

Firestone

will ALWAYS give
Most Miles per Dollar

No matter where crude rubber prices may go—Firestone advantages in securing raw material, in manufacturing and distribution are always active to make good the pledge of Most Miles per Dollar.

Racing drivers—hill-climbing and endurance record holders—taxicab, motor truck and bus operators— and hundreds of thousands of car owners—are daily emphasizing the unheard-of mileage and service delivered by Firestone Gum-Dipped Cords.

Gum-Dipping is one of the biggest factors in tire performance and long mileage, making Firestone Gum-Dipped

Cords the most economical tires ever offered motorists.

The cord from the fabric mills is first delivered to a separate plant where it is treated in a solution of gum, which insulates every fiber of every cord. This protects against internal friction and heat, giving the sidewalls greater flexibility and additional strength.

Prove Firestone's many superiorities for yourself. If you have never had the safety, comfort and economy of these serviceable, long-mileage tires—go to the nearest Firestone Dealer—for Firestone only builds Gum-Dipped Cords.

SUMMER FEED FOR SWINE NEGLECTED

It is not necessary to feed lots of high-priced feeds to pigs during the summer, but it is advisable to add some concentrates to a good forage.

So states E. G. Godbey, associate animal husbandman of Clemson college, who believes that too many hogs are turned in the pasture or swamp to make their living during the summer months. Good feed, he says, is given during the winter and early spring and good pigs are turned out in the summer, but in the fall a bunch of wormy, stunted hogs is driven in to prepare for market. Many of them are but little heavier than when turned out and have the appearance of scabs. They may be put on the feeder pig market—and the prospects of feeder pig business are good—but they need more growth and thrift to make good hogs in this class.

The best forages for the summer months are sorghum, green soy beans and sudan grass. Perhaps none of these will save as much as forages that are available in spring and fall, but they are well worth the trouble and money put into them. They not only save feed but add to the thrift and growthiness of the pigs.

One other common cause of lack of growth in spring pigs to which Mr. Godbey calls attention is parasitism, both internal and external. Hundreds of pounds of feed are wasted every year feeding worms. A few dollars spent for worm treatment will save some hogs and cause the others to make the most from the feed consumed.

Farmers should try to keep their spring pigs growing so that they will at least make heavy, thrifty feeder pigs for the high September market.

Hogging Down Corn Has Three Big Advantages

The advantages to be gained from hogging down corn may be briefly summed up under three heads. First of all, and one that is of utmost importance at the present time, is that the practice is ideal from a labor-saving standpoint. Every farmer is aware of the amount of man and horse labor that is required to cut, haul, haul and crib corn, and then feed it out to the hogs in the pen. The expense of these operations may be largely avoided and at the time of the year when

there is usually a great rush of out-door work.

Then there is the fertility problem that must be considered. In feeding corn in the pen there is almost always a waste of valuable fertility. If any of the manure made is returned to the soil it is accomplished at quite an expense and only after many hours of laborious and not altogether pleasant work. When harvesting their own corn the hogs are making manure and depositing it directly upon the land. They are also leaving cornstalks where they may be turned under without first being hauled out to the field.

The general health of any farm animal is always to be considered. In hogging down corn the animals receive a great deal of exercise which keeps them contented and vigorous. Instead of rooting around in sloppy pig yards as is often the case, they are working in clean fields which, one may observe, is of no small benefit to them.

Practical Evidence Wanted

"John Marrows," said the farmer's wife, coming out to the back porch, where her husband sat tilted back in his chair, his feet on a railing, "didn't I hear you tell the parson when he was here that you had strong views on the temperance movement?"

"Yes," Mr. Marrows replied, rather stiffly. "I said so, and you know that I have."

"Well," said Mrs. Marrows, "suppose you go and express a few of them on the pump handle. I want a pall of water."

Irreverent Youth

Suele raised her voice and called to her mother in the next room, "Mother! Mother! You'd better come in here right away!" Mother arrived panting and out of breath. "What is it?"

Suele pointed at her small brother and continued in an awe-stricken tone. "He was teasing God! Saying his prayers with one eye open, he was!"

Switch to a Winner NOW!

[Star offers Real Value—for the first time Real Power in a low-cost Car]

Hundreds are switching to Star—more and more Stars are going to new owners each new month! Great, master values and REAL POWER are rapidly making Star the popularity winner among all low-cost cars.

This big, fine performance can be yours, too! There is a Star ready for you right now. Test, compare, then switch to Star for a brand new motoring thrill. No more worrying and gear-shifting, no more skidding in wet weather.

Million Dollar Motor

power will start you shouting! Star's powerful Brakes will give you driving confidence you have never had before, or never could have with any other low-cost car.

Don't put off—come now for Star thrills. Come for tests and comparisons. Make it today.

READ!

Not content with building the best low-cost car in the world, Star now shows the way in a new plan of servicing that is revolutionary, generous, and so far-reaching in its effects that any one can own a Star. You are next to join up—you see next, as a live-wire, red-blooded American, glad to get the chance to "earn" a powerful Star, paying only as much actual cash as suits you! "TOMORROW'S CAR TODAY"

Home Missionary Society

The Home Missionary society of the Methodist church met at the home of Mrs. C. T. Skeels Thursday p. m. After the mission study hour, a very enjoyable program of music was given. Mesdames Anna Morrison, Burnhart, Effie Johnson and Georgie G. Richmond assisted the hostess in serving luncheon to the following ladies: Mesdames Rogers, Alf. Johnson, Joe Pope, Marshall Way, Wm. Bosserman, Jas. Laird, J. Messer, Judith Collier, Morrison, F. G. Leslie, Boer, J. L. Aasen, Paul Walker, M. O. Hawkins, Jennie Price, Rose Ashton, Roe, Henry Ellis, Sarah Thrift, Mahan, Armstrong and Warren Davis.

