Life Saving Dog on Duty

Ernest Lang, 18, of Lynn, Massachusetts, fell into a pond, where ice had been cut. He was close to shore, but the bank was precipitous and 15 feet high. A German police dog leaped in, seized him by the coat collar with his teeth, and held him up until older boys on the shore pulled him out. Doesn't a dog think?—Journal.

License Must Be Exposed

War has been declared upon the motorist who conceals his license plates, according to word received by Traffic Officer C. C. Williams from

Secretary of State Sam A. Koser.

This ultimatum goes for the person who maliciously tucks his plate away beneath the protecting shelter of a tire rack, bumper or fender and also for the individual who unconsciously permits the plate to remain where it cannot be seen without effort.

For Easter Observance

Pulpit Rock, where Jason Lee preached to more than 1,000 Indians, 87 years ago, will be the scene of another religious spectacle at The Dallas Easter morning, when a sunrise service is planned by the Knights Templar there. Pulpit Rock, long obscured in a hilly position south of the high school, has been made accessible by street improvements and now is at the center of an intersection. It is planned to make this Easter service an annual event.

House for Hatchery Tender

Herbert Brown, of Bandon, has been awarded the contract to build a modern cottage for Moss Averill keeper of Bandon fish hatchery. Brown submitted a bid of \$2,956.90. I. L. Young, of Marshfield, and Mel & Mehl of Bandon were unsuccessful bidders.

Along the Highway

Mrs. Chas. Oerding arrived home last Thursday from Port Orford, where she has been visiting her parents, Rev. and Mrs. W. S. Smith. Mrs. Smith accompanied her daughter home for a short visit.

M. D. Sherrard is suffering with an attack of rheumatism.

Mrs. Alec Petersen and Mrs. M. D. Sherrard were hostesses to the C. F. Club last Friday. There was a good attendance despite the inclement weather. During his business session, it was voted to hold a food sale Saturday at Chapin's store. Mrs. James McGuffin will entertain the club in two weeks.

Mrs. A. L. Noller, mother of Mrs. Aaron Wilson, passed away Monday and was laid to rest Wednesday afternoon. The Wilsons have the sympathy of the entire community in their bereavement.

G. E. Raymond has had a severe attack of chicken pox, but is much improved at this writing.

Mr. and Mrs. W. L. Norton left Wednesday for their home in Alton, California. They went out by way of Grants Pass.

Mrs. W. S. Smith and Mrs. Chas. Oerding spent Wednesday shopping and visiting friends in Marshfield.

We have another grandpa in our neighborhood, and his name is J. H. Oerding. A little daughter came to live with his son, John, and wife at Marshfield.

Ladies Orchestra, March 2

The management of the Liberty Theatre is very glad to announce the coming of the Ladies Columbia Concert Orchestra to our city on Monday evening, Mar. 2nd.

Without doubt this will be the greatest musical treat ever presented in Coos county for the orchestra has achieved a place all its own in the musical world. They present a magnificent musical program from classic to popular.

This unique organization is composed entirely of young women and is one of the most pleasing musical organizations before the public today. Mme. Frances Knight, the conductor, has been very careful in selecting her girls and has only the very best musicians in the organization, each one being a soloist on her instrument.

The concerts given recently by the Orchestra are extravagant in their praise.

7,000,000 Feet of Lumber

E. Jacobs, of Detroit, left Monday for California after spending a couple of weeks here during which he disposed of a timber claim beyond Bridge to P. W. Laird, of Myrtle Point. The 160 acres included about two million feet of cedar in addition to about five million feet of fir. Mr. Laird expects to take the cedar out this season.

Mr. Jacobs said he disliked to sell the tract as he took it up thirty-five years ago. However they are logging all around it now and he feared the fire hazard. He had been engaged in the auto accessory manufacture near Detroit and had not visited the tract since he took it up until last week. His wife died about a year ago and he has been traveling most of the time since. He plans to return here in June for an extended stay.—Times.

Highway Completion Assured

The completion of the Roosevelt highway in Coos and Curry counties, including the very expensive work in the latter county, seems to be fully assured by the enactment into law of the bill introduced in the senate by Senator Chas. Hall and sponsored in the house by Representative Ford. This will not result in the speedy completion of the road from the Umpqua northward to Tillamook but will give us a year round road down to the California state line, and furnish Oregon's part of a highway to San Francisco from this state when snow blocks the road over the mountains south of Ashland. Of course, we are all hoping this will soon be followed by the building of the missing link in the Southern Pacific between here and Eureka.

Brick Plant for Bandon

The Bandon Shale Products Co., a concern for the manufacture of brick on the main highway about a mile and a half south of town, is making headway toward organization, says the Western World.

Articles of incorporation were filed at Salem this week by Dr. H. L. Houston, Stephen Gallier, and L. S. Klineman, with a capitalization of \$30,000 consisting of 1200 common shares, par value \$25 per share. W. E. Crews, corporation commissioner, has issued a certificate of incorporation which has been received by the Bandon people.

One half of the stock has already been subscribed, which permits the subscribers to meet and organize.

Morning sermon: "The First Witness to Jesus as the Son of God." Who was this witness? Who was first to deny that Jesus is the Son of God? Is it wise or is it foolish and wicked to make such a denial? "What think YE of Christ?"
Evening sermon: "Jacob Returns to Bethel." Where is Bethel? When was Jacob there? What sacred memories and historical scenes cluster about this city? What noted persons are associated with it? Why is this visit outstanding in the life of Jacob? Jacob did here what every back-slidden Christian ought to do. What was it?
J. S. Penix, pastor

Church of Christ

The passing of a great soul from our midst brings sorrow to our hearts. Mrs. Annie Hatcher Noller has been a faithful member of this congregation for many years and her life and example have been a source of great inspiration to all who knew her. Her interest in the church continued to the very last. Her daily prayers were for the pastor, the church and her loved ones. May we all be inspired by her noble life to do our best.

Bible School begins at 10. Let us all be there. 250 is our goal.

Antitoxin to Alaska

The recent dash of the dog teams across the frozen snows of Alaska to save the diphtheria stricken children of Nome with the life-saving diphtheria antitoxin, sent a thrill across the country. Braving blizzards and fighting the frost, the dog team drivers faced overwhelming odds to bring relief to the little sufferers. When the dash was over, the remedy received, most of us had a greater sense of appreciation of the advantages of living in Oregon where antitoxin and the preventive treatment for diphtheria are easily available. But have we made use of these advantages and protected our children against diph-

theria?

Diphtheria antitoxin was first made in 1894, and was shortly afterwards introduced into the United States. It was promptly recognized as a sure cure for the disease if given in time, and as a preventive when given to those who had been exposed. It was thought that diphtheria would soon be eradicated. To be sure, the number of deaths from diphtheria has diminished considerably. But why do we still have any cases or deaths? We have cases because there are diphtheria carriers, these persons who harbor the germs of the disease but have enough natural resistance so that they do not show the symptoms or become ill.

Crecent City Damaged

A gale that turned into a virtual cyclone struck Crescent City Monday, leveled several business buildings and residences, uprooted trees and for a time seemed bent upon destroying the entire town. Total damages was estimated from \$50,000 to \$100,000. No deaths or personal injuries were reported.
