Have your Sunday dinner at the new Coquille Hotel. Per plate \$1.25.

F. M. Laird, of Marshfield, is serving a 30-day sentence, with a hundred dollar fine still to be served, for possession of liquor. He was brought here to jail on Wednesday.

Roy Hilliard, a local automobile salesman, paid a \$5 in Justice Stanley's court Tuesday for operating a car without an Oregon driver's license and thought that sufficient.

Cut flowers and pot plants; funeral work a specialty. Leave your orders with Gould & Gould, agents, Marshfield Florist Co. 394f

Better prepare for a cold dipnet or a late one Sunday, if you depend on juice, as the Mountain States people are going to have the time out of control this time of the season of the day.

Earl Shull, an old time buckaroo and pal of Wm. J. Ferbrache in the day when they were riding up in the Umatilla country, was a Coquille visitor yesterday morning from his home in Portland.

Fresh milk goat, with kid, for sale. Bert Seal, Coquille. 51f

Editor McDaniel, of the Coos Bay Harbor, at North Bend, is ill at the Keizer hospital with pneumonia. The physician states that it is not a serious case and it is hoped that he will be back at his desk soon.

A son was born yesterday morning to Mr. and Mrs. Stephen T. Dey, at the John Elwood residence in the north part of town. The boys are residents of Myrtle Point, where Steve conducts a meat market.

Harrison Hartley, 80 years of age, and a resident of Broadbent, was found insane in probate court Wednesday and committed to the asylum. He is a native of North Carolina who came to Oregon 50 years ago.

It will be easier and more pleasant to take your Sunday dinner at the new Coquille Hotel.

Mr. and Mrs. Gus Schroeder were down here from Arago last Monday. They said that their section had practically recovered from the grip epidemic which has been going so strong in Coquille the past ten days.

Mrs. Burdin and daughter, Miss Mollie, came down from Portland last week with Mr. and Mrs. E. O. Clinton, who had gone up there to attend Mr. Burdin's funeral. The ladies will visit the Clintons here for a month.

Ed Sutton was brought up from Bandon Monday and lodged in jail, charged with assault with dangerous weapon. He poked a gun into the ribs of two citizens down there, but in each instance the gun only snapped.

Graham's Hall is advertising its regular Saturday night dance this week with the local Wampus Cat Strollers to furnish the music. The Cats have increased their number to six in order to provide the best music for this popular hall.

J. D. Graham underwent a second operation at the Richmond hospital Monday, which he seems to have withstood fairly well, although a choking spell just afterward came

near to resulting fatally. He is feeling better now and has a good chance for recovery.

The Rebekahs will have a social evening Wednesday, March 25, following regular lodge session, entertaining for members whose birthdays occur during the month of March. All members urged to be present—Committee.

Mr. and Mrs. Clare Mintony Tuesday became the parents of a pair of twins—a boy and a girl. They now live on Coos River though Mr. Mintony was formerly of Coquille and Mrs. Mintony was Miss Edna Alley, a teacher in Coquille and Marshfield schools before her marriage.

The Woman's Home Missionary society of the M. E. Church will meet at the home of Mrs. Abbie Kelley Thursday, March 26 at 2 o'clock. The usual program will be given. Anyone wishing to come will be welcome. These are very interesting and instructive meetings, so come and help make this a worth while meeting.

Since his return from Langlois, Lana Leneve has been putting out a lot of traps, laying a string fourteen miles in length. Lana is working under the State Game Commission this year with a free lance appointment, which enables him to go wherever he desires, and he may move on to eastern Oregon a little later.

Rev. E. N. Turner, of Portland, formerly of Pennsylvania, who spent two weeks in this community preaching for the Baptist church here and the church at Broadbent, has accepted the pastorate of these two churches and will preach in Broadbent on Sunday mornings and in Coquille Sunday evenings. He will be here next Sunday and his family will move soon.

