

SATURDAY and MONDAY, JULY 11 and 13

Will be the Ninth of a Series of

Coquille Bargain Days

The merchants whose ads appear on this page have united to make the first Saturday and Monday after the 10th of each month Bargain Days in Coquille. The specials offered will be real values and will be offered only on the days specified in the page advertisements appearing each month in the Sentinel.

The merchants do not want you to think that they can sell for these prices every day. This is a co-operative get-together, get-acquainted movement. They want you to come in and take advantage of the specials offered and see and price other merchandise. Your visit will be mutually profitable.

LIKE FLEAS AND COOTIES KNOCKERS ARE THE PESTS OF SOCIETY

THEY INFECT EVERY COMMUNITY AND ARE HARD TO EXTERMINATE ALTHOUGH NOBODY KNOWS A GOOD REASON FOR THEIR EXISTENCE

There's only one thing about the knocker—that's his everlasting energy. He's always busy. While his work is destructive we have to admit that he's always on the job.

He needs but a single tool and he uses it adroitly. It is the hammer of doubt and skepticism.

He chills enthusiasm and thereby hinders all things progressive. Whoever succeeds is either "lucky" or a "thief"—if a person fails, he "told you so" (and it's true he did).

Nothing suits the knocker. Everyone is out of step but himself. Business is rotten and getting worse. Our schools are the poorest in the state. Out lighting and telephone systems are a disgrace to the community and our business men are grafters. In fact, our whole community is a hopeless wreck.

The knocker usually knows a neighboring town where the people are human and the merchants fine fellows to deal with, and we often wonder why—oh why—doesn't he move there and stay. Knockers are made from the waste and scraps left over when God created regular people. We are thankful we haven't many chronic knockers in Coquille.

Sound, constructive criticism aids progress. It's easy to criticize the work and efforts of our fellow-men. Anyone can do that—but it takes a strong, broad-gauged, fair-minded man to show the world a better way by his own example.
