buys this
splendid new

Buffet Type
**COLONIAL
RANGE**

with French Cooking Top

The French cooking top, universally used in hotel ranges, has advantages that readily adapt itself to home use. Heats quickly and holds more heat than the partitioned top; consequently is more economical. Being very smooth, and with large flat surface, cooking utensils fit snugly to it. Steaks, chops, fish, eggs and hotcakes can be cooked directly on the French top, particularly where the hood is equipped with a hood.

THE WIDE AND SHALLOW FIREBOX

Saves Fuel

It makes no difference what you use—wood, coal or kerosene—the Pacific Coast firebox cuts fuel bills. It brings the heat directly up under the top cooking surface and gives the proper amount of heat around the oven, insuring quick cooking and uniform baking. This feature alone is sufficient to recommend this new range as the one for you to buy.

If we could take the Colonial range apart and explain every detail of its construction, you would agree with us that for quality of materials and workmanship, it offers the utmost in range value. You will be intensely impressed with its sturdy appearance, its sensible and sanitary design and finish. But not until you have one in your home will you know how well and how economically it cooks and bakes.

Don't allow another day to go by without seeing this snappy, new Buffet Type Range.

Low price, easy terms, and a reasonable allowance for your old range or cookstove.

Celebrates Eightieth Birthday

It was a happy time for Aunt Annie Barklow, as all Myrtle Point people love to call her, and her guests on last Thursday when they gathered at her home to help her celebrate her eightieth birthday.

Mrs. Barklow, in spite of her eighty years, prepared the dinner herself and there is no doubt and no dispute that it was the best of meals. She was presented with many lovely gifts, re-

ceiving also gifts from California such as grapes, candy, etc. It was a happy time for all to gather in the home of one of advanced years who could still see only the bright side of life and who recalled only the happy things, one of the kind of old people who are "ever young" in mind and spirit if not always in body.—Myrtle Point American.

Riverton School Notes

The senior class of the Riverton High School elected the following officers: president, Rose Van Leuven; vice president, Agnes Scorby; secretary, Bernice Alpine; treasurer, Ruth Philpott. Miss Hutt was elected class adviser.

The junior class organized September 28 and elected Freda Berry president; Julia Hamblock secretary and treasurer; and Mr. Tucker class adviser.

The Riverton student body at a recent meeting elected the following officers for the school year: president, Rose Van Leuven; vice president, Agnes Scorby; secretary, Bernice Alpine; treasurer, Nell Jenkins; business manager, Freda Berry; editor in chief, Ruth Philpott; sergeant at arms, Kenneth Haga.

A committee composed of Mr. Tucker, Bernice Alpine, and Nell Jenkins, was appointed by the president to draw up a new constitution for the student body.

At a recent meeting, the Union High School board voted to buy the basket ball equipment for the boys and girls.

The student body is considering buying a piano and very many favorable offers have been made by differ-

ent music houses of the county. A committee was appointed by the president to look over the pianos and decide on which one the school should purchase.

The school board has ordered a complete line of physics apparatus, which will be installed in about three weeks. They have also ordered physics reference books for the class.

Mr. Alpine accompanied by Miss Hutt, Nell Jenkins, Fred Berry and Bernice Alpine, motored to Marshfield Wednesday afternoon to look over the pianos at the Hale and Thomas music company and decide on one for the high school to purchase.

Editorial

Under Mr. Tucker's supervision the boys' athletics has been progressing fairly well and Riverton's prospects for a basket ball team are bright. About twenty-five boys are turning out for practice and all of them seem very enthusiastic. Riverton, by lack of experienced players, will not have much of a chance against larger schools but might bring home the bacon from the smaller ones.

For Rent—Sleeping rooms, with connecting bath. Inquire at this office.

E. E. JOHNSON LUMBER CO.
Coquille, Oregon

Wants \$75,000 for Arm

Owen Smith, son of John R. Smith, of Floras creek, has filed suit in the federal court at Portland for \$75,000 damages from the Pacific States Lumber company known as the Coos Bay Lumber company for injuries received by him on May 13 of this year.

Smith was employed at Camp 4 on Dement creek and while riding on the company train fell off on a trestle

and lost an arm, five cars passing over it while he was grasping the rail to keep from falling 40 feet below.

Smith charges that the company has refused to avail itself of the compensation law of the state and attributes the injuries received by him to negligence on the part of the company and its employees.—Bandon World.
