SWEEPSTAKES

OF THE LOS ANGELES-YOSEMITE ECONOMY RUN

WON with ZEROLENE

The Los Angeles-Yosemite Economy Run of May 22-23—the ranking stock car event of its kind in the United States, gave motordom new official mileage records to vie for—and another impressive victory for Zerolene!

The Rollin, lubricated with Zerolene, carried off the sweepstakes—winning the award for the highest efficiency and gasoline economy established in the run. Piloted by Joe Bozzani, the Rollin's gasoline economy record for the 360 mile run from Los Angeles into the Sierras to Camp Curry was 27.43 miles per gallon of gasoline.

When Zerolene brings in the Sweepstakes Winner of the most competitive motoring event of the year—when it is the choice of more motorists in the Pacific Coast states than any other oil made—won't it pay you to use Zerolene—a better oil even if it does cost less?

and note

STANDARD OIL COMPANY

The Rollin and all other cars in the run used Red Crown gasoline exclusively—the best buy in town—by MILES!

Why pay tribute to a superstition?
