Seek Former Coquille Man

Lane county officials are seeking the whereabouts of John Salopak for assault with attempt to kill up J. L. Brink and Mrs. Flossie Hurd in a car at Eugene Saturday night. Mr. Brink, whose jugular vein was slashed, and Mrs. Hurd, who was also slashed at the hands of Salopak, were reported on the road to recovery.

The affair is believed to be an outgrowth of jealousy, which was caused by Brink's alleged frequent association with the woman. After the slashing Saturday night Salopak

took the car they were driving and fled, presumably to Coos Bay.

John Salopak and Mrs. Hurd are well known in Coquille, as both had lived there prior to going to Springfield. Salopak was formerly a saw filer for the Coos Bay Lumber company and Mrs. Hurd operated a candy store in Coquille recently. Mr. Hurd committed suicide at Springfield about six months ago.—Coos Bay Times.

Dairymen—Ship your Cream to the Coquille Ice Cream Co. for best results.

The Sentinel's New Serial

"Living," the gambler told his daughter, "is all mixed up. The more kinds of people you see, and the more things you do, and the more things that happen to you, the richer you are. Even if they're not pleasant things. That's living. Remember, no matter what happens, it's just so much— he used the gambler's term, unconsciously—"just so much velvet." Read the serial story soon to be published in The Sentinel.

Warranty and Bargain & Sale Deals for sale at the Sentinel office

St. James Episcopal Church
First Sunday After Trinity (June 14)
Services will be Evening Prayer and Address.
Everyone cordially invited.
A. W. Bell, Vicar.

M. E. Church
All services at the usual hours
Sunday Prayer meeting Wednesday 7:30 p. m. You are welcome.
Morning sermon: "They Need Not Depart." Matthew 14:16. To turn away from Jesus Christ and His divine, sacrificial and life-giving nature is to plunge deeper into the night of despair. "And Judas went out, and it was night." Alas, my brother, to offer anything but this Lord and Savior is to give stones when the soul cries out for eternal bread.
Evening sermon: "The Unfailing Purpose of God in Christ." Romans 8: 28-39. The purpose that God had in Christ was only partially accomplished when Jesus was glorified after the atonement and resurrection. The Holy Spirit is completing that work. Its fullness and glory will have been seen when our Lord returns in the greatness of His exceeding glory and power.
J. S. Penix, pastor

The Holy Name Catholic Church
Coquille
Services on the first Sunday of the month at 10:30 a. m.
On the third Sunday at 8:00 a. m.
Rev. James L. Carrico.

Church of Christ
Children's Day next Sunday. A program will be given at the morning service by the children. There will be songs, recitations and speaking. It will be interesting, educational and inspiring. There will be an offering taken for our mission work in Japan.
The Bible School begins at 10. We want to make this the largest attendance of the year. 250 is our goal. Be one of that number. "Our teachers will be prepared to make this an interesting and helpful hour."
Morning worship and program at 11.

Christian Endeavor at 7. We expect something unusually good at this meeting. All Endeavorers should be present. Others are welcome.
Song service and sermon at 8.
Sermon subject: "Preparedness." This is the urgent need of the hour. Come and we will try and do you good, as we reason together on this vital theme.
Eugene A. Falmer, minister

Christian Science Society
Sunday School at 9:30 a. m.
Sunday Service at 11 a. m.
Subject for next Sunday, "God the Preserver of Man."
Free public Reading Room open in Church Building every Tuesday and Saturday afternoons from two to four.

The Baptists have changed their place of worship from the W. O. W. hall to the Presbyterian church. Our first service in the Presbyterian church will be June 14.
10 a. m. Children's Day service.
2:30 p. m. A Conference of the Baptists of Coos county. Dr. W. T. Milliken, of Portland, director of Religious Education, will be the speaker.
Young People's meeting at 7 p. m.
Preaching service at 8:00 p. m.
Dr. Milliken will preach.
Prayer meeting Thursday evening at 8:00 p. m.
A cordial invitation extended to strangers.
Rev. E. N. Turner, pastor

Death of 10-Year Old Boy
Martin Simmons, the ten-year old son of Mr. and Mrs. W. B. Simmons, who live in the north part of the city, died last Friday evening of cerebral abscess, which followed an attack of the flu, pneumonia and other serious illness. The little fellow suffered greatly before death relieved him. The funeral was held Sunday afternoon, the services being conducted in the Ellingson chapel.

Card of Thanks
We wish to express our appreciation to our many friends for their assistance and sympathy during the sickness and death of our beloved son, Mr. and Mrs. W. B. Simmons and family.

