We'll prescribe the minstrel show, no matter what ails you!

The ladies of the Pioneer Methodist church Missionary Society will hold a cooked food sale tomorrow (Saturday) at the S. M. Nosler grocery.

Wm. Otter, who has been visiting his sister, Mrs. Sarah Jayes, for the past ten days, left last evening for his home in Detroit, Mich.

The lady of the house is entitled to one day of rest a week. If you take your Sunday dinner at the Hotel Coquille she is sure to enjoy the day.

Jas. M. Coughell returned last Sunday from Portland where he had been for the preceding month, taking treatment. He is feeling much improved as a result of his visit.

The Coquille American Legion assisted by the famous Corned Canned and other local black-face amateurs will do their stuff at the Community building next Tuesday night.

S. B. Leeper says he sold a thousand fryers in ten days, at his chicken ranch here and in Marshfield and Bandon. That is the reason fryers are not mentioned in his advertisement this week.

E. L. Vinton left about midnight Monday for Portland in response to a message that his mother was dying. Although her home has been in eastern Oregon, she has been in a Portland hospital for several weeks.

Julian Leslie came down by last night's train from his home in Portland for a ten days' visit with home folks.

Elmer E. Brimer has sold his interest in the O. K. barber shop to his partner, W. J. Ferbrache, and last week left with his wife for Glendale, Ore., where he is going to rough it in the hills for the benefit of his health.

Some of the newest and some of the oldest songs, jokes and dances will be pulled at the minstrel.

Mrs. W. V. Glaisyer is enjoying a visit from her sister, Miss Amy Johnson, this week. She came in by auto Monday evening from Tacoma, accompanied by a friend, Mrs. Raymond Dodge. They intend leaving for home tomorrow.

Mr. and Mrs. J. L. Smith and children expect to leave next Wednesday evening for their old home in Manhattan, Kansas, where her parents still reside. J. L. will be gone about a month but the rest of the family will remain for a longer visit.

Mrs. Addie Hacker, who fell downstairs one night last week at the L. H. Hazard residence, mistaking the stair opening for a doorway, is still confined to her bed. She suffered no broken bones, but was badly bruised and suffered a wrench of her side.

Monday of this week Dr. C. R. Bloyd went out to Roseburg for a visit with his aged friend, Thomas Thompson, whom he knew sixty years ago, but had not seen for fifty-five years. Mr. Thompson formerly lived in Coles valley, but is now located in Roseburg.

C. S. Murphy, Bridge postmaster and merchant, was a Coquille visitor Tuesday night. He said that the ladies of that village are planning to build a community hall there this year and that one of their first plans for raising the needed funds was to serve dinner there today—election day.

Mr. and Mrs. W. U. Dingee, of River-ton, left Monday noon in their car for Bellevue, Wash., where they will visit a daughter and then go to the Spokane country for a visit with a son. From there they expect to make a trip to Glacier Park and do not intend to return home before September.

Any one who has bills against the High School Student Body or any class or student organization are requested to hand them in or send them Monday morning, May 24. School will be out May 26, and bills coming in after that time will have to wait till after school starts in September for payment.

Robert A. Ross intends leaving this evening for Portland where he will join the Portland shrine band on his pilgrimage back to Philadelphia for the annual convention and ceremonial of the Mystic Shrine of North America. The sessions will be held June 1-2-3. Mr. Ross expects to return in about three weeks. He delayed his departure one day in order to vote at the primary today.

Lans Leneve, who is on fire patrol up the Middle Fork, about five miles this side of Camas valley, was in town yesterday. With the rains of the past few weeks his duties have not been arduous, but he has had considerably trail-making and cleaning up to look after. He and Mrs. Leneve are living in that log cabin with a flag pole in front of it, across the river from the highway to Roseburg.

Don't be afraid to laugh above a smile at the minstrel show and please remember that a cash prize is offered to the person who will clap his hands the loudest and longest.

Don't worry about your battery when you can take it to an expert at the Coquille Service Station and have it inspected.

### One of the Minstrel Songs

This is one of the songs sung by the entire minstrel troupe between the first and second acts at the play last night in the Community building:

### There a Quaker Down in Quaker Town

(Tune)  
There'll be a Minstrel Show  
Next Tuesday night,  
May twenty-fifth, right here,  
And we'll bet you know,  
It won't be slow,  
That highclass, black-face show.  
They've got lots of pep,  
Just watch their step,  
Now all get hep, let's go!  
We're telling all you guys,  
It pays to advertise,  
It pays to advertise our minstrel,  
Advertise our minstrel,  
Advertise our minstrel show.

