THE LAUREL

Published by
COQUILLE HIGH SCHOOL

Errol Sloan, editor of the Laurel, who was elected as a representative to go to Eugene to attend the Annual Conference of Student Body officers and Editors, January 11 and 12, remained in the Willamette Valley during the past week.

Mary Kathleen Watson, assistant editor, who was the other representative of our school, returned Monday afternoon. In the next Student Body meeting she will report on her trip.

"A Country Fair" will be held in the High School building on March twenty-first according to the decision of the Student Body at its meeting last Friday. The purpose of this "Fair" will be to raise money to support the Laurel.

Each class and organization of the High School will have a booth of a show of some kind. Even the Alumni may be called on to contribute their help in putting on this show.

Admission will be charged to these shows and at the booths all kinds of good things will be sold.

Students enthusiastically proclaim that a whole evening of fun is to be provided.

Junior Meeting

A Junior meeting was held Jan. 9 in which it was decided that the class have a party at the club rooms on Jan. 19, each boy bringing 75c to pay expenses.

There being more boys than girls, six boys were chosen to bring girls. It was decided to invite the faculty, our previous class advisor, Mrs. McCormack and the Roseburg team, who are to have a game with Coquille High Saturday night.

This is the first class party given at the club rooms and the Juniors say it is sure to be a success because they are giving it.

Dancing and games will be the entertainment for the evening.

Miss Elizabeth Perryman from Mt. Vernon, Washington, registered as a Senior last Monday. She expects to graduate in the spring thus adding another to that expectant group which now numbers twenty-four.

The Junior Chamber of Commerce will give a basket social on Friday, January twenty-fifth, for the purpose of raising funds to send a typing team to the annual typing contest which will be held at Corvallis on February 22 and 23. Committees have been appointed and everyone is busy working to make this a success.

All the Same

Elmer J. (giving report in Social Problems): "They don't have any more good bull fights in Spain because all the best fighters have got killed or married or something like that."

A very interesting basket ball game was held Friday after school in the high school auditorium, between the Freshmen and Senior girls. Much betting was carried on between the classes as to the winners and the "Rainbow" will probably profit considerably by the losers.

Much spirit was shown throughout the game by the cheering of the Student Body, Juniors and Sophomores included, and between halves each tried to outdo the other in rallying.

The teams were seemingly quite evenly matched, each having three members on the regular team. Both sides put forth all their efforts to win but by the end of the game when the score stood 21 to 6 those betting on the Freshmen team felt their pocket books growing rather slim.

Those playing were:
Seniors Freshmen

Forwards Alice Collier
Bricia Flitteroft Dulce Jorgensen
Clarabelle Mintonye
Guards Dena Ellingson Grace Richmond
Gertrude Mintonye Lois Miller
Esther Harsh

Centers Willida Clark Katherine Peart
Myrtle Olsen Lois Miller
Ruth Schroeder

Quite a number of the students in typing, from the beginning and advanced classes are practicing outside of school hours for the typing contest.

test which is to be held at O. A. C. February 22 and 23. The three best students from the advanced and beginning classes will be chosen to make up the team which will be sent to compete in the contest.

There have been rumors that perhaps typing contests will be held among the high schools in the county to obtain the county championship. There has also been some talk of having the students type before the student body. This will help them to become used to typing before an audience and strengthen them for the contest.

The students have seven weeks of practice to increase their speed and accuracy before the contest and a good deal of enthusiasm is shown by both the students and Miss Chandler.

Opal Gaslin, (entering Commercial room and meeting Miss Chandler for the first time): "Hello, oh, are you a new Freshman?"

Miss C. (rather amused): "Why, not exactly, I came down here to teach in this department."

Junior Chamber of Commerce

By Marguerite Hersey
"A Junior Chamber of Commerce meeting this morning." This was the word that went down the halls and through the class rooms Monday morning.

"Yes, Uncle Sam (S. M. Nosler) has come out to give us a speech," was the word that went buzzing back through the class rooms and down the halls.

"But who will take charge of the meeting. Errol (Sloan), our President of this organization, is not back from the editors' convention as yet," was the next thing that began to buzz.

"Oh, George (Georgianna Johnson), our vice president will take charge." And so it came about that a very snappy meeting of the Junior Chamber of Commerce was held.

After the reports of committee were heard, the proposition of having a walk built out to the high school along the highway was discussed and it was decided to allow the president to appoint a committee to draw up resolutions to that effect to be presented to the city council. A means of raising money to send a typing team to O. A. C. to compete in the typing contests was also discussed.

When the business was over the room settled back to hear the interesting and beneficial talk that Mayor Nosler gave and which was enjoyed by all. Every boy or girl in his hearing should have derived some good from it.

At the close of his speech some typing awards were presented by Mr. McCormack to members of the typing department. The certificates were to be called for at the office. Bronze medals for 40 words a minute were given to Rachel Brown, Dena Ellingson, Evelyn Oerding, Errol Sloan, Gladys Peart and Don Pierce.

Additional bars for writing 50 words a minute were presented to Myrtle Olsen, Margaret Beyers, Gladys Peart and Arthur McDams.

A gold medal was presented to Georgianna Johnson for writing 63 words a minute on an L. C. Smith machine.

At the close of the meeting the students passed back to their class rooms more interested in civic affairs and better future citizens.

Miss Chandler, who joined our faculty immediately after Christmas vacation, says she is pleased with our school and the co-operation of the students.

Yes, We Have No Geometry

The Geometry students have dedicated a song to their Geometry teacher, Miss Nissen. It is as follows:
Yes, we have no Geometry,
We have no Geometry today.
We have Latin and Civics,
And old-fashioned English,
But, yes, we have no Geometry,
We have no Geometry today.

Exceptions to All Rules

Georgianna (arguing in History class): "I guess that all land is feminine."

Mr. McCormack: "What about the Fatherland?"

Sunday morning at eleven o'clock Mr. McGinnis, pastor of the Myrtle Point Presbyterian church, will occupy the Coquille Presbyterian pulpit.

Charles S. Bergner, Minister.

What Does It Take To Keep Them Alive?

A dairy cow weighing 1000 pounds requires 1.6 pounds of crude protein, 10 pounds of carbohydrates and 8-10 pound of fat to maintain her body. If she is giving 22 pounds of milk she requires 2 1-2 pounds crude protein, 13 pounds carbohydrates and 8-10 pound of fat.

Are you just keeping your cows alive or are you feeding now for heavy milkers?
