Why Register Births

There is hardly a relation of life, social, legal, or economic, in which the evidence furnished by an accurate registration of births may not prove to be of the greatest value, not only to the individuals but also to the public at large. It is not only an act of civilization to register birth certificates but good business, for they are frequently used in many practical ways:

1. As evidence to prove the age and legitimacy of heirs;
2. As proof of age to determine the validity of a contract entered into by an alleged minor;
3. As evidence to establish age and proof of citizenship and descent in order to vote;
4. As evidence to establish the right of admission to the professions and to many public offices;
5. As evidence of legal age to marry;
6. As evidence to prove the claims of widows and orphans under the Widows and Orphans Pension Law;
7. As evidence to determine the liability or parents for the debts of a minor;
8. As evidence in the administration of estates, the settlement of insurance and pensions;
9. As evidence to prove the irresponsibility of children under certain years of age for crime and misdemeanor, and various other matters in the criminal code;
10. As evidence in the enforcement of laws relating to education and to child labor;
11. As evidence to determine the relations of guardians and wards;
12. As proof of citizenship in order to obtain a passport;
13. As evidence in the claim for exemption from or the right to jury and militia service.

The law requires that the baby's birth be reported by the physician, the nurse or midwife in attendance, to the health officer or town clerk, who reports it to the State Board of Health. If you are not sure that this has been done for your baby, write to the State Board of Health, and if they have no record they will send you a blank on which you may record the child's birth yourself. It is not too late at any time, and may be very important for him in the years to come.

EAST FORK NOTES

Among those who are enjoying the beauties of the river and mountains Sunday were Mrs. Sickman and daughter, Geraldine, Mrs. Stuart McDonald, Mrs. Vincent and their men folks, all of North Bend.

From Coquille, Mrs. E. W. Gregg, Mr. and Mrs. Pankey and children, George, Donald, and Dorothy, Mr. and Mrs. Jack Mast. Harry Mast, a son of Mr. and Mrs. Fred Mast, of Middle Creek, was with them. They spread their table cloth and made their coffee for supper on the roadside near the maples. So when they got home all they had to do was to go to bed. Jack says the Shasta Valley country is a good country, but he does not seem enthusiastic over it.

Miss Weekley, who taught the school at Pleasant Hill gave her school children a picnic at the creek above the club grounds Saturday. Mrs. Gearhart was along to help take care of the children. Rob Ray and Russel Royer gave the use of their cars for the trip.

Some folks who were taking in the scenery Sunday, sing in the church choir in their home town. And their leaving their places in the choir or pew for their ride and stroll, caused me to wonder, wonder, if their absence from the church service did not pull some hair out of their minister's goat?
