MYRTLE POINT ITEMS

Mr. and Mrs. A. A. Baker and daughter left Tuesday for Portland. The committee appointed by the Commercial Club to solicit funds for the Community Chest has practically completed the drive of the business and professional men. So far the drive has been 100 per cent. Already over \$1300 has been pledged and over half of that collected. The Woman's Club will probably complete the drive of the town.

Fred Lafferty, Clayton Mast, Ellis Wibby, William Ladd attended the C. A. C.-U. of O. football game at Eugene Saturday.

Henry Radabaugh and Percy Schroeder left Tuesday for Taft, California. Mr. Schroeder expects to stay there but Mr. Radabaugh will look around for a while before locating.

Miss Fairy Davis, Miss Hazel Halverson and Miss Lyla Holloway spent the week end in Eugene.

Mr. Parker was a Coquille visitor on Thursday.

Rev. H. C. Hulet was a Marshfield visitor on Thursday.

W. H. Harmon was in town Monday on his way home from the Wesley hospital in Marshfield where Mrs. Harmon has been for several weeks.

Hardy Mast, of Lee, was in town on Monday.

Most of the Myrtle Point football players attended the game at Eugene Saturday.

A number of the members of the Myrtle Point Woman's Club attended a luncheon at the Hotel Coquille given by the Woman's Clubs of the county. Among them were the following: Mesdames Will Lundy, A. C. Chase, Nellie D. Fearnley, Ella Guerin, C. A. Barker, E. C. Barker, Tanner, Anna M. Bledsoe, Ralph D. Kring, K. H. Hansen, Meta Roselow, Star and Hazelwood.

M. P. H. S. defeated North Bend in a fast game at North Bend last Friday. The score was 19 to 13.

Myrtle Point will play Marshfield, the only undefeated team in the county here on Saturday. This game will decide the county championship.

Mr. and Mrs. E. C. Barker and daughter, Grayce, attended the game at North Bend last Friday.

Addie Hamilton, Viola Strong and Charlotte Robinson were North Bend visitors on Friday.

EAST FORK NOTES

Francis Hance died suddenly Thursday noon on the street near the Keizer hospital. Little is known about relatives and the belief is that none reside in the states. He owns a ranch on Haynes inlet and a small home in this city. Deceased was about 60 years of age and has resided here several years. Apoplexy was the immediate cause of death. Today Coroner Keizer and F. W. Wood made an investigation of effects left in the house by Hance and found a letter from a young lady cousin in New York who has been advised of the death. The lady is believed to be the only relative, no information being found relative to any other member of the family.

Mr. Wood late today received a telegram from the cousin stating that there are no relatives in Oregon, all residing in New York.

The above was taken from the Coos Bay Harbor, 6th inst. Mr. Hance took up a homestead on S. W. 1-2 Sec. 2, T. 28, R. 11 W., somewhere in the neighborhood of 1900. He lived on the claim continuously for five years or more after proving up; the place was his home until he got a chance to sell at a good figure.

When here he sheared our sheep, and did quite a good deal of other work for us, also for other people on the river. He also came to our house at times when he was not working. And we always found him to be on the square in his dealing and a gentleman around the house. I met Mr. Hance only once after he left here, that was a number of years ago in North Bend, after he had bought 40 acres on Haynes Slough and was living in North Bend at the time. Francis Hance was a good neighbor.

Nov. 24 a road meeting is to be held in Road Dist. No. 16 at the Marcy place to decide whether a special tax shall be voted to continue the rock work on the road. I expect to vote yes.

Would the county court be so kind as to let us know how many yards of rock went on to the road paid for by the special tax voted last year by the residents of Road Dist. No. 15. May be our district is 14, it is a combination of 14 and 15—also the number of miles of road rock with that money? How much did it cost to take up the planks from Marcy's place to the Stemmer place? Also the cost of cutting off the elbow from the point of the road opposite the old Taylor Weekly place?

Concerning the planks and the elbow, I have asked County Judge Mast and County Roadmaster Gilbert. They did not know anything about it.

I asked road patrolman, Mr. A. H. Gossey, and I have not received any figures yet as to the cost of those two jobs.

Mr. Gilbert says the cost of putting rock on the road was not far from \$2 a yard. Whether the getting ready was included in that price per yard I don't know. But if we can find out just how many yards went on the road paid for by the money voted, we are good enough in long division to figure out the cost per yard.

It was some wind and rainstorm Sunday and crashing of trees. Monday morning was a beautiful morning. The circle of mountains as seen from the hill, back of the pasture, when I was getting the cows, was a thing of exquisite beauty.

A big flock of wild geese went south yesterday morning.

So a man on Coos Bay has started an airplane campaign for governor. It is a good starter as a hot air wind-bubble of the professional patriot type. With two candidates for state offices on Coos Bay, the depth on the par should be well advertised. A man for state superintendent of schools who stands for that miserable thing, the so-called child labor amendment to the constitution of the United States, don't get my vote.

Patterson is a white man for governor, but if I could pick the man he would be Sam A. Koger.

R. A. Easton.
