Legion Poppies to Be Sold

The war is over for most of us, but is it over for everyone? How about the men in the hospitals? Many of them have been there ever since the war, many of them will never leave the hospitals. These men enlisted in the prime of life—they had their aspirations, some were in the midst of college courses when their country called; they were studying to be doctors, lawyers, engineers; others had just started out in business for themselves; most of them were wage earners, and now they spend their days in the hospitals throughout the land. They are not down-hearted, the atmosphere of cheer pervades the Government hospitals, and facing this disappointment in the fulfillment of their hopes and their dreams, they can still smile. These are our heroes! Must we have the tread of marching feet, the cheers of the watching throngs to recognize them? We cheered them when they marched away, we cheered them when they came back to us—who cheers them now?

The vision of the American Legion and the American Legion Auxiliary goes far—it sees the handicap of the children whose fathers fell or whose fathers are now in the hospitals. A comrade's silent call has reached the Legion's heart, and the Legionnaires have answered this call by gathering these children to them and providing for them homes, with the atmosphere and background of a real home, when it is not possible to keep these children and mothers together or have the children adopted.

This service program of the American Legion costs large sums of money, and as the Government generously provides for the hospitals and maintenance, so the income from the Legion Endowment Fund will take care of the big items of the Legion's permanent service work, but the local and temporary service work will and must be carried on by the local Posts

and Units.

The Coquille American Legion Auxiliary will sell the poppies that these boys have made during the week of May 21 to 28. The money derived from this sale is used for the needy veterans and their families here in Oregon, those for whom the war is not yet over. The official American Legion poppy, made by disabled men in the hospitals, has the Legion sticker and emblem on it. All over the land, this Memorial Day, the little red poppy of the Legion and Auxiliary will breathe to you its message:

BUY ME. I stand for service. I enable one cent to be earned by a disheartened service man in a hospital who needed it, and all you pay for me goes for service for those for whom the war is not yet over.

WEAR ME. I represent the sacrificial blood of the men who fell on Flanders Fields. I am a memorial to all who died in service. In reverence and understanding Wear Me!

For more than an hour Friday evening, Myrtle Point's business district was threatened by a fire that caused damage amounting to \$30,000. The buildings burned were owned by Mrs. Caroline Train and occupied by the Club cafe and the Russell Bakery. Both business concerns suffered total loss, the baking company about \$10,000 and the cafe about \$3,000. Mrs. Train's loss is \$8,000. Other losers are Harlocker's Pharmacy, \$2500; Myers & Myers dry goods, \$1500; Guerin hotel, \$2,000.

The fire started in a rear room upstairs and was well advanced when discovered. The flames were fanned by a breeze from the west, threatening the most important part of the business district, and all firms in the neighborhood moved goods to places of safety.

Other places threatened were the Strong hardware store, P. W. Laird building, postoffice, Farmers Grocery, American office, Coos & Curry Telephone building, Forrest and Arnold confectionery and the billiard hall and the Masonic temple.

Coquille was called on for help and two fire trucks arrived as the Myrtle Point department had the flames under control. The May fete was on at the high school when the alarm was sounded. The school quickly emptied and Myrtle Point streets at 9 o'clock were crowded with visitors from the county, Coquille, Marshfield and North Bend. Live wires and falling walls threatened onlookers and firemen.

Rackieff Lawhorn and wife were in from McKinley yesterday.
