

Portland's Rose Festival To Be a Success

It's the greatest annual event in the Northwest. THE 20TH CENTURY realizes, however, the "PUBLIC MUST BE SERVED," so during this week very special attention will be given to prompt service, and extra care in the stocking of easily prepared foods. Depend upon us to be ready to lighten your household worries during the "FESTIVAL WEEK."

Note the attractive prices on carefully selected merchandise, Saturday and Monday, June 13 and 15.

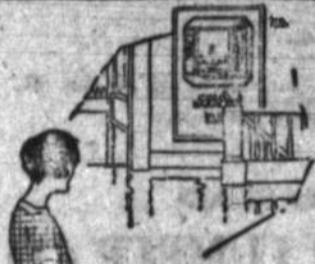

PREPARED FOODS	
White Star Tuna White meat, halves	29c
Campbell's Beans The big tin	10c
Maple Leaf Salmon, fancy Chinook, Columbia River, new pack 1-2 lb can 22 1-2c; 1 lb can	39c
Stuffed Olives 3 1-2 ounce bottle	14c

Gold Medal Mayonnaise, 3 1-2 oz. par 12c; 8 1-2 oz. 25c; Pint jar	48c
Kipper Snacks, boneless, Direct Im- portation, 2 tins	15c
Strained honey Pint Mason jar, each	33c
STAPLE ITEMS	
Oregon Milk Tall cans	9c
Crystal White Soap 10 bars	39c
Matches "Economy Brand", 6 for 25c "Searchlight" or "Birdseye", 5 for	28c
20th Century Brooms, 6 sew. med. wt., strong, finest quality, each	98c
Post Toasties package	9c
Royal Garden Tea, Japan or Ceylon and India, 1-2 pound package	38c

20th Century Grocery

Coquille Marshfield North Bend

Charles Carroll, the last surviving signer of the Declaration of Independence, nearly a century ago laid the stone that marked the beginning of the Baltimore and Ohio, one of America's first railroads.

Twenty years ago it took nearly ten yards of gingham to make a woman a dress, whereas she now manages to be thoroughly in fashion on three and one-half yards.

Those UP-STAIRS FLOORS!

"HOW can I keep them presentable?" A properly painted surface—a porcelain-like surface—one that resists water, soap suds, etc. and withstands moving, scraping furniture and pounding heels. That's the answer. And Rubber Cement Floor Paint gives just that surface. Easy to apply.

Also, ask for booklet, "Color Harmony in the Home"—all about painting or finishing floors, woodwork, walls, etc. It's free.

WE carry a full line of Fuller Paints and Varnishes and can supply your needs.

Jail Nearly Full Again

The county jail population yesterday stood at 36, and three more were missing—two of them by escaping from the road crew at Marshfield, and C. C. Wilson by release.

Wednesday afternoon Wilson, who had served his time, was united in marriage to Barbara Trebel, from whom he was divorced a year ago. Judge Kendall performed the ceremony and after Mrs. Wilson had paid \$150 of her new husband's fine the judge remitted the balance as a wedding present.

The other two, who escaped, were Clon Miller and Emil Young. The latter had only been in jail since May 29, his punishment being \$100 and 30 days for liquor in possession.

Miller had been in 'durance since Sept. 2, 1924, when he began serving a six months' sentence and a \$500 fine. He disappeared from the road camp on Wednesday.

Those who have been brought to jail the past week are:

Geo. R. Hall, June 7, from Marshfield, reckless driving.

Elmer Billings, June 7, Marshfield, drunk on a public highway; \$20 fine and costs.

Richard Arnold and F. V. Worsham, June 7, Marshfield, drunk on highway.

A. J. Sunchik, June 8, North Bend, possession of liquor; \$100 fine.

Arthur La Berge, North Bend, operating a car while intoxicated; \$100 and 60 days.

C. E. Meeting in Portland

Christian Endeavor society members from three counties will travel to Portland for the Christian Endeavor convention to be held there July 4 and 10, starting from Marshfield on the morning of July 3, in an automobile caravan. It is expected that about ten cars, carrying some fifty persons, from all of Coos county and parts of Douglas and Curry counties, will go on the trip.

