

Firestone

**Tire Prices Are LOW—
CRUDE RUBBER HIGHEST IN YEARS**

Buy Now and Save Money!

The unprecedented demand for Firestone quality and mileage has more than doubled the sales of Gum-Dipped Cords to car owners so far this year, enabling us—because of this tremendous volume—to keep prices low.

Experienced car owners insist on tires that deliver the greatest mileage at the lowest cost per mile, because such tires last longer—make the restricted rubber supply go further—reduce crude rubber costs—and help maintain the present low tire prices.

Gum-Dipping, the

Firestone extra process, is also one of the biggest and most important economy factors in tire performance. This method of treating cord fabric, developed by Firestone tire chemists and engineers, insulates every fiber of every cord with rubber, and gives the sidewalls the extra strength to withstand the extra flexing strain—insuring maximum safety, comfort and economy.

Buy now—make sure of economical transportation by obtaining these outstanding Firestone superiorities at present low prices.

AMERICANS SHOULD PRODUCE THEIR OWN RUBBER. *W. W. Gage*

Big Salmon Run Off Bandon

The Bandon harbor has been a busy scene during the past week, says the World, due to the operations of a large salmon fishing fleet off the Bandon bar. About 40 boats have been fishing off the port and at times the fleet numbered close to a hundred. These boats have come from as far north as Alaska and south from California ports. Most of them have been taking their catches back to their home ports but the buyers here have been getting about all that they could handle.

The Bandon Cold Storage plant has been literally blocked with fish and had to ship in ice from various towns of the county and from as far as Roseburg to take care of the demand. The ice plant has been working day and night but was unable to cope with the situation.

It has been interesting to watch the arrival of the boats and the unloading of the fish. They are cleaned here, packed in ice and shipped to the refrigerator cars on the rail road at Coquille and Marshfield by motor truck.

Never in the history of Bandon has so large a school of salmon been intercepted near the mouth of the river with weather and bar conditions ideal, permitting safe and easy passage over the bar and conditions ideal for outside fishing. Probably the greatest advantage is in the fact that most of the fish caught outside would probably never have come in to the Coquille river to spawn, therefore the catches were "velvet" to the local men. Eight or ten of the boats have been selling all their fish to the local buyers and it is estimated that about 75 tons have been shipped this season.

About Our New Commissioner

Speaking of James Jenkins, a farmer, on the lower Coquille, who has just been appointed to fill the vacancy in the county court caused by the resignation of W. W. Gage to fill the vacancy in the sheriff's office caused by the death of Sheriff Ellingsen, the Western World says:

Jim Jenkins has lived in this community for many years. He has always been a farmer and dairyman but has always taken a deep interest in civic and political matters. He has never held public office, but at the time the Dairymen's League was in operation he was a trustee from the Coquille Valley district.

For the past year Mr. Jenkins has

been employed by the state highway department on maintenance work on the Roosevelt highway between Bandon and Coquille. His success at road work attracted the attention of county officials and it was particularly because of his knowledge along this line that he was chosen as a member of the county court.

Chaney's Maxwell Wrecked

Geo. H. Chaney's Maxwell coupe was badly wrecked Monday morning when Archie Hatcher lost control of it and it crashed against a telephone pole. He had just taken one of the Chaney boys over to the Grade school and while returning the wheel was shaken out of his hands as he crossed tenth street at the Thos. Lane corner. The car swerved into the ditch on the right side and then back across the road toward the telephone pole back of the Lane place. When within six feet of the pole the car turned and missed it with the front wheels but the sloping ground caused the car to strike the pole and the car then ran down into the eight foot hollow. How Hatcher escaped without injury is a mystery for the steering wheel was broken, the windshield torn out and the roof and left side of the car torn off. The imprint of the spot light on the pole was plainly discernible after the accident.

Hatcher has no idea why it did not strike the pole head on for when that rough intersection jarred the wheel loose from his hands he had no further control of the car. He was travelling at a good rate of speed.

Curry Full of Hunters

Scores of hunting parties have passed through Bandon during the past week en route to the hills of Curry county and from reports the majority of them have been successful in getting deer. The deer seem to be plentiful although after the first few days they have been more difficult to find as the bucks are hiding in the brush in the deep gulches. —Western World.

