Aug. 26—Willamette Collection & Credit System vs. A. G. Michell, doing business as the Lakeside Mercantile Co.

County Appropriates \$200

The county court has authorized the expenditure of \$200 for the repair of the Laney Parrish road to match an equal amount given in cash and labor by interested citizens as follows: W. E. Bigelow, \$50; G. L. Parrish, \$50; L. A. Perrone, \$30; R. M. Pardeh, \$24; A. Huntley, \$4; R. L. Shull, \$24; John Lush, \$4; and Myrtle Point chamber of commerce, \$80.

Have your Sunday dinner at the new Coquille Hotel. Per plate \$1.25.

Volley Ball Notes

The volley ball game played last Monday evening at the High School auditorium was of marked interest to the local fans, when the East End Earwigs under Captain Perry Lawrence with the help of Coach Brick Leslie went down to dire defeat at the hands of the Northside Never-sweats in which the Northsiders beat the Earwigs five straight games.
After this humiliating defeat the Earwigs were so discouraged that a pick-up team was organized to give the satellites of the Eastside instruction in some of the fine points of the game. Captain Ernie Opperman was right there to show the Earwigs what the game should not be played.

Throughout the game the stars of the defeated team tried to rally their forces for a new attack, but the old time fire that had carried them through many a successful battle in former days was gone and there is now strong talk of introducing some new blood into the organization.

Jim Laird, the veteran umpire, was approached and asked to train the team under more modern tactics but he has not yet given his final decision.

Alton Grimes put in some very helpful work (for the opposing team) and by heroic example did his best to stem the tide of battle.

Next to Frank Leslie, Geo. Chaney is one of the best scorers and before long expects to have a team all his own.

Mention must also be made of the timely ticks at a critical stage of and Dr. Earl Low, who put in some valuable work at a critical stage of the game.

Next Monday there will be a new class of beginners tried out with the hope of building up the demoralized Earwigs.

Girl Caught 24-in. Fish

Ruth Dickson, the 12-year old daughter of Mrs. W. L. Dickson, has returned from a week's visit with her cousins, Marylou and Jennylind McKnight at the C. F. McKnight summer home on South Coos river. While there, she landed five fish, one just two feet long, establishing a new record for the juvenile fishermen there.—Coos Bay Times.

No more cranking your car when you have your battery recharged at Coquille Service Station. All work guaranteed.

M. E. Church

All services as usual Sunday. Special attention is called to the Young Peoples' meeting at 6:30 p. m. and the Sunday school at 10 a. m. You are welcome.

Morning sermon: "The Prayer of Faith and Its Ground." Mark 11: 22-26. God answers prayer? He does not answer that which humanly passes for prayer. The Throne of Grace is never moved by that which is not essentially prayer in its very nature. Brethren, let us carefully examine our prayer life—let us measure our prayers by God's Word. He has rules for praying.

Evening sermon: "I Have Found the Book of the Law." Second Kings 22:8. The Holy Ghost is the giver of all real revivals of pure religion. The Lord's people are in frequent need of these refreshing showers from above. Only this type of revival leaves abiding grace in its path. Israel's revival under Josiah was like a mountain breeze visiting a swamp. It is now time to begin praying for another revival in our town. Will you pray?

J. S. Penix, pastor

Church of Christ

The attendance has been on the increase for several Sundays and we have promise of a still greater increase next Sunday. The teaching of the "Word" is a very important factor in the growth of character and the stability of Faith. If you want your children to be pure, worthy characters as they grow up, keep them under the teaching and inspiration of the Bible. Come to the Bible School and Church services next Sunday: Bible School begins at 10 a. m. Morning worship and sermon at 11 Christian Endeavor at 7 p. m. Song Service and sermon at 8. We trust you will find these services both interesting and helpful.

Eugene A. Palmer, minister

Christian Science Society

Sunday School at 9:30 a. m.
Sunday Service at 11 a. m.
Subject for next Sunday, "Christ Jesus."

Prayer meeting Thursday evening

GLAD To Have Your Business

ANY BUSINESS THAT tries to get along without a bank is a very small business, even then it is not too small but that its financial affairs should be handled through a bank.

A BANK IS one of the most important factors in the business life of the country.

TRANSACT YOUR business through our bank, no matter how small it is now—the bank may help make it larger.

Farmers & Merchants Bank

COQUILLE, OREGON

at 7:30 p. m.

Rev. Mr. Jennings of Bandon will fill the pulpit Sunday, both morning and evening.
Everyone cordially invited to all services.

Oveeda Lewis Won the Prize

At Lee, where there is the only girls' calf club in the state, a sudden warning came that judging officials would be at the school house there that day and all who wanted to compete should be on hand with their exhibits.

Oveeda Lewis thought her pet calf which she had been grooming would lose out, for the family were busy and nobody was at home to help her out. Nothing daunted, the girl halted the animal and though the calf was new to that sort of handling and for a time acted much like a true calf, she managed to lead it to the judging locality, and was awarded first prize.

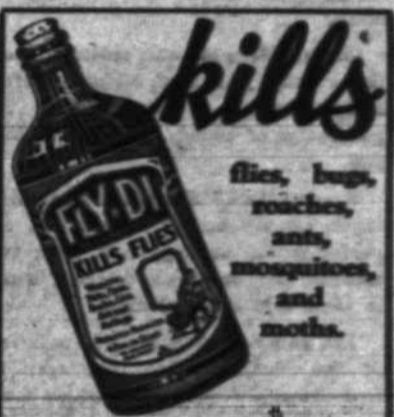

That girl will grow up into a good business woman.—North Bend Harbor.

Saw the Double Rainbow

Many Coos Bay residents saw the double rainbow which accompanied the first rain Saturday evening. The well-known "bag of gold" at the end of the rainbow is expected to be

found in the benefits derived from the rain in the form of reduction of the forest fire hazard, crop improvement, and laying of dust on the unpaved highways of the county.—News.

HOOD RIVER SPRAY COMPANY
Hood River, Oregon

"Every day in every way"

"Yes, sir, this old Ford actually seems to be getting better every day. Since I drained the crankcase and filled up with the new Zerolene 'F' for Fords, she starts quicker, has more power, and seems to go a little farther on a gallon of gasoline."

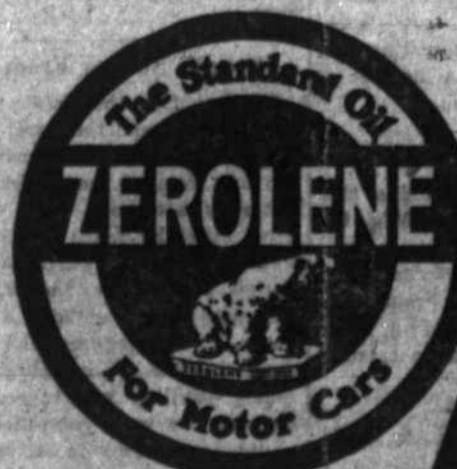

Zerolene "F" for Fords gets to all the parts where oil is needed, especially the wrist-pin bearings and the upper half of the cylinder walls, which are frequently "oil-starved" when an unsuitable lubricant is used.

Zerolene "F" for Fords is made by the Standard Oil Company's patented vacuum process. It deposits a minimum of carbon.

Yet Zerolene "F" for Fords costs not more, but less than most of the special Ford oils on the market.

A Ford is an A-1 transportation investment. Protect your investment by proper lubrication.
