

MINOR MENTION.

Telling About People and Events in the City and County

Buy your Groceries at wholesale prices at Nosler's Cash Store.

Traffic Officer C. C. Williams returned yesterday from a two days business trip to Portland.

J. H. Mull, of Bridge, was a caller Wednesday morning and added his name to the Sentinel's growing list at that place.

Dry Alder Wood for sale by C. W. Hill. Phone 108L.

The larger Coast Auto line buses, which were for a time banned from the highway, are again running between Coquille and Roseburg.

Amzy Mintonye left last evening for Portland after a two days' visit here with home folks. He is with the Union Oil Co. in Portland.

Wm. Silver was brought over from Marshfield yesterday to serve out a \$50 fine imposed by Justice W. J. Rust for assault and battery.

Special Chicken Dinner at the new Coquille Hotel every Sunday.

Milfred Mast, of McKinley, paid a \$5 fine in Justice Stanley's court this week for failure to stop and render aid after running over a dog and killing it.

No more cranking your car when you have your battery repaired at Coquille Service Station. All work guaranteed.

A belated notice of a new arrival. A son was born to Mr. and Mrs. M. R. Kramer, who live in the Mrs. C. R. Barrow residence, on Saturday, April 4.

Tyler Walker, who has been quite seriously ill with flu and diphtheria at the Robert R. Watson home, is improving now and will soon be out of danger.

Cut flowers and pot plants; funeral work a specialty. Leave your orders with Gould & Gould, agents. Marshfield Florist Co.

Wm. Russ has been in Coquille and on the Bay this week, having come up for the hearing before the referee of the case of Branstetter vs. Russ Investment Co.

It will be easier and more pleasant to take your Sunday dinner at the new Coquille Hotel.

Mr. and Mrs. L. P. Branstetter arrived in Coos county Tuesday from their home in Ferndale, Calif. They are visiting at the J. A. Lamb home here while in Coquille.

Fresh milk goat, with kid, for sale. Bert Seal, Coquille.

Judge John C. Kendall returned yesterday from Eugene, where he was holding court, and expects to hear seven divorce cases here next Tuesday if they all are ready for trial.

Jim Hobson and wife returned from Tia Juana, Mexico, where they spent a couple of weeks at the race meet going on there. Mr. Hobson said that he saw some fine racing there.—Myrtle Point American.

H. A. Norman has just returned home. He has been holding a meeting at Tenino, Wash., where he had a very successful meeting. He expects to go to Jerome, Idaho, to hold a revival meeting beginning May 10.

W. A. Kettys and wife, of Powers, Oregon, have purchased a lot in the Melville addition on the highway through Cotton's Real Estate Agency, and will begin the erection of a home at once.

Dairymen—Ship your Cream to the Coquille Ice Cream Co. for best results.

Oscar Starrett was bound over to the grand jury by Justice Dodge at Myrtle Point the first of the week and is held under \$800 bonds. He is charged with obtaining money under false pretenses.

It is not very often that the county clerk issues a non-resident angler's license, but this week a man named Partlow, of Olympia, Wash., put up \$10 for the privilege of whipping Coos county streams.

W. A. McCutcheon, merchant tailor, Portland, has opened up a ladies' and men's tailoring business on Front street in the C. A. Gage building. Customer's own goods made to order. Satisfaction guaranteed.

S. J. Cotton went over to North Bend this morning to attend the meeting of the Coos County Realty Board at the Hotel North Bend at noon. He will try to secure the next meeting of the board for Coquille.

Don't worry about your battery when you can take it to an expert at the Coquille Service Station and have it inspected.

Calling cards, 100 for \$1.50.

Supt. Lynn A. Parr and his brother, Glen Parr, of Marshfield, returned Monday morning from a trip to Portland and Woodburn. The wife of the former is still in Portland, while the latter's wife is visiting in Woodburn.

L. H. Hazard and C. T. Skeels drove out to Eugene Saturday evening and after a day's visit with their daughters there returned Sunday evening. Mrs. Hazard, who had been out there for a week, returned with them.

Pat Hennessy, who has the contract for constructing the highway bridge across the North Fork this side of Myrtle Point, was a Coquille visitor this morning, and brought the news of Marshfield's fatal fire this morning.

