

Firestone

Why Gum-Dipping is so Important to Car Owners

GUM-DIPPING—the Firestone extra process builds into tires extra quality by impregnating and insulating every fiber of every cord with rubber.

This exclusive method is carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring process.

By this method, added strength and flexibility are imparted to the cords, making Gum-Dipped Balloons most serviceable and enduring over rough roads.

Save money—buy Gum-Dipped Balloons now—while prices are low.

M. E. Church

All services as usual Sunday Prayer meeting Wednesday 7:30 p. m. You are welcome.

Morning sermon: "The Prophecies for a Revival." Habakkuk 3:1-11. This man of God prayed: "O Lord, give thy work." "Thy work," God, what is it? Brother Cox will be here about January 1st to help us again in a genuine revival of the Lord's work. Let all who believe in pure religion pray that the Holy Ghost will come upon the people in saving and sanctifying grace. The need is great.

Evening sermon: "The Ishmaelites."

Special Chicken Dinner at the new Coquille Hotel every Sunday.

Evening sermon: "The Ishmaelites."

Sell Joseph to Potiphar." Genesis 39: 1-23. Sin blinds and binds man's heart in darkness. The sinner is a slave. His deeds are the works of sin. He cannot see the hand of God. "God can make the wrath of men to praise Him." The spotless life of Joseph makes the sin of Egypt to appear in its black charnel.

Remember the Sunday School convention at the South church Saturday and Sunday.

J. L. Stevens

"Your Ideal Meeting Place"

"She's better than she used to be"

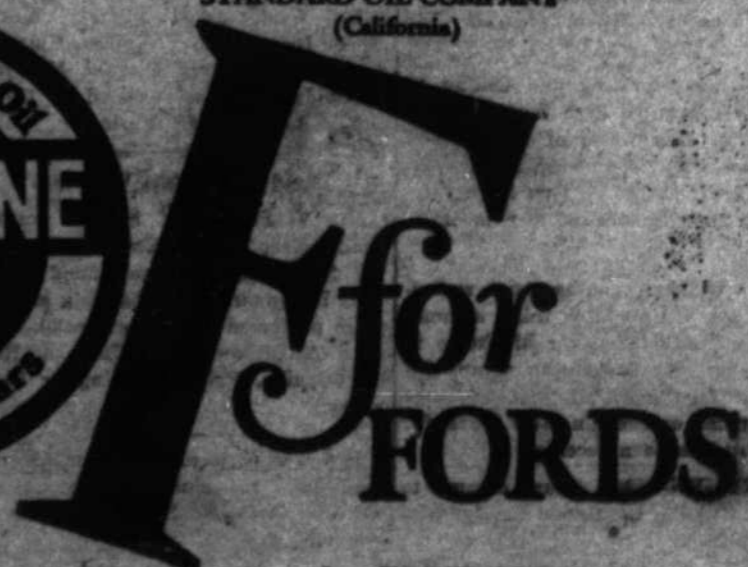

"—starts easier, climbs hills better and gives less trouble all around. And I believe the answer is this new Zeroletne 'F' for Fords I've been using. It costs less than the oil I'd been using, but it actually seems to lubricate better."

Zeroletne "F" for Fords gets to all the parts requiring lubrication—especially the wrist-pin bearings and upper half of the cylinder walls.

Zeroletne "F" for Fords is made by the Standard Oil Company's patented vacuum process. It deposits a minimum of carbon, and because it lubricates better it enables the engine to develop a noticeable increase of power over and above what Ford owners have been accustomed to expect.

A Ford is an A-1 transportation investment. Protect your investment by proper lubrication.
