Radio Unites Home Circle

In the past several years of radio's
development, from the crude wireless
of dots and dashes, radio has grown
into the most formidable institution in
the world—a college of oratory,
drama, music, a play house, dispens-
ing grand opera, music, physical exer-
cises, news, stock and weather re-
ports, and last but not least, religion.

Bringing to one's very fireside, to
the invalid's couch, to the mother and
father, too busy to seek elsewhere,
pleasures and educational advantages
beyond price.

The finer programmes of the win-
ter accentuate your need of radio.
Variety and choice of entertainment
and educational advantages are un-
limited offering that which no other
medium in the world can deliver.

And the thrill, the real radio thrill,
DISTANCE—This is Station CNRV,
Vancouver! Or, this is Station
WOAW, Omaha, and others—still
farther distant—is yours with a good
radio set.

Long past the curiosity or plaything
stage, radio today is recognized
throughout the entire world as one of
the greatest scientific achievements in

history, ancient or modern.

Can you afford not to have a radio
set—a GOOD radio set?

When ready to go into radio, the
uninitiated radio buyer should look for
a standard recognized quality set,
which has both dealer and manufac-
turer guarantee behind it. The sets
featured by The L. L. Thomas Music
Co. of Marshfield are selected because
of their absolute in-built radio quality
at prices within reach of the average
home and on terms that are conven-
ient, human and respectable.

L. L. Thomas and associates know
radio values and customers know
that when they make a price it de-
notes real and true values. Their line
of Gulbertson pianos, players, musical
instruments and orthophonic phono-
graphs have been endorsed by the
leaders in the world of music. The
stock of the L. L. Thomas Music Co.
is composed of nationally advertised
brands of musical instruments. This
insures the customer of getting mer-
chandise worth while, and their pol-
icy of one price insures you of full
value for your money.