Are your Groceries costing too much; if so buy at wholesale at Nosler's Cash Store.

Mr. and Mrs. C. H. Bunch returned last week from their trip to California. They came back in his car with Frank Tension, who had been visiting in San Diego. Mr. Bunch had the flu while down there and says there is a great deal of it in the "native son" state.

William Smith, the baby of Mr. and Mrs. Wallace Smith, was born Friday, April 3, 1925, and he is the proud winner of the beautiful enameled baby bath tub that is given away by the Radio Electric Hardware Co. each month to the first child born during the month.

Have your Sunday dinner at the new Coquille Hotel. Per plate \$1.25.

K. L. Kistner last Friday re-opened the Rainbow Confectionery, which had been closed a few days for redecorating. New wall tints, freshly varnished furniture and new linoleum on the floor make the place much brighter and gives it an even more attractive appearance.

Amzy Asbell, nephew of O. A. Mintonye, left this morning after a two days' visit with his uncle. He is one of Davison's Louisville Loons, which is playing the Orpheum Circuit, and is a musician of much ability. He went out to Roseburg and will rejoin his company in San Francisco.

Roy B. Gudmundson came in last night from Vallejo, Calif., for a few days' visit with the Alf Johnson family, and to attend to the details of closing up Mrs. Gudmundson's estate. She was Miss Vesta Boyrie. He intends leaving Monday for Seattle and will be back here later this month.

As the season of Easter lasts until Ascension Day, (May 21st), the Easter services will be held next Sunday morning, (April 19th), in St. James' Episcopal Church. There will be a celebration of the Holy Eucharist at 8 a. m. and 11 a. m. with Easter sermon at the latter service. Everyone is cordially invited.

The Vincents American Hawaiian Entertainers will be at the M. E. Church South April 29th. These entertainers come highly recommended and the public is urged to take advantage of an evening of high class music and song at a low admission fee. Watch for further notice as to hour and admission price.

Dairymen—Ship your Cream to the Coquille Ice Cream Co. for best results.

Rebekah Party, April 22. Next Wednesday, April 22, after the close of the regular lodge session, the Rebekahs will entertain the members, whose birthdays occur during the month of April. All members are requested to be present.—Committee.

The "Days of '49" The firemen netted \$16.10 from the "Days of '49" last Friday and Saturday evenings. The first evening the rain cut down the attendance, but Saturday night the crowd was nearly as large as it was when the opening dance was given in Graham's Hall.

The gross receipts were approximately \$800, but after paying the local expenses there remained but \$160. Mr. Dysinger paid the help he brought from Roseburg out of his own pocket or the firemen would not have received a cent for their ten per cent.

Caution Milk Handlers to Use Care in Winter In cold weather the bacterial count of milk may be low, while sanitary conditions may not be what they should be, says the bureau of dairying, United States Department of Agriculture. The mere presence of winter, say the experts, should not lead milk-plant operators to relax care in keeping everything strictly sanitary. Although the colder atmosphere makes it easier to keep bacteria under control, a low count does not mean so much as it does in summer.

Men who handle milk are cautioned to take particular care, even when laboratory tests show satisfactory results, to see that milk does not leak through valves before it has been held long enough in the pasteurizer, as such leakage may thwart the purpose of pasteurization. Emphasis is laid on the work of bottle and can washing machines to see that sprays are not clogged, that worn and broken brushes are replaced, that alkali solutions are of proper strength, and that sufficient heat is being applied. The temperature of pasteurization is called the most important of all factors, and for this reason thermometers must always be kept in order.

Possible Truth of a Fable The food research bureau of Leland Stanford university announces that the moon has agricultural possibilities. So there may be something in the nursery tales of the jumping cow and the great cheese after all.

Drunks Saturday Night

There was considerable drunkenness and moonshine last Saturday evening, the Days of '49 bringing more to town than usual, although good order was maintained within the hall. The net result of the arrests made enriched the city's treasury by \$190. W. K. Lyons, of Powers, paid a fine of \$150 for being drunk and disorderly. He also had liquor in his pocket.