Quitting Marshfield early on the morning of July 3 the caravan will go to Coquille and Myrtle Point, picking up additional delegates at these two places. The cars will then proceed to Portland, and it is hoped that they will arrive there in time to allow the travelers to attend the opening services of the convention, which will be held in the Portland auditorium the evening of July 4.

L. E. Alexander, of Coquille, president of the Christian Endeavor Union of Coos and Douglas counties, is making arrangements for the tour.

Only \$2.25 for the Oregon Farmer with the Sentinel for one year. The two papers make an excellent combination.

Warranty and Bargain & Sale Deeds for sale at the Sentinel office.

Cow Testing for May

Report of Melwest Assn. for Month of May Fred Knox Tester

The following is the report of the Melwest Cow Testing association for the month of May, Fred Knox, tester:

Cow	Owner	Lbs. Fat
Lady Cole, Ivy Condron	81.1
Queen, Ivy Condron	63.6
Annie Laurie, Ivy Condron	73.8
Black Holstein, Irving Watson	60.9
Fannie, Rocco Biasco	65.6
Leona, Rocco Biasco	63.1
No. 39 Anson Rogers	62.3
Little Horns, S. C. Rogers	63.0
Cherry, Geo. Clinkenbeard	61.4
Big 2, J. F. Emmersen	61.4
Oregon, J. L. Emmersen	63.5
Bridle, L. M. Weir	65.8
Babe, Chas. McCulloch	68.1
Johnny, Chas. McCulloch	64.1
Alice, Chas. McCulloch	67.5

The high cow of the association is Lady Cole owned by Ivy Condron, produced 81.1 pounds butterfat. The high herd owned by Chas. McCulloch, 16 Jersey cows. They average 118.7 lbs. milk and 63.2 lbs. fat. The second high herd, 16 Holsteins owned by Ivy Condron averaged 138.1 lbs. milk, 48.6 lbs. butterfat.

World's Wheat Bins Empty

The world's wheat bins will be more than empty by the time the coming harvest commences in the south than at any time during the past 75 years, so the government states. Owing to winter injury the fall crop in the United States is only expected to reach 445,000,000 bushels, compared with 590,000,000 last year. On the other hand spring wheat both in this country and Canada is in excellent condition, and if favorable weather conditions prevail, the yield of spring wheats in North America will be large. Present prospects are for fair prices.

Logs Coming Down River

The first log drive for several months was begun the first of the week by the Middle Fork Boom Co., when the dam was broken and about two million feet were rushed down the river. It is expected that there will be another splash today, and then the whole drive will be taken down the river either to Myrtle Point or to Coquille for shipping. Among the crowd that watched the splash on Monday, were some tourists from back east, who had the experience of seeing something new to them. There were also moving picture machines taking scenes for a moving picture.—Myrtle Point American.

Value of Crops and Live Stock

Weighted Prices Have Been Used in Estimating Worth of Product.

(Prepared by the United States Department of Agriculture.)

The combined value of crop and live stock production in the United States last year was \$12,404,000,000, which was \$56,000,000 more than in 1923 when the total value was \$12,348,000,000, according to estimates by the United States Department of Agriculture.

The higher figures for last year are due to the increased value of crops over the preceding year, inasmuch as the value of live stock production shows a decline.

Crop production had a farm value of \$11,404,000,000 compared with \$10,401,000,000 in 1923, but of this value some \$4,951,000,000 worth of crops were fed to live stock whereas in 1923 the value of crops fed to live stock was \$4,286,000,000.

Live stock and live stock products are given a farm value of \$5,951,000,000 compared with \$6,233,000,000 the preceding year, nearly all animal products having decreased in value.

Weighted prices have been used in estimating the value of nearly every crop and animal product, so that the figures are more nearly representative of the prices that farmers received than in previous years when the figures were based mostly on December 1 prices. The department points out also that the gross value of either crops or animal products last year was exceeded only in the years 1917 to 1920 inclusive.

