A Correction

A gentleman, Theodore Maynard by name, called on the Sentinel last Saturday and stated that he was the man to whom our "book agent" item last week referred. He also stated that he had told no one that he was connected with any government bureau of any kind, but that he approached prospective customers with the statement that he had a government report on education which he desired to show them—simply as an introduction of himself.

Talking with others who have purchased the excellent work Mr. Maynard sells, we are convinced that his statement is true, and that our informant of last week misunderstood him when we were told he claimed to be a government employe.

A Visitor From the East

Miss Kathryn McGown, of New York, arrived in Coquille Sunday, June 28th for a month's visit with her friend, Mrs. H. W. Middleton, of Maracaibo, Venezuela, S. A., who came here in the early part of May to spend the summer with her parents, Mr. and Mrs. S. J. Cotton. Miss McGown, who is a dress designer at the Rue de La Paix in New York city, is taking a much needed rest, and on recommendation of her friend decided to come and enjoy our wonderful climate. Grandpa and Grandma Ray lived here in Coquille about 20 years ago. There will be the six brothers and one sister, all past 60 years, who haven't all been together for fifty-five years. Two cars are coming from Colorado, one from California, four from Portland, and one from Kansas. They expect to have the time of their lives.

At the Myrtle Point Chautauqua on Friday evening of next week Oney Fred Sweet will tell how he filled a hundred different jobs in as many weeks.

Dance and Concert Enjoyed

The dance and band concert at Graham's Hall Wednesday evening drew a very good crowd, many carloads coming up from Bandon.

The Bandon Concert Band is an exceptionally fine one for a city of that size and the concert they played gave a great deal of pleasure to music lovers.

The dance also was most pleasant and the attendance at the mid-week dances recently has convinced Manager Graham that the Wednesday night affairs are more popular than those at the end of the week.

Want to Go Up?

The latest addition to the festivities for the celebration of the Fourth at Myrtle Point has been a commercial airplane. The committee in charge has been able to secure the assistance of Ivan McKinney of the Mather Field, California, and he will make trips both days taking up passengers for a 15-minute ride.

On the Fourth he will give an exhibition of fancy flying, including all of the old stunts and many new hair-raising events that will thrill all who are present.

Nat Advertisement on Highway

Thomas McCabe, of the painting firm of Dad & Mac, has just finished a couple of artistic Bandon beach scenes which Jack Kronenberg is going to place along the highway at the intersection of the Pacific and Coos Bay highways, as an advertisement for Wecoma Baths. They are fine representations of the beach and cannot fail to arouse desire to get over to the cool breezes of the coast and enjoy a swim in salt water.

Palmer and son, Raymond, Miss Eleanor Foley, Miss Myrtle Clayton, of this city, and Miss Evelyn Woodward, of Arago, left yesterday morning to attend the Christian Endeavor convention which begins in Portland tomorrow. One of Coquille's Finest Homes

One of the handsomest homes in Coquille now is that of O. C. Sanford on Sherwood Heights. Mr. Sanford has been working for years to get a lawn around his place and he now has a good one. The cream-colored trellis fences which he had just had built around the plot north of his house, is a very decided addition to the appearance of his property, and viewed from the hill in front will, when filled with flowers, be a beautiful sunken garden. Mr. Sanford's civic pride is most commendable.

What \$2.25 Will Do

For \$2.25 you can have the weekly visits of the Coquille Sentinel and the Oregon Farmer—52 of each—for a year.

If you want to subscribe for the daily and Sunday Oregonian you can still save half the cost of the Sentinel subscription by taking the two papers together.

Great as Soil Builder

Alfalfa stands in the front ranks among the crops which build up the fertility of the soil. Farmers who have grown it report that they get much higher yields of grain and other crops on land which has been in alfalfa than on land where no leguminous crop has been grown. In the farming sections where no lime needs to be added to the soil and it is easy to get a stand, alfalfa may readily be made part of a definite system of crop rotation.

Clean Land for Alfalfa

Plant alfalfa on clean, cultivated land. This means corn or potato land. A clean firm, moist seedbed is essential to success, and clean corn or potato land gives these essentials in a practical way. Fall-plowed grain stubble land, well firm in the spring, can be made into a good seedbed for alfalfa. Spring-plowed stubble land is the last choice. If it is necessary to use such land, plow early, pack well and seed a little later than usual.

Only \$2.25 for the Oregon Farmer with the Sentinel for one year. The two papers make an excellent combination.

Have your Sunday dinner at the new Coquille Hotel. Per plate \$1.25.

Bandon Has a Boy Hero

Perry Plymale, 13-year-old son of Mr. and Mrs. D. P. Plymale of Bandon, proved himself a hero in Curry county last week when he rescued Mrs. Smith, cook at the road camp at Hunter's creek, and her 13-year-old daughter from drowning. While in swimming with a number of other people the little girl stepped into a deep hole and the mother, unable to swim attempted to rescue the child. Both were at the point of drowning when young Plymale went to their aid and brought them safely to shore. The girl had gone down the second time and had to be revived by Dr. J. W. Wheeler, of Gold Beach—Western World.

Wants No More Bonds

In remitting for his Sentinel subscription a Myrtle Point subscriber says: "Down with the any more road bonds. Pay as you go, and this is the last \$ you are going to get."

Next Tuesday afternoon at the Myrtle Point Chautauqua, you will want to hear Leake's Orchestral Entertainment, with their splendid program and unusual variety of musical numbers.

Calling Cards, 100 for \$1.50.

where will you go—when your home burns?

GRANTED that you have your home insured against fire, but how about the rent you will have to pay until you rebuild? Here is the proposition: you pay a small amount now and we'll pay you rent from the time your house burns until it is rebuilt. The cost of this Dwelling Rental Insurance is insignificant—often only \$1 a year.
