Riverton School Notes

By Mrs. I. G. Hartwell
The high school has just received a shipment of books, containing one hundred and ten volumes. Just previously another shipment was received, containing seventy-five volumes. The high school students are helping their teacher, Mrs. Mary C. Harvey, prepare them for circulation.

The Riverton school student body, which was organized some time ago, has elected the following officers: Fred Clinton, president; Lyric Smith, first vice president; Jack Carlson, second vice president; Mildred Welch, secretary; Ronald Ward, business manager; Fred Watson, treasurer; Spencer Ward, yell leader; Grace Johnson, song leader; Clyde Schroeder, editor in chief; Gladys White, assistant editor.

The directors of the Union High School met with the directors of District No. 4, at the school house last Saturday afternoon, to make arrangements for carrying on the high school for the remainder of the school year. Among other things they planned a budget of expenses. The budget is to be posted soon, calling for a school meeting on Saturday, December 6th, to vote upon same. The board has requested the teachers and high school students to give suggestions for a name for the new union high school.

This week the students of the Riverton schools are very busy with the six weeks review and examinations.

Much interest is being shown by contractors in the building of the new high school building. And the board of directors suspect they will be quite busy for a time next Tuesday afternoon, opening sealed bids for the erection of the building.

On Friday afternoon the pupils of Miss Law's room gave an interesting little play, advertising Children's Good Book Week. Some of the characters of the play were the Good Book fairy and famous persons in children's classics. The room was tastefully decorated with posters, etc., telling of book values. All patrons of the school and teachers and pupils from the other rooms were invited. The room was nearly filled with an eager, interested and appreciative audience.

Two little orphan kittens, who were nearly starved, came into the high school room one morning this week. The students fed them, and determined to find them a home. They were finally adopted by two of the girls.

The following students were absent from high school Tuesday on account of illness of themselves, or some member of the family: Clyde Schroeder, Fred Watson and Spencer Ward.

County Spelling Records

Coos River finished first in class A of the Coos county seventh and eighth grades spelling contest. Its percentage for the four lessons of the contest was 99.3. Eastside school in Marshfield was its closest contender with a score of 98.6. Bandon stood third with 98.2. Harding school in Marshfield was fourth with a percentage of 97.9. Bridge school was fifth with 97.3. Busker-Hill came next with 94.7. Powers was seventh with 94. Myrtle Point was eighth with 92.7. North Bend was ninth with 90.7. Coquille stood tenth with 90.6.

Six of the class B schools which have been heard from finished the four tests with perfect scores. They were: Remote, Delmar, Prosper, Beach View, Sitkum and Glenn Junction. Several other schools are yet to hear from. Lessons were delayed in two of them by the high water.

Teams from the schools with perfect scores will meet in an old-fashioned spelling bee at the teachers' institute in Bandon next week to decide the winner in class B. Class A consists of schools with more than 15 students in the seventh and eighth grades. Class B is made up of schools with 15 or less.

Lesson Two

North Bend Gets City Delivery

E. J. Adams, secretary to United States Senator R. N. Stanfield, telegraphed Wednesday that he had a conference with General Bartlett, first assistant postmaster general, and secured the promise to issue an order giving North Bend a city delivery effective December 1.

North Bend for the past month has had a village delivery but the city delivery gives better service. It allows the delivery of parcel post, which is not included in what is known as the village delivery. The salary of village delivery man is \$1000 a year, while the carrier for a city delivery receives \$1400.

It means that North Bend will now have a regular city delivery service and a better service than has been in effect for the past month.

Franks of Floras Creek

Strange pranks were played by the high water of Floras creek during the big rain two weeks ago. The upper Floras creek bridge was washed from its foundations and carried down the stream a mile and half and deposited in an upright position opposite the Star dairy, on the south bank. The bridge, which was a structure about 75 feet long, passed under the lower bridge, which spans the Roosevelt highway, on its journey down the river.

A quarter of a mile above the site of the upper bridge the stream left its bed and took up a course through the James Syphers ranch. It took two days of strenuous work on the part of the Syphers and their neighbors to persuade the river to return to its original channel.

On Elk river, eight miles south of Floras creek, the river raised so rapidly that a resident living near the bank of the stream was forced to flee and leave his car in his garage. Within a few hours only the top of the garage could be seen above the swollen waters.—World.

Where is Whereat?

Mrs. Ellen Whereat has started a suit for divorce from her husband, L. A. Whereat. It is stated in the complaint that the couple married Sept. 27, 1896. The complaint states that the husband left Coos Bay in 1922 and said he had no intention of returning and that she had since been informed by him that he would not come back to live with her.

Hurt on the Highway

Several persons were injured when an automobile turned over on the Coquille highway near the Flagstaff school Wednesday. The members of a family from Bridge were in the car. The auto skidded and turned over on the pavement.

The car was driven by C. A. Brewster, who with his wife escaped injury. Their daughter, Mrs. J. E. Conley, had her arm badly sprained but her infant child escaped.

Two little sons of Mr. and Mrs. Brewster, Roy, aged 5, and Jim, aged 5, were hurt. They were thrown through the windshield. Both had cuts on their heads and Roy's wrist was hurt. The injured were brought to Marshfield for surgical attention.—Times.

New Light at Cape Blanco

J. S. Hughes, who has for more than 20 years been lighthouse keeper and assistant keeper at the Cape Blanco station, was in Bandon, a guest at the home of Dr. R. V. Leep.
