

Ford

THE UNIVERSAL CAR

Forecasting A Tremendous Spring Demand

739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

Ford Motor Company
Detroit, Michigan

A small deposit down, with easy payments of the balance arranged, or your enrollment under the Ford Weekly Purchase Plan, will put your order on the preferred list for spring delivery.

Jan. 30—Samuel D. Barrows vs. Dale C. Barker.

No more cranking your car when you have your battery repaired at Coquille Service Station. All work guaranteed.

EAST FORK NOTES

Hugh Goodman and son, Clyde, of Myrtle Point, came over the mountain Sunday with eight head of big, young work horses.

K. E. Marcy's hand has improved to the extent that he can split kindling wood and help with the milking. Lyle Marcy, who got his foot hurt several weeks ago at Lawhorn and Mast's camp on Middle Creek, still has a foot to nurse.

Ed Abernethy, who slashed a big toe a week ago at the Steel Creek Logging Company's camp, is still on crutches with a prospect of several weeks of that kind of activity ahead of him.

It must have cost the Steel Creek Logging company some money to get ready for logging. Their splash dam, pond and logs are material for a picture. Charles Rackleff, who is the engineer of the donkey, told me they had put in as high as eighty-nine logs in a day.

Monday Walter Laird was setting poles and tightening the wire of the Brewster Valley telephone line.

Mr. Rasmus caught a big wildcat and a coon last week.

When does that county judge of eastern Oregon commence to serve his jail sentence for being a boozier and driving his car when drunk? Or is that jail sentence just a stage play? People who will elect a boozier and a drunken automobile driver to the office of county judge are not fit to have the privileges of the ballot. And a drunken county judge should get a stiffer sentence than the drunken fool who is supposed not to have brains enough for the office of county judge.

In the February American is a story of "Will Gets a Raise," that pictures the struggle of humans when they are in the splurge. One sentence tells the story: "Why, at the rate we were going, one more raise would have put us on the town."

When we feel like striking a two-forty gait, it is well to remember that the most of the time we will not be pulling a rubber tire sulky. I said a "two-forty gait," that was the fast clip when I was a boy. It is the two minute gait that puts the nose under the wire now, and tumbles the loaded in the dust. Remember, the load is the day's work and not a burden.

R. A. Easton.

Probate Court Items

J. J. Stanley was on Tuesday appointed administrator of the estate of A. Markiewicz, who died in this country April 21, 1922, leaving an estate estimated to be worth \$1500. Geo. O. Leach, Eva Lennox and Alta Stanley were appointed the appraisers.

Brewster Valley

The Myrtle Leaf Club met Thursday with Stella Crowley. It was an exceptionally nice day and most of the members were present. Stella had a comforter in the frames and it was tacked out in a very short time.

Kenneth Laird is taking Ed Abernethy's place at the Steel Creek logging camp. Ed cut his foot, quite badly, while sawing wood for the donkey and is on crutches.

Howard English planted quite a patch of onions. It makes us think spring is here, when gardening begins.

Walter Laird is opening the old canyon road and repairing the bridges.

Jack Ford returned to his home in Coquille Saturday.

Violet Hatcher, of Fairview, is visiting at the home of D. A. Moore.

Hailey Laird was unable to work on the road a couple of days on account of a boil on his hand.

Elmer Wilson went to Norway for Ernest Lett Sunday. Ernest will stay with Mr. and Mrs. Wilson and attend school here.

Albert Christensen is logging at the mill. Perley Crowley, Arthur Jenkins and Win Nickason are helping.

Mr. and Mrs. Julius Benham and Rollie Alford were up from Lawhorn's camp Sunday.

Walter Laird went to Coquille for Ernest Lamb and family, relatives of Mrs. English.

Lelah Parks was unfortunate in cutting her thumb, while dressing a chicken for Sunday dinner. It was given immediate attention and we trust it will not give her much trouble. Sabbath School was held at the home of Flossie Wilson with a larger attendance than usual.

Death of Mrs. Hilborn

Mrs. Emma Alice Hilborn died Tuesday night at her home at Millville. She was one of Coos county's oldest pioneers, having lived in the county 57 years. She reached the advanced age of 87 on October 15, 1923. She was the wife of the late Charles S. Hilborn. Mrs. Blanche L. Clough, her niece, has taken care of her for the past year. She came to Coos county in 1866 and has lived in her present property since 1867, having lived farther up Coos river during the first year.

