May Go to Alaska

Rev. J. E. Snyder, pastor of the Presbyterian Community church, North Bend, who has received several invitations to accept the pastorate of the Northern Light Church at Juneau, Alaska, was notified Wednesday that the church was destroyed by fire and he was asked to take charge of a three months campaign to build a new edifice. Rev. Mr. Snyder has not accepted but is considering the call.

The Northern Light church was self-supporting and has many government officials in its membership. The invitations to the pastorate were extended to Rev. Snyder through the Presbyterian board in New York and the superintendent of missions of Alaska.—Marshfield News.

Kill Lice on Fowls

Use either sodium fluoride or blue ointment to get rid of lice on poultry. Of the former it will require 1 pound for each 100 hens. Use the "pinch" method, which is to take a pinch of the powder and rub into various parts of the body. The blue ointment is applied in similar places, being rubbed into the skin well. Mix the ointment with equal parts lard and divide into pieces the size of a small garden pea. Keep away from children, as it is a poison.

Blackberry Winter

Blackberry winter is a cool spell which is supposed to come every year when blackberries bloom. It is a very old belief and how it got started is unknown.

Not Good Firewood

Some kinds of woods, such as chestnut, butternut, tamarack and spruce, are not good woods for fireplaces because they throw off so many sparks.
