M. E. Church, South

The special evangelistic services in the church have continued with increased interest. Services are being held also each day at two-thirty in the afternoon. On Monday and Tuesday evening the evangelist spoke on the Twenty-third Psalm and its meaning. On Wednesday evening the message was a clear account of the Scriptural plan of Salvation, the message being especially helpful on account of the vague and erroneous ideas concerning this. The messages are all interesting, practical and helpful. The services are held each evening at eight, and each afternoon at two-thirty o'clock. At seven-thirty each evening a short men's service is held in the basement of the church.

On Sunday morning the church will unite in the service for Memorial Day under the auspices of the Women's Relief Corps. Sunday School will meet at the usual hour. Let all teachers and members be present. In the evening will be held the evangelistic service.

You are invited to attend all the services of the church.
Milton F. Hill, Pastor.

Sherwin-Williams Paint from \$2.00 to \$3.75 per gal.

E. W. GREGG, First St., Coquille

To Portland by Seaplane

Bandon World
Daily hydro-plane service between Bandon and Portland is proposed by Pacific Airways, a company that is arranging to deliver the Oregon Journal to Tillamook, Marshfield and Bandon two hours after it is off the press.

The plane that will inaugurate the service, according to the company's representative, is now at San Diego and will be flown up the coast by Emory F. Smith, general manager of the Company, and a flyer of experience. The machine has a carrying capacity of 2100 pounds, and will carry packages and express matter at rates little higher than are charged for the slower mail or express service.

Passenger service will be an important part of the business for the new company, the plane being equipped with accommodations for eight people. It is of the sea-plane type which eliminates the expensive landing fields, that are necessary for the land machines.

The Coquille river offers a splendid landing place, according to Mr. Smith.

and a float could be provided at the foot of Alabama avenue for the boat to tie to. In the Bay district the numerous lakes and sloughs make landing easy at any time, while on the hop across country from Tillamook to Portland there are two satisfactory bodies of water that can be used.

The machine will fly at an elevation of 12,000 feet on the longer flights, which will give a margin of safety as it is possible to volplane for a distance of 25 miles from that height. Flying time between Marshfield and Bandon will be 12 minutes; between Bandon and Portland a little less than two hours. The fare to Marshfield will be \$2.00, to Portland, \$22.00 each way.

The officers of the company expect to establish a school of flying at Marshfield, and have already secured a lease on a 25 acre landing field where a hangar will be built to accommodate several machines. Special trips to Crater lake and other points will be made from Marshfield and Bandon as time permits. Mr. Smith says that reservations

for the initial trip have been applied for in such numbers that a whole fleet of planes would be necessary to handle them.

Smiling WALLS!

TRULY, walls can smile or frown. See that yours cheer and soothe by harmonious colors and clean surfaces. Apply Fuller Washable Wall Finish. It can be wiped clean with a damp cloth—makes home-keeping easier—saves re-finishing.

Also, ask for booklet, "Color Harmony in the Home"—all about painting or finishing floors, woodwork, walls, etc. It's free.

WE carry a full line of Fuller Paints and Varnishes and can supply your needs.