### Woman's Club Next Tuesday

The regular business meeting of the Woman's Club, announced to be held with Mrs. C. C. Farr next Tuesday will be held that day at the residence of Mrs. Viola Collier. Illness of one of Mrs. Farr's children necessitated the change. All members are requested to remember the date and place and be present if possible.

One of this summer's activities of the club is to be the publication of a cook book for which the advertising has already been secured. Committees are now at work collecting the recipes which will be used in the publication.

### S. P. Men Here

L. L. Graham, district traffic agent of the Southern Pacific, and A. F. Walker, chief rate clerk of the same company at Portland, were Coquille visitors yesterday. Last night they attended the meeting of all the S. P. agents in southwestern Oregon, at Marshfield, when the details of the summer excursion trips and rates which the railroad is advertising were explained and full information given. The Southern Pacific is making some very attractive rates for tours this summer.

### News' Course Disapproved Here

The course taken by the Daily News of Marshfield in making a determined fight against Deputy Sheriff Sam Malehorn as a candidate for sheriff wasn't very much appreciated by the stockholders of that paper here who have never received any dividends on their investment in that sheet and now see very clearly how little it cares for their opinions. The News hasn't had any good will to lavish on any Coquille candidate this year.

### New Books in Library

So great are the demands made upon the library now that even the two librarians—Mrs. Evland, and her assistant, Miss Marguerite Hersey, are unable at times to wait on the patrons and the latter have to wait their turn in line.

The campaign is over and this is primary election day, but the Sentinel is not willing to let pass the News' charge in last Saturday's issue of that paper, that this paper was "misinformed," or "uninformed" as to who turned Dewey Davis loose. We have had unimpeachable corroboration this week that our version of the story was correct and that it was no one in the sheriff's office who permitted Davis to accompany Nichols to Myrtle Point.

### The Sentinel Was Correct

With six days a week in which to tell its story the News has the advantage of the Sentinel, but our story was correct as to who did not turn Davis loose.

### Looks for Gas with a Match

A youngster playing around an old dismantled car back of the Coquille Machine Shop and Blacksmith Shop last Monday morning had a narrow escape from serious injury. He was looking into the gas tank and must have thrown a match in because there was a sharp explosion, which burned his face. Just before being led up to the doctor's some of the men observed him throwing a box of matches under the house in which he lives.

### And Other Names

The person who walked across the street was once called a pedestrian. Now, unless he can hit a livelier gait, he is commonly called "the deceased."  
—Motor Rays.

### Teeth of Vivid Colors

Malays stain their teeth with various colors. Bright red and vivid blue are common, and a brilliant green is had with the aid of arsenic and lemon.

### Losing Lions Treat Winners

In connection with the Lions International attendance campaign for the past three months, the local Lions Club has held an attendance contest for the same period, with Lufe Compton and N. C. Kelley as captains of the two competing teams. Mr. Compton's section won the first month's contest and the second month the teams tied. For the third month it was agreed that the losers should serve a banquet to the winning side and take them to the show last night.

Mr. Kelley's squad was the winner, due the losers say, to the fact that Rev. M. F. Hill removed from Coquille, but his absence from meetings still counted against his side. The banquet was held last evening at the Hotel Coquille and the roaring Lions enjoyed a splendid meeting and dinner.

Numerous talks were made and the visiting Lions from Cottage Grove, who came in before its conclusion, added to the enjoyment of the affair.

Those on the winning team were N. C. Kelley, J. L. Stevens, S. A. Malehorn, Dr. J. B. Gillis, Dr. F. G. Bunch, Chas. W. Gardner, Jas. M. Coughell, William Oerding, Philip Johnson, A. L. Hotton, Wm. A. Zosel and Mrs. Mary Corthell, pianist.

The losers, who paid for the fun, were Lufe Compton, C. C. Archibald, Fred A. Wimer, Geo. W. Bryant, C. R. Richards, R. H. Osborne, H. C. Gant, S. M. Nosler, C. J. Fuhrman, Fred Lorenz, Geo. Johnson and Lyman Carrier. J. L. Smith, a new member, during the past month, enjoyed all the privileges of a winner, although not a member of the original team.