Jesse Gibbs Killed at Medford

Jesse Gibbs, 28, a mill worker and Coos county homesteader, is dead and Myman Huntley, 58, laborer, is in the county jail at Medford, as a result of a stabbing affair there early Sunday morning. The authorities said but feeling over attentions that Gibbs alleged to have paid Mrs. Hattie Huntley were the cause of the quarrel. Huntley surrendered to the police and a coroner's inquest was held and a formal charge filed against Huntley Monday.

Got Six Deer in Tioga

A party of North Bend deer hunters composed of Dr. W. D. Butler, Dr. Russell Keizer and his two sons, Ennis and John, returned Saturday evening from Tioga with six deer. The hunters, who were gone 10 days, reported that the deer were plentiful and no other hunters encountered. Dr. Keizer shot two bucks including a three and five pointer. Dr. Butler returned with two deer while Ennis and John Keizer each had one. —Marshfield News.

Accident Results Luckily

J. E. Eastes, twice mayor of Bend, and his bride were feted yesterday by the Kiwanis club at its regular luncheon, says a press dispatch. Eastes and Mrs. Lorennet M. Wood of Seattle were married Saturday evening as the culmination of a romance which began two weeks ago when Mrs. Wood injured in an automobile accident was brought by a mutual friend to Eastes home for medical care.

Don't worry about your battery when you can take it to an expert at the Coquille Service Station and have it inspected.

M. E. Church

All services at the usual hours Sunday. Prayer meeting 7:30 p. m. Wednesday. You are welcome.

Morning sermon: "Let a Man Examine Himself." First Corinthians 11:28. For what purpose? To see if we are in the way of holiness. The standard is not human but divine. God says it is foolish to compare ourselves with each other. He declares His Holiness by sure and steadfast revelation that we may know the divine measure of excellence required of us. Evening sermon: "He that Overcometh." Revelation 3: 1-6. What is it to overcome? What is victory? Alexander the Great is known in history as one of the world's conquerors. Armies could not stay his onward march. Thrones were wafted away like huts in the path of a swifter river. Was he the victor or the victim? What is "the victory that overcometh the world?" Do we have it? J. S. Penix, pastor.

Church of Christ

"We are just common Christian people trying to serve the Lord as best we can. We are not perfect. We make mistakes. But we believe, in the perfect life and like Paul we are 'pressing on toward the mark of the high calling of God in Christ Jesus.' We believe in the Holy Spirit as a convictor of sin, a comforter and a guide, but not a cleanser of sin. The blood of Christ cleanses from all sin. That is contained in the Gospel. The pure Gospel is the power of God unto salvation. He who obeys it has the promise of the Holy Spirit. But only the apostles had the apostolic measure, else let others show it by prophesying, speaking with tongues and raising the dead. Bible School begins at 10. Morning worship and sermon at 11. Christian Endeavor at 7. Song service and sermon at 8. All are welcome to these services. Eugene A. Palmer, Minister.

Baptist Church

Services held in the Presbyterian church. Sunday School at 10 a. m. Young People's meeting at 6:30 p. m. Preaching service at 7:30 p. m. Subject: "Small Things." Prayer meeting Thursday evening at 7:30 p. m. You are cordially invited to attend these services. Rev. E. N. Turner, pastor.

Christian Science Society

Sunday School at 9:30 a. m. Sunday Service at 11 a. m. Subject for next Sunday, "Reality." Free public Reading Room open in Church Building every Tuesday and Saturday afternoons from two to four.

The Holy Name Catholic Church

Coquille Services on the first Sunday of the month at 10:30 a. m. On the third Sunday at 9:00 a. m. Rev. James L. Carrico.

Church of God

Sunday school, 10 a. m. Morning worship 11 a. m. Young People meeting 6:30 p. m. Evening services 7:30 p. m. Prayer meeting Thursday evening at 7:30 p. m. Everyone cordially welcome. N. E. Jennings, Pastor.

Gold Beach Sand for Fill

The grading of the hill in the northern part of Gold Beach, by D. P. Plymale outfit, is completed, and it is expected that the spreading of gravel thereon will begin within a day or two. The first coat of gravel has been laid on the stretch from Hunters Creek as far as Riley creek, and will be extended to the auto-park, the end of the finished grading, within another day.

About the biggest and most difficult portion of the Plymale contract is the filling in of the gulch now bridged, in Gold Beach, as difficulty has been experienced in securing sufficient dirt, resort now being turned to sand, which is being taken from the beach west of the Catholic chapel. —Gold Beach Reporter.

Bass Fry Being Released

Art Fish, game warden, received 20 cans of bass Tuesday for release in Emopie and Beale lakes. Ten cans of the fish will be placed in each lake.

Fish said some bass were placed in the two lakes last year and are thriving nicely. Some were caught by fishermen this year.

Bass, however, are not native to these waters, Fish said, but the state game commission hopes to establish them here.

If you want to subscribe for a Portland daily the clubbing combination we offer with the Sentinel will save you money.
