Severely Injured Sunday

H. R. Green, who recently came here from Melrose, Oregon, suffered a broken leg, a dislocated shoulder and had some of his ribs broken Sunday afternoon near "Beefsteak Inn" on the highway, when a car driven by Mrs. Grace Hatcher, of this city, ran over him and pinned him down.

Green has a contract for cutting brush and had just returned from Melrose with his son, Allen M. They were going to turn through a gate into the large barn in which L. P. Branstetter formerly kept his herd, a half mile beyond the stock corral. They had run a little beyond the gate and Green had gotten out to see if a car was coming before backing up, when the Hatcher car came from Marshfield. That car tried to go around him at the same time he jumped that way to avoid it, and it ran up on the bank, clear off the pavement pinning him beneath. A front wheel on the car was smashed in the hill-climbing stunt.

Mrs. Hatcher had no driver's license but her husband, Archie Hatcher, was with her in the car.

Mr. Green was brought here to the hospital and his wife has since come from Melrose to join him.

Chinese Crook to be Deported

A Chinese boy by the name of Chong, from North Bend, was brought over here Monday evening and turned over to Probation Officer Morrison. He is a persistent thief and although only nine or ten years of age, has been in lots of trouble.

Before leaving the house that evening Mr. Morrison told his wife to lock the boy's clothes up as soon as he had gone to bed, but he sneaked into the kitchen when she left the room for a moment and in attempting to get into a receptacle containing \$16, caused the dishes to click. As she rushed back he fled from the house and was picked up on the streets a few moments later by Officer Williams. He will be deported. His father lives in North Bend and his stepmother in China. She sent him over here because he was incorrigible.

Grand Jury Report

The following is the report submitted by the grand jury on May 31, after they had made a tour of inspection of the county farm and the county jail. The report on both institutions indicates that they found everything in a most satisfactory condition at both places:

County Farm

We, the members of Grand Jury, visited the County Farm on Thursday, May 29, 1924, and found the buildings, rooms and barn to be kept in very sanitary condition. Interviewed inmates and all reported fine treatment by the management.

Buildings show lack of paint and we recommend that same be repainted at early opportunity for preservation as well as for improvement of general appearance. Recommend hospital building be re-shingled and all others repaired as needed.

Recommend that county secure five acres of land at water source and a 4-inch main be laid from reservoir along county road to a point of distribution near buildings, the same being necessary for fire protection.

We heartily commend the efficient work being done by the Superintendent Geo. Battey and his wife.

County Jail

We, the members of Grand Jury, inspected the County Jail on Saturday, May 31, 1924, and found everything as sanitary and satisfactory as possible with the overcrowded condition. The toilets were remarkably free from odor, the cots comfortable and ventilation good. Prisoners all appeared in good health. The culinary department exceptionally clean.

Prisoners' quarters in need of new coat of paint but assured by Sheriff Ellingsen, paint is already purchased and will be applied soon as jail becomes less congested.

Respectfully submitted,
M. O. Hawkins,
Foreman Grand Jury.

Died at Riverton

Last Thursday, June 6th, Martha Jane Lee, of Riverton, beloved wife of James Francis Lee, departed this life after an illness of about a week of pneumonia. When it became known that her condition was serious messages were sent to her children, who hastened to her bedside to give her every comfort and cheer that was possible, but loving care could not keep her and she answered the summons, "Come up higher."

She was born in Ohio April 12, 1845. She was married to James Francis Lee in Iowa Feb. 10, 1866 and to this union were born five children: Lewis A. Lee, Tulare, California; Ella J. Orr, Onslow, Iowa; Mary Lee Kelly Brien, Oakland, California; Sara E. Martin, Colfax, California; James G. Lee, Riverton, Oregon.

All of them with her husband survive her. The funeral services were held at the Ellingson Chapel. E. A. Palmer, assisted by the Women's Relief Corps of Bandon, conducted the service. "Lead Kindly Light" was sung, being the favorite hymn of the deceased. The many beautiful floral tributes spoke silently of the love of her many friends. For "none knew her but to love her; none named her but to praise."

I cannot say and I will not say That Mother is dead. She is just away, She gave a small sigh, never raised her hand When she wandered into that unknown land. I am hoping and praying that Land is fair, For our Mother, our loved one, is waiting us there. God called her, she answered, she could not stay, But she is not dead, she is just away. ...

Unusual Accident

A rather unusual auto accident is thus narrated in the Riverhead, Long Island, News:

While going rather sedately across a bridge at West Lake, Patchogue, on a recent Sunday, the Ford car owned and operated by John Garabaldi suddenly decided it needed a bath all over at once, so it jumped for the lake, and

Bystanders were horrified when the car landed bottom up in the water. They expected the driver would surely be drowned. Shortly they saw him bob up through the water, entirely unhurt. Later the car was fished out, and, of course, went away under its own power.