Funeral services will be held at 11 o'clock Saturday morning at Wilson's chapel under the auspices of the Eastern Star. Rev. T. H. Temple will be in charge of the services.

Chapel services will be public and those at the Odd Fellows cemetery, where interment is to take place, will be for the members of the family, only.—News.

MYRTLE POINT ITEMS

F. W. Barker, of North Bend, spent the week end in Myrtle Point.

Dr. and Mrs. Jas. Richmond and children and Mr. and Mrs. J. Ireland, of Coquille, were Myrtle Point visitors Sunday.

Mr. and Mrs. Chas. Johnson and baby daughter were Coquille visitors Sunday.

Mr. and Mrs. W. C. Fensler and Harry Fensler returned Saturday from Portland where they have been for several days.

Mr. and Mrs. E. C. Baker and children were in Coquille Sunday.

The girls' preliminary in the Myrtle Point-Bandon basketball game on Friday started with a rush, the first quarter ending 10 to 5 in favor of Myrtle Point. Points piled up fast and by the end of the first half Myrtle Point was leading 22 to 14. The girls played hard and Myrtle Point was again leading at the end of the quarter 30 to 26. Due to an error on the boy who chalked up the scores on the blackboard the score at the close of the game was represented as being 39-38 in favor of Bandon, but the real score was 41-38 in favor of Myrtle Point. When the Myrtle Pointers learned of their victory they went wild with joy.

The boys' game looked like a close fight at first with the score 2 to 1 in favor of Bandon at the first quarter but Myrtle Point rallied and led 10-7 at the half, 19-10 at the quarter, and 22-12 at the end. The game was very rough. Mast, of Myrtle Point, was cut above the eye and the referee had to take time out for himself, when his whistle cut his lip.

The fire alarm sounded about 7 o'clock Thursday evening but the fire truck could not come near the fire as the powder house on Roy Garrett's ranch was burning. They had been blasting stumps and had put the dynamite and caps in the little house. If the caps had been lying on the dynamite they would have set it off and caused a good-sized explosion as there were four boxes of powder. However, the caps were lying on the opposite side of the powder house, so everything was burned but there was no explosion.

Mr. and Mrs. Clarke Fensler left Monday for Portland.

The Young People's class of the M. E. church held a party at the home of the president, Ora Carter, on Thursday evening. After the social

time a short business meeting was held and refreshments were served. Those enjoying the evening were the following: G. A. Speis, teacher, Genevieve Clarke, Bertha Cotton, Aileen Barker, Marjorie Stemmler, Veda Widby, Thelma Marquam, Elsie Cutler, Ena Christensen, Shirley Carter, Bill and Bob Ladd, Dick Bliss and the hostess, Ora Carter.

Mr. Smith, of the Smith-Russell studio at Marshfield, was in this city Thursday to take the pictures for the M. P. H. S. annual.

Mrs. C. A. Guerin was ill several days last week but she is much better now.

Mr. and Mrs. E. C. Roberts were Coos Bay visitors the latter part of last week.

Mrs. O. H. Clarke gave a musical at her home Saturday evening for her piano pupils and their parents. The pupils taking part in the program were: Elsie Moller, Vera Johnson, Pearl Sykes, Genevieve Clarke, Bernice Davenport, Blanche Felsler, Wilda Barker, Ardyea Clinton, Cornelia Clausen, Agnes Deyoe, Lois Ray, Florence Felsler, Aileen Barker, Elma Russell, Caroline Snyder, Mildred Russell, Jean Pressler, Jay Schrieffer, Robert Clarke and Barton Stemmler. A social time was enjoyed after the program. Most of the pupils were accompanied by their parents.

J. L. Barker has been ill for several days but is better at present.

Dr. H. D. Clarke is also on the sick list this week.

Oscar Hoeberg died Monday at the Kelzer hospital after a comparatively short illness. Funeral services were held at the chapel Wednesday afternoon.

W. R. Rockwell has returned from Bandon, where he has been visiting relatives for a short time.

Earl W. Gates, of the Coos-Curry Telephone company of Marshfield, was in Myrtle Point on business Wednesday.

Mr. Shores, of Gravel Ford, was in town Wednesday for medical attention. He had chopped the back of his hand and cut several tendons.