### Moose Initiation

Last night a very enjoyable meeting was held in K. P. Hall by the local lodge L. O. O. M. W. S. Collins, deputy state organizer, was present with a large delegation from Marshfield lodge to witness the initiation of Paul C. Henderson and Ralph Pointer in the mysteries of Moosehood. The Keel lodge is gaining steadily in membership and will soon put on a drive under the direction of Mr. Collins. The Order has now over twenty-five members and fifty children at Mooseheart, and will graduate the largest class in its history this year, both from high school and vocational training. After lodge an appetizing luncheon was served, cafeteria style.

Next Saturday evening, May 29th, the second degree of Moosehood will have their quarterly frolic, and will give a jitney dance at Masonic hall, to which the public is invited. This degree has as their special charge the Old Folks Home, situated on the banks of the placid St. Johns river in Florida, where over sixty old couples have their individual cottages or occupy apartments in a large, rambling hotel.

### Bandon Queen to Be Chosen

Miss Beulah Vincelette, leading candidate for Queen of the Bandon Beachmen, was a Coquille visitor Wednesday in company with T. J. McDiarmid, of Bandon, calling on local supporters. The contest for queen will close next Tuesday morning at nine o'clock. Of the nine entries, the queen's maids will be chosen from the four having the next highest total number of votes.

The date for the coronation ceremony has not yet been announced, but it will be held during the second week in June. Coquille's entire population has been invited to attend the festivities and to show our appreciation of Bandon's support at the last Corn Show. The indications are that the invitation will be quite generally accepted.

### Brice Nosler Wins Honors

In Sunday's Oregonian appeared the name of Brice Nosler, of Hillsboro, as high point man at the state track meet at Forest Grove last Saturday. He broke the state high school record for the broad jump by leaping 20 feet 6 1/2 inches, and tied for the pole vault by clearing the rod at 11 feet. He also was first in the 100-yard dash, at 10 2-5 seconds. He was largely instrumental in giving Hillsboro the greatest score at the meet. The latter totalled 35 points, leading Hood River, second, by 10 points.

Brice Nosler was one of the leading athletes in the Myrtle Point high school until the family removed to Hillsboro last winter.

### Trip Cost Coos County \$500

An item we failed to mention last week was the cost of sending a Coos county delegate back to Washington to appear before the congressional committees in regard to the tax refund bill on the lands reclaimed by the government. Judge Mast says the trip cost just \$500, and he believes the delegation made a showing that will bring many hundred times that amount back to the county.

See the Liberty Theatre program on page three.

# POULTRY

## DIVIDE HEN FLOCK FOR BEST RESULTS

Separate pullets from hens, say poultrymen from the New York State College of Agriculture at Ithaca. Older hens are apt, if allowed, to keep the pullets from their feed and boss them around so that they do not get a fair chance to develop as they should. Separation also lessens the risk from disease spread. Skim milk is one of the biggest known aids to egg production, and should be used to the limit. Every pullet should always have all the milk, sour or sweet, that she can drink. Cleanliness is a big factor in handling poultry successfully, and the college poultrymen suggest not only washing the milk dish every time before use, but also cleaning the roosts, the floors, and the self-feeders frequently. Some men clean the dropping boards every day, but this is not absolutely necessary.

With plenty of milk, the hens do not need so much water, and a few farmers claim better results when no water at all is given if the hens always have access to milk. The milk gives them not only water, but also much-needed proteins and minerals. Whole cabbages hung in the scratch pens make fine green feed, but other greenstuffs are also good. It is a serious mistake to throw any large quantity of green roughage on the floor where it is apt to be wasted by getting moldy and dirty.

For the mash which pullets should always have before them, equal parts of bran, middlings, yellow corn meal, ground heavy oats, and beef scraps generally give the best results. If the chickens have all the milk they can drink, the meat scrap allowance can be cut in two. The house itself should be dry and well-ventilated. Every poultryman knows the importance of keeping his stock free from lice and mites. Litter in the scratch pens should not be too deep at first, as the pullets do not know how to scratch deep yet. Yellow cracked corn is as good a scratch feed as any one needs, but one-third of any other wholesome grain can also be added.

Add to these aids and precautions a good culling program, say the state college men, and any poultryman should be able to get both pleasure and profit from handling his flock.

The little things count in egg production, they say. They believe these practices, if followed, will increase noticeably the production of every hen in the state. They are not, of course, in favor of a greater total production of eggs, but less hens and more eggs is the combination that means money in the poultryman's pocket.