The value of the cereal crops in 1924 was \$5,220,000,000 or 45.3 per cent of the total of all crops, as compared with \$4,198,000,000 in 1923 or 39.5 per cent of the value of all crops in that year. Every cereal crop increased in value last year.

The value of the corn crop last year is placed at \$2,890,000,000 as compared with \$748,000,000 and oats \$799,000,000 compared with \$554,000,000.

The cotton crop, including lint and seed, is valued at \$1,701,000,000 last year compared with \$1,667,000,000 in 1923. This increased value was due to larger production inasmuch as the average price per pound of cotton lint was lower than for the preceding year.

Hay and forage crops are given a value of \$1,733,000,000 compared with \$1,619,000,000 in 1923; the fruit crops \$226,000,000 compared with \$642,000,000; vegetables \$1,018,000,000 compared with \$1,160,000,000.

Nearly all animal products declined in value as compared with 1923; the value of dairy products being \$3,589,000,000 against \$2,652,000,000 the preceding year; animals raised \$2,267,000,000 compared with \$2,440,000,000, and poultry products \$904,000,000 compared with \$1,058,000,000.

Brood for Bee Colony

Peaches, plums and some other fruit trees are furnishing enough nectar to stimulate the bees to brood rearing, and each stand of bees should have two or three frames of brood, if a good queen is present. It takes a good deal of honey to feed this brood; see that the bees have enough of it they will dwindle away. The secret of making a big surplus of honey lies in having your colony strong and full of bees before the main honey flow starts.

FARM NOTES

Plant good seed and reap more than you sow.

Sweet clover pastures are excellent for all classes of stock.

Alfalfa gives the best results when allowed to stand three to five years.

If your garden has no great length or breadth, remember that its height is infinite.

Remember that sweet clover hay properly made is as high in protein as alfalfa.

It is well to ask people to help with that community enterprise, they like to be useful.

Just as a certified check is a guaranteed check, so certified seed are guaranteed seed.

There is no short cut to ease in farming; but there are ways of making farming easier.

Wherever farmers get together and really co-operate they help to make farming a business and not a gamble.

More than 60 per cent of farm grown feeds are marketed through live stock. A scrub cow is a poor market for this feed, while a good cow has no superior as such market.

Treating oats with formaldehyde to prevent smut will not kill the germinating power of the oats, if one pint of formaldehyde to five gallons of water for 50 bushels of oats is used.

Results that have been secured with the yellow biennial sweet clover are causing large numbers of farmers to include this valuable crop in their rotations to produce hay and pasture.

Charter Oak Stoves and Ranges

A large proportion of the present generation have been "Raised" on food cooked on the Charter Oak. They become more popular with each succeeding generation.

They Bake, Roast, Broil and Boil to perfection.

Come in and let us show you the merits of the Charter Oak range.

The Gypsies at Bandon

What the gypsies who visited Coquille last week did at Bandon in this told by yesterday's World:

At Shipley & Haynes they found Mr. Shipley alone and before he knew what was happening they had robbed his till of \$40, and his trousers pockets of \$20. He tried to fight them off but they were too clever for him. He called the police and Chief Coy started after the gang, apprehending them on the Bullards ferry. The ferry was in the middle of the stream when Mr. Coy hailed the ferryman and ordered them back.

The two women were taken before Justice of the Peace Radley where they were questioned by District Attorney Beddingfield. They denied the robbery but when informed that they could either return the money or go to jail they quickly divulged the currency. Mr. Shipley was unable to tell which of the two actually took the money, so they were allowed to go with instructions to leave the community.

Notice to Creditors

No more cranking your car when you have your battery repaired at Coquille Service Station. All work guaranteed.

NOTICE TO CREDITORS

Notice is hereby given that the undersigned has been duly appointed by the County Court of the State of Oregon for Coos County, as the administrator of the estate of Caroline Amalie Ellingsen, Deceased, and all persons having claims against the said estate are hereby required to present the same, with the proper vouchers, to the undersigned at the law offices of J. J. Stanley in Coquille, Coos County, Oregon, within six months from the date of this notice.

Dated this 12th day of June, 1925.