Lee Atkinson, in the car with him, paid a \$15 fine for being drunk.

J. Fowler, another young fellow with whom he was fined \$15 and is serving his sentence out in jail this week. Claremont Hannivold, of Myrtle Point, was the occupant of another car, who was pinched for drunkenness and had his \$15 fine paid for him. The other two occupants and the ones who were responsible for the car escaped arrest by being absent when the officers searched it. The report is that a woman, not much older than a school girl, had been peddling liquor from the car, but there remained only some load-smelling sacks when Officers Hollenbeck and Epperson went through it.

Referee Hearing the Case Mrs. Nellie B. Scott, circuit court reporter, and referee to whom was referred the case of Branstetter vs. Russ Investment Co., has been holding hearings on the case this week. Mr. Branstetter is suing for from \$20,000 to \$25,000, which he alleges was due him when he severed connections with the company here a few years ago. Of this amount, \$18,000, he declares, is his share of their cattle operations. The Russ Co. put up the capital and he handled the stock. They were to share 50-50. Mr. Branstetter avers that the operations netted about \$38,000 profit while he Russ Co. says here were no profits. It is to determine this point that Mrs. Scott is acting as referee and the books of both parties are subject to her inspection.

Prosper Mill to Close The Sudden & Christensen mill at Prosper is to be closed down at once and all indications are that the closing will be permanent. The mill had sufficient logs, to operate for some weeks or months yet, but when an opportunity came to dispose of them, the management decided to let them go.

H. N. Butler, who has been book-keeper at the mill for about ten years, will, with Mrs. Butler, move back to his former residence in Medford.

Stray Bits of Wisdom Exaggeration is a blood relation to falsehood and nearly as blamable. —Hosea Ballou.

What's Happening in Our Town

Myrtle Pointers Lose Debate The Myrtle Point high school debaters were beaten, by the Eugene high at Myrtle Point last Friday night in the intersectional debate contest. They had the affirmative side and debated the question, "Resolved that the referendum is a desirable feature of a representative government."

Dressmaking All kinds of dressmaking done at prices. Old clothes remodelled. Upstairs over Cotton's real estate office. 104\* Mrs. J. G. Page.

DRIED FRUIT BALLS GOOD FOR CHILDREN

Recommended Because Less Sweet Than Candy.

(Prepared by the United States Department of Agriculture.)

Dried fruit balls are a simple confection, easily made from household materials. They are recommended for children by the United States Department of Agriculture, because they are less sweet than candy, and because many dried fruits contain iron and other minerals which the growing bodies of children need. Try putting a few of these fruit balls in the school lunch box occasionally in place of cookies or cakes. A fruit mixture of this sort also makes a good sandwich filling.

Dried Fruit Balls. Almost any combination of dried fruits, with or without nuts, may be used. The following were found to go together particularly well: Apricots, pears, and nuts; figs, dates, and nuts; peaches, apples, and nuts; raisins without seeds, apricots, and figs.

Use equal quantities of any fruits selected. Wash and dry thoroughly through the meat grinder, using the smallest blade. Add a little salt, and moisten with enough syrup to make the mixture hold together and keep its shape when formed into balls. Roll the balls lightly in powdered sugar or dip them in coating chocolate.

Chocolate Coating. Melt the commercial chocolate prepared for this purpose in a double boiler. Be careful not to let the water in the lower part boil, for this makes the chocolate coating streaked when it hardens. With two-lined fork lower the fruit balls into the melted chocolate. Lift them quickly and scrape off with a knife the surplus of chocolate that drips from them. Place on waxed paper to dry.

Egg Puff 4 eggs, 1 cupful evaporated milk, 1 cupful water, 1 cupful sifted flour, 1 teaspoonful salt, 1 cupful water.

Separate yolks and whites and beat each until light. Blend flour with enough milk to make a smooth, thin paste, then add remainder of milk, yolks of eggs and salt. Cut and fold into this the stiffly beaten whites; then pour mixture into buttered baking dish. Set in pan of water and bake in a moderate oven about 30 minutes or until firm. Serve at once with 1 cupful of medium white sauce to which has been added 1/4 cupful shredded blanched almonds. This is attractive for luncheon.