Clark Fensler, of the Hub at Myrtle Point, was a Coquille visitor Tuesday. He says that his mother has recently returned from southern California where she had been with her son, Harry, and that the latter is improving in health but the prospects are he will have to remain in a sanitarium for six months at least. He expects to make his home in the future in southern California.

Wm. J. Ferbrache is enjoying a visit from his mother, Mrs. Alex Smith, her two sons, Robert and Earl Smith, and the latter's wife. They arrived this morning from Medicine Hat where they have withstood the rigors of the Canadian winters for many years. The elder Mrs. Smith is an invalid, who has been confined to her bed for ten years, and it is probable that all of them will be able to make their home here, where the climate is not severe on the aged and infirm.

Special Chicken Dinner at the new Coquille Hotel every Sunday.

Cliff Perkins a Visitor

Cliff W. Perkins, of Hollister, California, was a caller at the Sentinel office yesterday. He is having his annual vacation and, of course, he wanted to spend it in Oregon. Mrs. Perkins has been up here with her parents, Mr. and Mrs. J. M. Thomas, of North Bend, for the past six weeks. They expect to return to Hollister next Sunday. Cliff says it is a mighty good country down there, but that rain is estimated to be worth a million dollars an inch, and last year they had only two inches. The present season they have had seven inches and fruit prospects are excellent.

Want Caravan to Eureka

At the suggestion of the Eureka Chamber of Commerce, B. K. Lawson, of Wedderburn, is urging the chambers of Coos and Curry counties to unite in forming a caravan, with Eureka as its southern terminus, to make the southern trek some time this summer.

The Coquille Chamber laid the invitation over until it could be ascertained how the other commercial bodies in the county felt toward the proposed trip.

"Brick" Leslie May Quit

"Brick" Leslie was quoted in the Coos Bay Times as saying that his "would not" coach Coquille High football and basket ball teams next year. The wish is evidently father to the thought over on the Bay, for all "Brick" said was that he didn't think he would coach next year. Conditions may arise which will enable the school to secure his services again.

How to Prevent Flu

The following information as to the cause and spread of influenza received this morning from the State Board of Health is very timely now that there are so many persons suffering from the flu here in Coquille:

While we do not think there is cause for serious alarm, there is no question that influenza is more prevalent than it has been for some time in Oregon. Reports from other parts of the United States show that there are many cases of the disease. Notwithstanding the great amount of study that has been devoted to influenza, we are still unable to prescribe measures for its complete control. It is impossible to classify this disease properly until more studies have been made by the clinical bacteriologist.

As a result of the absence of exact diagnostic criteria, influenza is today a diagnostic scrap basket into which has been thrown the odds and ends in the way of minor infections which the bacteriologist is not ready to help the clinician classify with precision. The cause of the epidemic, or of the supposedly existing sporadic influenza is not surely known. We are as far as ever from conclusive knowledge as to the source of influenza.

There is undoubtedly some connection between the common cold and influenza. There seem to be cases of common cold which are almost indistinguishable clinically, and the bacteriological findings in the nose and throat of influenza sufferers and persons having a common cold are, as far as the evidence goes, practically the same. The preventive measures are practically the same.

These infections are spread by crowding, artificial heating, soiled handkerchiefs, soiled hands, promiscuous spitting and imperfectly cleaned and unsterilized eating and drinking utensils.

Prevent Influenza by:

1. Keeping away from places that are overcrowded.
 2. Plenty of sleep. Sleep with an abundance of fresh air.
 3. Careful diet. Eat in moderation.
 4. Warm feet and dry clothes. Avoid chilling.
 5. Keeping fingers out of mouth and washing hands before eating.
- If sick keep away from others until cured!

Death of Fred Selander

Fred Selander, of Sumner, brother of A. A. Selander, of this city, and a pioneer resident of Coos county, died at his home Sunday evening, from pneumonia. He had been ill for two years, following an attack of pneumonia and influenza.

The deceased was 46 years of age and a native of Finland, who came to the United States when three years of age.

