Chapin & Son Sell Out

The grocery firm of A. W. Chapin & Son has sold its stock to Dunham's Groceries and will go out of business tomorrow evening.

Mr. Chapin senior has formed a partnership with Tom James at Marshfield and is going to devote his time to selling Oaklands, but he intends to retain his residence in Coquille.

Ambrose has not determined yet what he will do.

Sounded Like Machine Guns

Lans Leneve was over on the divide west of Fat Elk last Monday setting out a line of traps and he says the way the wind was blowing, timber was falling with such frequency that the crashes resembled a military bombardment. From the top of a small knoll he counted fourteen trees which had just crashed down. He had two or three very narrow escapes.

It Is His Lucky Day

This is Friday, the 13th, and while some people may see in the combination a cause for apprehension, such is not the case with Iris A. Elrod. Just eight months ago today—Friday, March 13—he opened his men's wear store on Front street and he now says it was the most far-sighted move he ever made, and if there is any such thing as luck that he chose a lucky day.

Red Cross Roll Call

Mrs. Ida Owen is now engaged in soliciting annual memberships for the Red Cross in this section. Half the amount received goes for local work in Coos county and half for the national organization, which is always ready to help in any great emergency like the Galveston flood, the Illinois cyclone or the Dayton, Ohio, destructive storm.

Anything But "Classic"

The football "classic" of the year, as one Bay paper predicted it, between Marshfield and North Bend high schools, was played Wednesday in a sea of mud, during a heavy rain. It was anything but "classic," as played under the weather conditions and there are at least two, if not three teams in the conference, which could have beaten either of them that afternoon. The game ended in a scoreless tie.

Club Appoints Its Committees

The Coquille Business and Professional Women's club met in the council chamber Monday evening, November 8. At this meeting a report was made that forty-six women were enrolled so far. The charter will remain open until November 23, after which an initiation fee of \$1.50 will be charged for membership, besides the monthly dues.

Arrangements were made for a pot luck dinner to be given at 6:00 p. m. November 23, in the I. O. O. F. hall. The Portland club has extended an invitation to all local members to attend their meetings whenever possible. Information regarding these meetings may be obtained from Miss Ruth Nissen.

The following standing committees were appointed and may be added to at any time:

Membership—Agnes Whitstone, chairman; Maxine Kistner, Mabel Sample, Myrtle DeLong, Ella Horn. Social—Mabel Elman, Anna Rooney, Belva Gage, Ruth Sloth, Ida Owen, Mary Greiner.

Education—Inez Chase, Margaret Crouch, Ruby Yutler.

Recreation—Cecile Willoughby, Maude Pierson, Dena Ellington, Arab Rhythe Cousins, Laina Lindros.

Edgar C. Raymond

Funeral services for E. C. Raymond were held at the Ellingson-Groskopf chapel in Marshfield Tuesday morning at 10 o'clock, interment being at Templeton that afternoon.

Mr. Raymond died Saturday afternoon at 6:40, at his ranch home on the Marshfield highway, the former John Yeakim ranch. He had been ill for years with bronchial trouble.

Edgar Crossman Raymond was born Oct. 13, 1867, in Massachusetts and was just past 68 years of age. He had been a resident of Oregon for 35 years.

In his earlier life he was employed on the railroad here in Coos county but for the past four years had lived on his ranch. He formerly owned a ranch at Templeton where the interment took place.

Mr. Raymond is survived by his wife, Mrs. Lillian A. Raymond. She is a niece of H. W. Dunham of this city. He is also survived by two children, Jack L. N. Raymond, who lived on and conducted the home place, and Mrs. D. H. Benson, of Reedport.

Mr. Raymond had a host of friends in this section who are grieved at his passing.

For 3 Mile Logging Road

Hugo Quist, manager of the Lawson Cypress Lumber company, arrived here the first of the week from Portland where he purchased a steam shovel to construct three miles of logging road, an extension of their company's present line at Byrle, to tap a tract of cedar. The company has contacted the sale of about five million feet of cedar logs on its holdings to the Western Lumber Mfg. Co. at Marshfield.

The cedar is part of the holdings of the Lawson Cypress Lumber company, purchased a few years ago, on Roland creek, southwest of Reedport. The company has not been operating for several months. They expect to very soon be employing about fifty men—Myrtle Point American.

Rosecoe Hurd Hit by Auto

Too many speed around the Sentinel corner last Saturday evening about five o'clock was the cause of Rosecoe Hurd, of Coos Bay, being knocked down and rendered unconscious for a few moments. Ray Stuck, driving a Ford, caught Hurd at center, and threw him back ten feet where he struck the back of his head on the pavement. Although still bruised and sore Mr. Hurd was around town that evening not much worse for the accident.

Altogewer too large a percentage of drivers go around this corner although they were on the Pacific Highway without another car in sight.