Hillstrom Did It Again

Andy Hillstrom, who straightened out a check trouble in Justice Stanley's court a month or so ago, after giving the sheriff's office a check which was returned marked "N.S.F.," is again being sought by Deputy Sheriff Malhorn on a bench warrant from Tillamook, charging him with the same offense.

Brewster Valley

Wednesday evening Mrs. Daisy Laird gave a surprise birthday party for Miss Parks. The evening was spent in visiting and playing cards, delicious refreshments of cake and cider were served to the guests before departing for their homes.

Mrs. Albert Christensen and daughter, Christina, and Elwin Alford went to Cottage Grove Friday, returning Sunday to visit their brother, Marshall Alford.

W. M. Laird visited home folks over Sunday.

Mr. and Mrs. Wm. McClure and son, Ben, of Marshfield, spent the past week at the E. A. Krewson home, enjoying the hunting season a bit.

Mrs. Julius Benham and her mother, Mrs. J. D. Laird, visited Sunday with Mrs. Ed. Abernathy.

Several parties of hunters are in the Tioga country, they include a party from Drain, Coquille and Marshfield.

Mrs. Jenkins was home on the ranch over Sunday.

Mr. and Mrs. Elmer Wilson, Mr. and Mrs. C. M. Wilson and Mrs. Ivan Laird made a trip to North Bend to visit with Mrs. W. A. Nickason.

Jesse Laird took J. D. Laird's team up Rock Creek for Kenneth to work with his.

Miss Parks spent the week-end visiting friends in and around Coquille.

Efficient Forest Protection

Recent announcement by State Market Agent Spence that the potato grading law is to be rigidly enforced has brought a deluge of requests for copies of the law, grades, rules and regulations. Many of the wholesalers and large dealers have written in that they will co-operate with the department by refusing to buy any stock offered by growers unless the potatoes are graded and sacks stenciled, as required by law. Mr. Spence says he hopes it will not be necessary to make any prosecutions, but that he will be compelled to if violations continue. The law provides that before any person shall offer potatoes for sale same shall be graded and the grade and grower's address be stenciled on the sack. Any person selling potatoes without these requirements, in lots of more than 50 pounds, is liable to arrest and prosecution, and the last legislature provided severe penalties for violation.

Send the Sentinel to eastern friends.

St. James Episcopal Church

15th Sunday After Trinity
Services as follows:
8 a. m. Holy Communion.
10 a. m. Church School.
11 a. m. Morning Prayer and sermon.
Everyone cordially welcome.
A. W. Bell, Vicar.

M. E. Church

All services at the usual hours Sunday. Prayer meeting 7:30 p. m. Wednesday. You are welcome.

Morning sermon: "The Pentecostal Outpouring of the Holy Ghost." Acts 2:1-36. Unbelief vainly seeks to limit this experience to the Apostles, and if not to them, to their day. The prophet Joel said, "all flesh," meaning Jew and Gentile. Peter said, "to all that are far off," meaning Gentile, "even as many as the Lord our God shall call," meaning all saved persons. It is better to seek than to deny. All believers need, and may have this experience.

Evening sermon: "The Creative Power of the Word of God." Genesis 1:1-29; John 6:63. When the Holy Ghost is enthroned in the heart the Word of God is received by faith as absolute in authority and power. When the Holy Ghost takes the Word of God and creates a holy heart the ground for all manner of unbelief and false doctrine is removed. "Have ye received the Holy Ghost since ye believed?" that is, in His sanctifying power? If not, why not enter now into your privilege provided by grace?

J. S. Fenix, pastor

Baptist Church

Services held in the Presbyterian church.

Sunday School at 10 a. m.
Young People's meeting at 6:30 p. m.

Preaching service at 7:30 p. m. Subject: "The Ostrich at the Gate." Prayers meeting Thursday evening at 7:30. Subject: "How to grow in the Christian Life."

You are cordially invited to attend these services.

Rev. E. N. Turner, pastor.

Church of Christ

Bible School begins at 10.

Morning worship and sermon at 11 Christian Endeavor at 7.

Song service and sermon at 8.