Other surviving brothers are Geo. E. and Ellis Selander, of Marshfield, W. M. Selander, of Portland. His sisters are Mrs. John Grant, of Marshfield, Mrs. O. N. Wilson, and Mrs. Miles Richardson, of Sumner, and J. A. Skinner, of Corona, Calif. The funeral services were held at the Wilson chapel in Marshfield at one o'clock Wednesday.

Would Send Them East

An orchestra of five young men at North Bend, all string instrument musicians, rendered a short concert in the hotel lobby Wednesday evening which was greatly enjoyed by the throng which quickly gathered.

The orchestra is one for which eastern plans are contemplated. Provided they are accorded sufficient support, the five boys and their manager will make an auto trip east, playing and singing and advertising Coos county in auto camps and cities of the east.

They are expecting to partially pay their way and are asking the commercial bodies to assist. Coquille's quota, should the plan go through, would be about \$165.

Petition for Road Bond Election

Petitions calling upon the county court to hold a special road bond election at an early date are being freely signed in all parts of Coos county. The petitions ask that the following projects be submitted to the voters for separate action at the same election, each issue to stand or fall alone:

Bond issue of \$280,000 to match state and federal funds now appropriated or to be appropriated;

Bond issue of \$490,000 for improvement and construction of permanent roads of the county as voted in November, 1924;

Bond issue of \$90,000 for construction of a bridge across Coos Bay or Ithmus Inlet near the Coos Bay Lumber company plant.

The bonds would be serial, of \$1000 denominations, and to bear five per cent interest.

Arago Quintet Lost at Salem

The Arago basketball team presented a very crippled front in the state tournament at Salem last week. Everett Lafferty, who was unable to participate in the county tournament because of illness, was unable to go outside and two others of their players, Vivian Schroeder and Art Farrier, were down with the grip and unable to take part in the McMinnville game, almost as soon as they arrived at the capital. McMinnville won the game by a 37 to 16 score, but with their full strength in the game, Arago could have given them a run.

Salem won the state high school championship by defeating Franklin High, of Portland, after that school had won from "Spike" Leslie's Eugene High team.

A New Gym Class

A new class in gymnasium has been organized. Their first meeting will be next Tuesday, March 24. The dues will be one dollar and meetings will be held once a week only, on Tuesday evening, at eight o'clock. All women over eighteen years are eligible and invited to join. The class that has been meeting twice weekly through the winter have found the work both profitable and enjoyable but decided at the meeting Tuesday of this week to reorganise, assess new dues and urge all who wish to join. Miss Martha Seabaum will be the instructor of the new class. She has made the work very interesting and her faithfulness has been greatly appreciated by those attending.

School Resuming Normal

It was a question last Friday whether there would be anyone to be taught in high school this week, forty or fifty absentees a day being the rule. The "three day flu" epidemic has been as prominent in Coquille as reports from other sections indicate it is all over the state. But school was not dismissed and those affected are gradually all getting back.

Franking Privilege

The privilege of sending and receiving mail free of postage was once enjoyed by the President of the United States, vice president, heads of departments, senators and representatives, and other officials of the government during their official terms. For a time all former presidents and widows of former presidents also had this right, but by an act of 1873 the privilege was abolished. By later acts it was conferred on all officers of the government in the case of official correspondence. In 1895 members of congress were allowed this privilege in their official correspondence.

Alone in His Progress

"Tell me," said the interviewer at the bedside of the aviator who had fallen three thousand feet and hit the earth, "what was your dominating thought as you fell through all that space?" True to his record for coolness, the aviator lit a cigarette, smiled and said: "Why, I think the thought that impressed me most was that I was about the only thing that wasn't going up."

Making His Peace

Hubert, who had been sent to bed for being naughty, could not get to sleep. At 10 o'clock he crept downstairs and said to his startled mother: "Didn't you say I was not to go to sleep until I had made my peace with my enemies, mummy?" "Yes, dear," was the reply. "Well, I've come down to forgive you and dad."