W. C. T. U. Next Friday

The W. C. T. U. will meet in the Presbyterian church next Friday afternoon, Nov. 20th. All members are requested to be present. Every Christian should be enrolled in this organization and help to carry on this great work.—Adv. Committee.

One Divorce Granted

Judge Kendall granted a divorce Tuesday to the plaintiff in the case of Dannie Dell Adams vs. Fay Glen Adams, and heard evidence in the case of Mina Ludwig vs. Jas. A. Ludwig. No decision has been given yet in this case.

Back on Battle Front

An entirely too realistic "back of the front" American seven years ago was experienced Wednesday morning by Earl W. Murphy and Robert Dillard when a bolt of lightning via a screw driver gave them the K. G. while they were detaching lumber at sunrise back of the city hall.

For a moment Bob thought he was back on the western front with little prospect of ever being anywhere else—and for a minute he was, vigorously speaking. And for exactly the same length of time Earl's inebriated reflections pertained to the riding of a ship by a submarine with glory in a watery grave.

Murphy and Dillard were manning the machine banks from a boat with a screwdriver during the thunder storm when the bolt struck. They were thrown to the ground and were in a state of coma for fully a minute. It was a narrow escape, but neither Dillard nor Murphy sustained permanent damage as result of their morning skirmish with Jove.—News.

Deadly War Weapons Used by the Astors

The offensive weapons of the Astors consisted of bows and arrows, slings, clubs, spears, light javelins and swords. The bows were made of tough elastic wood and were about five feet in length. For strings they used the skins of animals or stags' hair twisted, says the Detroit News.

The arrows were of light cane, with about six inches of oak or other hard wood inserted in the end; at the extremity a piece of flint (chert) was fastened with leopards hair and further secured with a paste of resin or other adhesive substance.

Sometimes instead of flint they used the bones of animals or fish. The bone of a fish called flint is said to have been used by its venomous species a wound very difficult to heal.

It is well known that the Astors' weapons did not use poisoned arrows, such weapons would have defeated the object for which they were designed, that of hitting their enemies alive for the purpose of searching them over for the stores of their gold.

When Fanny Sings

According to an authority on such things, animals alone share the distinction with man and birds of being able to sing. Their song is a primitive kind of song, produced in such the same way as a human being sings. Further, the vocal chords of a cat are more like those of man than are the vocal chords of any other animal.

First Artificial Ice

There is some dispute as to who first made ice by chemical and mechanical means. Prof. A. C. Topping, of New Haven, Conn., was one of the first prominent inventors in this line, but others had made artificial ice before. Artificial ice did not become a commercial success until about 1860.

Location of the Pole

The north magnetic pole is in approximately 70 degrees north latitude and 95 degrees west longitude in northern Canada. The south magnetic pole is located on the Antarctic continent at approximately 72 degrees south latitude and 135 degrees east longitude.

Evolution of Ring

Engines and rings were joints of wood, succeeded about 1500 years ago by such shells in a central shape which were suspended around the neck. About 1200 years ago the ring was perforated for the finger to pass through.

Famous Irishwoman

Fair Genetive, a noted character in England in the sixteenth century, was the Irish lady Elizabeth Fitzgerald, daughter of General Fitzgerald, sixth earl of Kildare. She was afterward the wife of earl of Lincoln.

**Coos County's Dismal Wealth**

The dismal wealth of Coos county was described to the Coos Bay Economic Club Wednesday at Marshfield by Wm. L. Tostath, representative of the extension department of U. S. A. C., who is arranging the economic conference in Coquille next week.

Tostath told the Kiwanians that this county was importing many products that could be raised here and that among his examples were eggs and potatoes. In one year \$7,000,000 worth of eggs are imported and \$60,000,000 worth of potatoes. This county is ideal for raising both products, he said. During certain months lettuce is shipped in, he said.

Tostath also said that Coos county has the best grass of any county in the state for raising sheep, and 1000 sheep are now grazing in the county. He also pointed out that this was a good country for growing grain.

Tostath said the purpose of the economic conference was to make a survey of the products raised in the county, the possibilities of growing them here, and to make a thorough inventory of agricultural and selling prospects.

**Business Men's Ass'n Next 18**

The regular meeting of the Stockholders of Coos County Business Men's Association will be held at Veterans Hall—The Armory—at Marshfield Wednesday, November 18th, 6:30 p. m. with a dinner served by the Daughters of Veterans.

Every stockholder is urgently requested to be present to hear John O'Gara, Director of the National Association of Credit Men for the State

**They Were Dodging Deer**

W. W. Brown, Sam Johnson, Earl Hiding and Martin Brown were in Marshfield Monday evening to attend a social function. They drove over in the afternoon and remained in the city. On the way over they narrowly escaped colliding with a female deer near Rock creek and on the way back a big buck leaped on their car and the ladies were obliged just in time to prevent the machine striking the animal.—Myrtle Point American.
