showing an improvement every day. Twenty-three turned out Wednesday afternoon and the interest in a team is high. There are not very many big huskies in the squad but "Brick" believes he has the material to make a good showing this fall.

Members of the Coquille Rod & Gun Club, of which the deceased was a member, acted as pallbearers. The interment was in the Masonic cemetery.

Buffington, Gold Beach.

The North Tenth street brush fire broke out again Thursday morning. Five men went out and worked for over an hour before it was put down. The truck did not go out since the firemen could use the two lines of hose left there for emergencies. One of the hydrants is out of order and may cause trouble in case the fire springs up again. Firemen are wishing that the south wind would bring a soaking rain and put out the fire for good.—Times.
