### EAST FORK NOTES

We have had beautiful days this month, as well as through the winter as a whole. Wild gooseberries have leaf buds, myrtle are budded and dandelions are in blossom, but today and tonight—Tuesday, is a winter storm. Not a rain with ice in it, but with a chill which causes one to feel glad that the stock are all under cover and that the chores are done early.

If Senator Borah knew less he would know more. Because he is a misfit chairman of the Foreign relations committee does not make him bigger than the constitution of the United States. President Coolidge is still on the job as the responsible head of our foreign relations business.

The "Kidnaping" escapade of the desert was a great advertising stunt for Exhibit A, as a maker of tracks in sand; but as a collector to raise \$500,000 ransom money it was a flat failure. The question is, "Into how many parts was the \$500,000 ransom money to have been split?"

P. T. Barnum knew what he was talking about when he said there are lots of people who like to be humbugged. But in the humbugging business P. T. was a piker compared to Aimee.

It must be the Oregon legislature agrees with Dr. Henry Suzzallo in his school idea and concluded that legislators have no obligations as far as "morals" are concerned. For if the honorable (?) legislators could not tap the state's till without law, by what right have the state legislators a right to rob the state by "resolution."

Did any of the legislative candidates make pre-election statements that it was not possible to serve the "dear people" at \$3.00 per days plus mileage fees? When they increased their individual pay by resolution \$5.00 a day, under the guise of "expense money," were they as individuals with the mob spirit any different than any other check raiser?

It really looks as though the legislators of Oregon knew that no responsibility of morals rested upon them as a legislature or as individuals. Without inoculation, without delay they seemed to acquire the itch

of the itching palm. It really looks as though the Oregon legislature was Barababized. "Now, Bafabbas was a robber."

If the legislators of Oregon can increase their individual pay \$5 a day by "resolution" why could not the pay be increased \$10, \$15, \$25 or more a day by the same method? There is a screw loose some place when the legislators of a state can play the game of pickpocket and get away with it.

When an increase of pay for the legislators was put up to the voters, I voted for the increase. The majority were against it. Why, I don't know, unless it was lack of respect for the average legislator. It seems to me that \$10 a day plus mileage should be reasonably fair pay for a legislator in the state of Oregon. But that increase of pay should come by law, not by theft.

These fellows in the legislature who are trying to increase the pay of present office holders, are going to have hard sledding if Governor Patterson meant what he said in his message to the legislature. I believe he did for I feel in my bones that he was a man for a governor.

R. A. Easton.

### Brewster Valley

Several of the Brewster Valley people went to the play at McKinley last Saturday evening given by the Junior class of the Coquille high school. The play was good and there was a large crowd. Supper was served in the new dining room at the hall.

The Julius Benham family had quite a surprise Sunday afternoon when Mr. and Mrs. Arthur Jenkins and children, Alice, Avis and Arla, came to spend the afternoon.

Mr. and Mrs. Walter Laird went to Marshfield Tuesday.

Belle Laird and Mary Laird spent the afternoon and evening at the Julius Benham's home Sunday.

Ernest and Zilphia Krewson and little, Velma, visited at the J. L. Benham home Tuesday.

No more cranking your car when you have your battery repaired at Coquille Service Station. All work guaranteed.

### Coquille School Notes

A student body meeting was called on Tuesday for the purpose of arousing enthusiasm for the basket ball game that night and for nominating a new treasurer. James Agostine, this year's basket ball captain was called upon for a speech. He said something to the effect that if Coquille lost the Myrtle Point boys would surely know that they had been in one tough battle.

Some of the other boys who were called on were: Royce Richmond, Edward Johnson, Lester Butts, Hadley Curtis, Everett Seeley and Paul Detlefson.

It was quite surprising to all to learn that Willie Gaslin had nothing to say when he was asked to tell about walking to Riverton and Arago to basket ball games.

Alice Collier, captain of the Ko-Keel Ketchers' team, made a short speech in which she said that they were going to fight hard and try to win a good game.

The rest of the time was given over to yell practice and announcements.

Last Thursday the freshmen assembled at the high school for a hard times party. Practically all of the evening was spent in playing various games. For refreshments, sandwiches, pickles, cake and lemonade were served. While most of the students enjoyed themselves there were as usual, those who watched from the hall.

The Book Exchange has sold several books this week and there will probably be a greater demand when the new frosh enter next week. A commission of ten cents is charged for the selling of each book. This money is turned into the Junior Chamber of Commerce treasury for the purpose of making some improvements about the school grounds.

Some students seem to forget that it takes money to publish an Annual and that it is necessary for them to turn in the money for the sales. Only one-half of the books have been sold at present, so it looks as if the students should get busy and get the rest of them spoken for at once or they will have a lot on hand at the end of the year.

It was both delightful and surprising to the students to learn that one was suspended last semester for having fifteen points turned into the office against them. Mr. Cramer suggests that everyone make new semester resolutions and keep them. Perhaps if some of the students should do this the high school would keep the good record already started.

Many new students entered high school during the past week. Some of them, however, seem to have found the studying too strenuous and have dropped the course. The ones who entered this week and the old ones who have returned are: Ralph McMillion, James Agostine, William Butler, James Agostine, Gladys William and Eva Plapp.

"The Ko-Keel Keen Ketchers," a basket ball team composed of high school girls, are making a good record at ball. The girls play good, interesting games although they do not have many practices for they have successfully defeated the Riverton and Myrtle Point girls' teams.

Most all of the girls have played on the high school team last year. However, the other girls are doing equally as well.

Because of the vacancy left by Haldane Holmstrom's leaving school, it is necessary for the student body to elect a new treasurer. Haldane has certainly filled this position very efficiently in the past semester and the new treasurer will find the books in good order.

Those who were nominated for this position were: James Agostine, Edward Johnson and Kenneth Hansen.

The athletic tickets for this semester are now on sale for seventy-five cents as usual. It is also time to pay your student body dues of twenty-five cents. The only way to support the high school and the team is to buy both tickets and attend the games.

The junior class of '28 presented "The Trysting Place," and "The Man in the Bowler Hat" at the McKinley Hall January 15. The plays were very successfully given under the direction of Miss Kay and Miss Jordan. The plays were followed by a dance for which there was no extra admission.

The girls' gym class will meet for the first time Monday. Any girl who wishes to enter the class may do so. The usual gym suits will be worn during this period.

Why not eat Sunday's dinner at the Hotel Coquille? You'll enjoy it, as well as a day of rest.

Calling cards 100 for \$1.50.

# It's What You Save That Counts

No matter what your check amounts to, if you are not careful with it, it will slip away and you will come out short. We put in a lot of time in buying our goods so we can sell them to you at the lowest possible price, and if you are not taking advantage, it is not our fault. Try paying cash as you go this year.