Wouldn't Offend Dad

Those who are still worried about the younger generation should attend to the following story, which I assure them is literally true. Not long ago an undergraduate told me that he personally did not like to drink, and did not drink except when home on vacations. "Even there," he said, "I do not really want to drink. But what shall I do? I can't bear to hurt father's feelings?"—Scribner's.

Powers and Coquille Tie

Standing of Teams				
	W	L	T	P.C.
Coquille	3	0	1	1.000
North Bend	3	0	0	1.000
Marshfield	3	2	0	.600
Arago	2	2	0	.500
Myrtle Point	2	2	0	.500
Bandon	1	2	0	.333
Powers	1	2	1	.333
Coos River	0	5	0	.000

Coquille still retains its tie with North Bend for the leadership of the Coos County High School association in basketball, but it has a dark mark against it in the shape of a tie with Powers last Saturday night.

The tangle over the score seems to have happened because the game was so fast that the scorers could not keep up with the players, and when the game ended Coquille was declared the winner by a 13 to 12 score. Later in checking over the score book, the Powers scorer claimed that her team had won 14-13 but close followers of the game convinced her that she had credited a point which Powers did not make.

The error happened in this way. In the last quarter Powers had two free throws on a personal foul by a Coquille player. One of them was thrown while the other was not; but the Powers scorer credited them both as thrown, while the Coquille record keeper gave credit for neither one.

After the Coquille players had returned to the hotel Powers made its claim for a victory, but finally conceded that the real score was a 13 to 12 tie.

It was decided to play the game over again at Myrtle Point, the date for which has not been set.

The game was another rough one for the first half when the referee allowed anything to go, but when Clayton Mast went in to officiate in the last half, he held the boys of both teams down.

The other games, which were played Friday night, resulted Marshfield 34, Coos River 15; Myrtle Point 21, Bandon 11; North Bend 56, Arago 24.

Biggest Week Ever

The logging department of the Coos Bay Lumber company last week broke all previous records when it delivered all carloads of logs to the booms of the mills in Marshfield, says the Coos Bay Times.

The average load of a car of logs is 6500 feet but some of the loads the past week were considerably larger than usual and it is estimated that six million feet of logs were dumped into Isthmus Inlet.

The cars would have made, if coupled together, a single train seven miles long. They came from the Smith-Powers camps at Powers and Cunningham and some from the Cedar Point boom. The employees of the logging department are getting quite a "kick" out of putting over the greatest week that A. H. Powers and Fred Powers have ever known in log deliveries.

A Perpetual Benediction

Editor Sentinel:—We desire to publicly express our gratitude to our friends who so ably assisted us during our bereavement and to thank them for the beautiful floral pieces. Surely such neighborliness is a perpetual benediction.
Mrs. Edith Woodward and children.
Arago, January 29.

Asks Fair Play for Germans

R. A. Easton writes under "East Fork Notes" some news out of his community but always has something to say mostly about Germany and the Germans. It seems he doesn't like anything that is connected with the German people. But all of his writings show that he doesn't know anything else, as the little news of his community, or his brains are not developed to digest all of the news that happens in this world. Add that he is really talking about is the drop of the German mark, every child at the age of 6 to 7 years has knowledge of the circumstances that are responsible for the low stand of the mark. The German language is dead

sure because Easton says so. I don't want to say anything about the education or intelligence of the German people—but Mr. Easton has to learn quite a bit more to make up with the average German man or woman. From fellows like Mr. Easton the people of Germany don't expect any help; it is sure a good thing, that the average American has got more love and sympathy for the starving children of Germany or any other country than Mr. Easton has. I know it is no use to try to change the poisoned, fanatic opinion of Mr. Easton, as men like him are not broad-minded enough to understand the world affairs.

Did Mr. Easton ever read what David Lloyd George of England said?

Geo. A. Maas.

Coquille, Ore., Jan. 25, 1924.

Sunk Without Trace

Fear that the Dutch steamer, Papyrus, formerly the American owned Susquehanna, may have met an unexpected fate similar to the Cyclops, is now felt at Halifax.

The Papyrus is a 300 ton vessel, loaded with liquor and consigned to Halifax, which left Antwerp December eighth and has not been heard from since. Belief has been expressed that it sunk with all hands on board as gales have been raging off the Nova Scotia coast for the past week, causing considerable loss to shipping.