The morning sermon subject will be: "Walking With God." The evening subject: "A Trembling Man." We are more than glad to welcome strangers in our midst. We hope that all who can will respond to the services Sunday. We will endeavor with God's help to make the day a day of inspiration and profit to all who come.

Eugene A. Palmer, Minister.

M. E. Church, South

Rev. M. F. Hill, Pastor
Sunday School, 10 a. m.

Morning worship, 11 a. m. Subject, "Our Life's Work."

Epworth League, 7 p. m.

Evening Song and Preaching service, 7:30 p. m. Subject, "In Whom Do I Trust?"

Prayer services, Thursday evening, 7:30 p. m.

The Rev. P. E. Finley will preach both morning and evening.

Rev. M. F. Hill and family are expected to return from California next week.

Christian Science Society

Sunday School at 9:30 a. m.

Sunday Service at 11 a. m.

Subject for next Sunday, "Matter." Free public Reading Room open in Church Building every Tuesday and Saturday afternoons from two to four.

The Holy Name Catholic Church

Coquille

Services on the first Sunday of the month at 10:30 a. m.

On the third Sunday at 9:00 a. m.
Rev. James L. Carrico.

Church of God

Sunday school, 10 a. m.

Preaching services at 11 a. m. also at 7:45 p. m.

Young People's meeting at 6:45 p. m.

Prayer meeting Thursday evening at 7:30 p. m.

Rev. Mr. Jennings of Bandon will fill the pulpit Sunday, both morning and evening.

Everyone cordially invited to all services.

A large chinook salmon bearing a tag from British Columbia was caught just outside Coos bay Wednesday by a local fisherman and brought to Charles Fuller's fish docks, says the Marshfield News.

Eighteen boats brought in about 20 tons of fish Wednesday although only a small amount of them were caught in either the bay or the river.

COQUILLE, OREGON

To Enforce Potato Law

The Forest Patrolman, of Portland, in its issue of Tuesday, says:

Reports to date indicate that Oregon has fared the best of any of the five northwestern states. The area burned over has been but slightly in excess of one-tenth of one per cent of the total forest land area of the state and the forest growth was killed on only a part of this area. The state experienced the longest dry spell on record. There was a period of 60 days without rain, but fortunately there were only relatively few days with excessively low humidity. These periods were forecasts with surprising accuracy by the special fire weather service which has been a very material aid in keeping the area burned over at such a low figure. Operators, and in fact all forest users, are coming to rely upon the weather forecasts.

Deserving of special mention is the law enforcement record. One hundred and seventy-two convictions for law violations have been reported, with fines totaling approximately \$4,500.

Auto Freight Line Coming

The Oregon Auto Transportation company successors to the Roseburg-Portland Auto Freight line, is to establish less than 24 hour freight service between Portland and Coos county points, beginning October 1, according to A. C. Bohrstedt, of Salem, president of the company, who, accompanied by A. H. Young, of Roseburg, manager, was in Bandon yesterday. Their mission here was to confer with the Myrtle Point Transportation company and J. E. Walstrom, two of the five motor truck carriers now established in Coos and Curry counties.

Mr. Bohrstedt stated that his company would co-operate with all the carriers in the county. A terminal would be established at Myrtle Point and transfer made to any of the carriers, leaving it up to the owner of the goods to decide who shall haul them. The Oregon Auto Transportation company trucks will leave Portland at between five and six in the evening, reaching Myrtle Point by noon of the next day, which would make delivery shorter than express time.—Bandon World.

Dairymen—Ship your Cream to the Coquille Ice Cream Co. for best results.

Special Chicken Dinner at the new Coquille Hotel every Sunday.

Get the Red Crown Mileage Card at any "Red Crown" pump. Use it and see your mileage increase!

"Saving close to 35 cents on the dollar with 'Red Crown'!"

Motorists using the Red Crown Mileage Card say we could promise even more than '15 to 30 miles extra per tankful' from Red Crown gasoline:

One says: "I'm averaging 65 miles extra per tankful that I never got before. The Red Crown Mileage Card started me saving close to 35 cents on the dollar, and my carburetor's set on Red Crown gasoline for keeps."

Why not get a card for yourself and get extra miles from the Red Crown pump from this day on?
