

Share Financially In Community Growth

AMERICA and its states and cities go steadily forward. Despite every alarming thing that happens there are always found more people, more wealth, more prosperity, whenever Uncle Sam collects the facts. And it is really difficult to imagine how this growth can stop for many generations to come.

WHOEVER has a financial stake in community growth owns an investment as strong as the proverbial Rock of Gibraltar.

WE ALL KNOW that this industry or that industry may have its ups and downs; particular districts and values have their vogues and their declines; new inventions, whims and styles mow down many a profitable institution—but through all those changes our cities and state endure and grow.

IT IS POSSIBLE TO MAKE AN INVESTMENT WHICH SHARES AUTOMATICALLY IN COMMUNITY GROWTH, AND DOES SO RIGHTFULLY BECAUSE IT HELPS TO BRING ABOUT SUCH GROWTH AND TO MAINTAIN IT.

EAST FORK NOTES

Last week men by the name of Houser and Mathews, of Roseburg, were on the East Fork. Mr. Houser was in to look at homestead improvements on a claim taken by a man by the name of Keith in January, '24, Sec. 8, T. 28, R. 10. Mr. Mathews was the driver. I told them that was the first news of a man by the name of Keith taking a homestead in this vicinity. I would like to know the extent of "improvements" found on that claim.

Ernest Krowson did a good job when he shot that coyote on the Jas. Benham place on Brummitt Creek and got a big pet. The creature weighed 37 pounds and had had a meal of fawn Ernest found when he opened its stomach.

Mrs. Benson and Mrs. Hendrickson, of Myrtle Point, were on the East Fork Sunday, guests of their Bandon friends, Mr. and Mrs. Carl G. Garrouette, daughter Velma, and Evelyn Manciet.

Frank Howe and wife, of Benton, Wn., and Ira Howe, of Portland, came in last week for a visit with relatives. This side of Salem a Rickenbacker car passed them at a lick-split gait. In a half hour they caught up to it, car over the grade, man killed, woman badly hurt. Why the hurry?

William Miller, of the Coos Bay Service Station, Marshfield, had a day off last week, with his wife and children the day was spent at the Marcy home.

When the Myrtle Point Chamber of Commerce resolved against the road down the river from the Cooper bridge so that the travel may cross the bridge near Myrtle Point, didn't the chamber resolve for an unnecessary expense to rebuild the Cooper bridge? Way the county court has decided to build the road if people want to go to Myrtle Point, there is no law against it, but they don't have to go to Myrtle Point from the East and North Forks if they want to go to the coast. Myrtle Point may lose the sale of a quart of oil and a box of pills, but the county saves bridge expense.

The statement in the Harbor that the Coos Bay Mutual Creamery paid 40c a pound for butter fat needs the qualifying clause, not the butter fat of cream, but the butterfat of milk for cheese. I do not know of anyone on the East Fork getting 60c a pound for butter fat. Our statement for

Sept. shows the cream price 53c.

Sam Nosler, Mrs. Nosler and daughter, Mary Lou, were at the club grounds two or three days this week. Ed and Ethel Abernethy made a trip to Marshfield Wednesday, called on their nephew, Bennett Swanton, who is sick at the Smedburg hospital.

The report of the research and education department of the federal council of churches, stands out with one bolded down statement emphasized in the fact that individual responsibility shirks the job of citizenship by passing the individual responsibility of the citizen on to some community or conference or church or group of so-called interested citizens, thus making of individual responsibility nothing more nor less than a dummy, and of the citizen an irresponsible. You don't get any mass honesty or mass responsibility until you first have individual honesty and individual responsibility. R. A. Easton.

Former Commissioner Dead

George J. Armstrong, former county commissioner of Coos county, and one of the cases held a few years ago when Coos county was recalling county officials, died at his home in Petaluma, Calif., last week, at the age of 68 years. He was a pioneer of Sonoma county, Calif., and had lived there for 40 years except for the few years he was in Oregon.

Chittim and Cheese

A Coos county legend at the state fair advertised the county as the home of "cheese and chittim." A worthy combination, we should say; a coupling of cause and effect, so to speak. With the use of one demanding use of the other, we should think that the demand for both would be irisk.—Albany Democrat.

Roy Shoemaker Bound Over

Roy Shoemaker, associated with Lester Norton and Mrs. Winnie Morgan in abducting 14-year old Fern Hoover, was bound over to the grand jury by Justice Stanley last Friday afternoon and placed under \$2000 bonds—the same as the other two received. All are held in the county jail.

Missionary Society Meets

The missionary society of the Church of Christ met in regular session Tuesday afternoon at the home of Mrs. Geo. Ward. During the business session it was voted to send \$10 to each of the following missionary fields: Home work, the Cincinnati Bible Seminary, Clark Fund, and the National Home Finding Society, Louisville, Ky., which is work among orphaned negro children; and foreign work, Mexico, South Africa and Holland. The program explained the work of the above fields and was well arranged.