The Sentinel and the Oregon Farmer both for \$2.25 a year.

A Good Oil Cookstove Makes Cooking a Perfect "Snap"

WHY be a slave to your kitchen? Your dealer will be glad to demonstrate how the modernized oil cookstove with its high-speed burner, heat retaining ovens, broilers, etc., makes rural cooking a perfect "snap"—noiseless—simple—safe!

And to keep your kitchen air clean and pure—use only the highest grade kerosene—Pearl Oil. That's the clean-burning kerosene that is refined and re-refined by the Standard Oil Company for use in the oil cookstove and heater. Its clear, intense flame burns with positively no odor or smoke.

See your dealer today, and remember, when ordering your cookstove also order Pearl Oil—by name!

PEARL OIL (KEROSENE)

London Pays Dearly for Its Days of Fog

The infinite variety of English weather has no worse plague than fog. It is said, and apart from the discomfort caused the actual loss suffered by the community through the fog is said to be immense. The London Nation and Athenaeum quotes the "Smoke Abatement Society" as putting the figure at \$5,000,000 for one day, and this weekly observes, according to the Literary Digest:

"This may be an excessive estimate, but there can be no doubt that it would pay the nation to spend a great deal of money to remedy the evil, especially when we remember that even on fogless days we allow sunlight of infinite value to be intercepted by the pall of smoke which overhangs our great towns.

"The climax of absurdity is reached when we have to organize special sunlight treatment, in some cases, with rays artificially generated, in order to cure diseases caused by this unnatural darkness. The classic instance of Pittsburgh proves that the evil can be remedied once a community is really alive to its seriousness.

"There are considerable difficulties to be faced, of which the most difficult to deal with would almost certainly be that incorrigible offender, proud in evil doing, the domestic fire; but there are few social reforms which would more quickly produce a rich harvest in increased health and happiness for the ordinary citizen."

Method of Obtaining New Plant From Old

A simple method of propagating the rubber plant is by mossing. A branch is selected with ripe wood, or in the case of a lanky old plant with a long bare stem the top may be rooted and cut off, in either case making use of a cluster of leaves that will make a well-shaped young plant.

Make a slanting cut upward half way through the stem with a sharp knife. Slip a match or other small stick to hold the wound open. Then

wrap moss around it. You can get a little sphagnum moss from any florist or seedsman. It should make a knob about as big as one's fist. Tie it in place with string and keep it moist but not dripping wet. In a few weeks many new roots will have been formed just above the cut. Then the moss can be removed, the stem severed at a point below the roots and the plant potted in the usual way.

The operation is best performed in a room where the temperature remains at nearly 70 degrees and where there is considerable moisture in the air; in other words, the kitchen.

Weight of Air

The poet writes of "trifles light as air," and we often talk of "airy nothing," but the atmosphere which surrounds our planet and accompanies it in its journeyings through space is not so light as we often imagine. Its average pressure is 15 pounds to the square inch.

The barometer, as its name implies, is an atmosphere weigher, and on the varying weight, noted over large areas, depend our daily weather forecasts. A change of an inch in the height of the mercury column means a change of atmospheric weight of half a pound per square inch on the earth's surface, so that even a change of one-tenth of an inch in the barometer represents eighty-eight thousand tons per square mile. A change of an inch over the land area of the British Isles signifies the colossal total of considerably more than one hundred thousand million tons of air.

Bureau of Printing

On June 30, 1878, congress appropriated \$300,000 for the purchase of the site at Fourteenth and B streets Southwest, and for the erection of the bureau of engraving and printing. The building was completed and occupied July 1, 1880. In 1891 a wing was added to the southwest end and in 1904 a wing was added to the west end. Congress appropriated funds for the new building in 1907. This was completed and occupied in 1914.

Every Good Quality You Expect of Your Tires
You Will Find in

U.S. Royal Cord and USCO Cord

If your requirements demand the finest quality that has ever been put into a tire, you need the U.S. Royal Cord—the standard of value everywhere.

If you know you do not need the extra mileage of the Royal Cord but want your money to bring you full service and fine appearance—the USCO Cord is the tire for you.

Both are made and guaranteed by the United States Rubber Company.

Royal Cords—in all sizes from 30x3 1/2 inches up. Royal Cord low pressure Balloons for 20, 21 and 22 inch rims, and Royal Cord Balloon-Type Tires.

USCO Cord—in 30x3 inch and 30x3 1/2 inch clincher, and 30x3 1/2, 32x3 1/2, 31x4, 33x4 and 34x4 inch straight side.