Refreshments were served to the following members and invited guests: Mesdames Joe Staninger, Geo. Swinney, Stanley Phillips, Fred Von Peger, Sam Arnold, Cal Harry Clifford Kern, Alton Dungey, Arthur Hooten, M. O. Hooton, E. A. Palmer, Wm. Gaslin, Ethel Brunning, Wm. Wimer, Judith Collier, Wanda Holjenbeck, Arge Barnes, Dave Thompson, W. A. Sloan, Chester C. Farr Ames, Kendall, A. N. Foley, Wm. Keller, Nellie Frey, Nina Nosler, L. P. Maury, Anna Johnson, Chas. Hill Wilbur Haines, Aaron Wilson, Fred Shaer, Donaldson, Geo. Ward, E. A. Palmer and Miss Pearl Ray.

Homecoming at O. A. C.

Homecoming at O. A. C. this year is October 31, nearly a month earlier than last year. The committees are at work preparing for the annual influx of old grads.

A football game with Montana university is the chief athletic event. Montana is now a member of the coast conference and has developed a team that is dangerous in almost any company. Sweet, in the back field, is rated the fastest man on any coast squad as he cleaned up in the dashes at the coast track meet in Seattle a year ago.

Gordon Pratt, of Portland, is chairman of the homecoming committee. A contest is being held to select this year's slogan.

Card of Thanks

We wish to express our appreciation of the kindnesses and sympathy shown us during our recent bereavement. We wish to particularly thank Rev. Mr. Root for his sweet words of comfort and also the singers for their beautiful music.

M. E. Church

All services as usual Sunday Prayer meeting Wednesday 7:30 p. m. You are welcome.

Morning sermon: Buried with Him in Baptism. Colossians 2:10-12 Colossians is addressed to believers, warns them against legalism and human doctrines, urges them to "Completeness in Christ," and reveals in Christ crucified the fullness of God and His Grace.

Evening sermon: "Choose Ye this Day Whom Ye Will Serve." Joshua 24:15. God reveals Himself as "The true and the living God," sends the Holy Spirit to convince man of his sin, his need, his privilege and duty; but leaves man to choose whether he will serve God or Mammon. "Out of the heart are the issues of life."

No Longer Need to Jockey

No longer need an "inside chauffeur," as elevator operators call themselves, jockey his car so as to bring it level with the floor at which he is stopping. Instead electric elevators are now equipped with an automatic leveling apparatus that of itself brings the elevator to a stop so that the floor of the car is at exactly the same level as that of the corridor.

Riverton School Notes

Riverton pot and Fred Clinton.

The new constitution has been drawn up and will be presented to the student body for their approval soon. Both Bandon and Coquille high schools lent their constitutions so that the committee might get an idea how to draw one up. The committee worked hard on the constitution and the spirit with which they worked to unite the new school is very commendable.

Mr. Atwood, director of music and glee clubs at Bandon Hi, has been secured to give music lessons to members of the school on Friday. Later an orchestra will be organized to furnish music for school entertainments.

Sunday, Oct. 11, the Physics class motored to Cape Blanco light house on a field trip. Miss Myline accompanied the class and Spencer Ward furnished the car. Other members of the class who went were Ruth Phil-

The Senior English class has started the study of Shakespeare's Hamlet and find it very interesting.

The gym has been equipped with new basket ball rings, ring backings and a new ball. The boys have got their practice suits and are now turning out for real practice. Neither of the squads have selected their first team yet but hope to do so some time soon so that they can get all the practice possible.

Mr. Tucker has changed the schedule of the afternoon classes so that the physical education classes come the last period of the day. Before, the physical education classes came the 6th period but this was inconvenient as the students had to return for the 7th period classes. The new schedule will be more satisfactory to both teachers and pupils.

Homecoming at U. of O.

With Homecoming at U. of O., scheduled for November 13, 14 and 15—armistice week—less than a month off, the student committees are working at top speed in preparation for the three-day event which is one of the biggest, if not the biggest, feature of the entire school year. Several thousand visitors are expected.

The directorate already has me several times and has disposed of preliminary details. Features upon which the committees are working now include the annual noise parade with fireworks, the "frosh" bonfire and rally, the campus luncheon and the alumni dances.

The Homecoming football game this year is between Oregon and Oregon Agricultural College. Plans are made for the greatest attendance in the history of these contests.

Begin Serving Time

"Cork" Keontz and Johnny Wilson Bandon moonshiners and bootleggers, who were out on appeal after being fined \$300 and sentenced to serve three months in jail by Justice Stanley here, voluntarily reported to the sheriff Tuesday that they were ready to begin serving their time, and they were locked up. They haven't yet paid their fine, but it is a safe guess that they will.

Arizona Inn Had Good Year

Arthur P. Sweet, proprietor of Arizona Inn, was a visitor in Gold Beach Tuesday, which is the second time in more than a year and a half. Mr. Sweet finds that running the Inn property, which consists of 138 acres, and assisting his wife in looking after the comfort of their guests, is no small job. The Inn has had a very successful season, but expects that there will soon be a let up of tourists and sportsmen.—Gold Beach Reporter.

"Youth Will Be Served"

Youth will be served, and notwithstanding the wonderful record that grand old man of baseball, Walter Johnson, has made in 19 years in the big league and previously in the world series just finished, the young Pittsburg team got to him yesterday and won their fourth game and the world championship title. Youth has the ability to come back. After losing three of the first four, no one conceded them a chance, but they won three straight and the coveted title. Here in Coquille most of the fans were pulling for Walter to tie the great Mathewson's record and win three in one series.

It will be easier and more pleasant to take your Sunday dinner at the new Coquille Hotel.
