

Improved Mammoth Artichokes

(From County Agent's Office)

The Mammoth White French Artichoke is proving to be one of the highest yielders of hog feed that can be grown on the Pacific coast. This new variety of artichokes differs from the old Jerusalem in that it gives twice the yield, has larger tubers, and is produced in hills rather than scattered out through the ground. A yield of 600 bushels to the acre has been obtained on average land at the Oregon Agricultural Experiment Station, Corvallis, while Mr. Frazier of Otis, Oregon, where conditions are somewhat similar to Coos county, has secured a yield of 1,000 bushels per acre. With yields like this, it is doubtful if any other crop will compare with this improved Artichoke as a producer of hog feed.

Not alone is the Artichoke a good hog feed, but is fed to cows with good results. The tops are used as green feed for cows and makes a fairly good ensilage. The feeding value is little better than potatoes and one and one-half times better than carrots or beets. The digestible nutrients of 100 pounds of artichokes is: 1 lb protein, 14.6 lbs. carbohydrates and 1-10 lb fat. This makes a high nutritive ration of 1 to 15.8, which shows the necessity of protein supplements. With a supplement of skimmed milk and grain, hogs make very satisfactory gains on artichokes.

A late chemical discovery of converting the starch of artichokes into levulose sugar, which is 50 per cent sweeter than cane sugar, has possibilities of making the coast section a factor in sugar production.

Through the county agent's office, several small acreages of artichokes are being planted for the purpose of securing a supply of seed for next year.

The biggest "all women" special train that ever crossed the continent will be the President's Special to be run from New York City to Oakland, California, in connection with the annual convention of the National Federation of Business and Professional Women's Clubs in Oakland July 18 to 22.

Vote on State Bird

Word has been received from the Audubon Society that the time has been extended in which boys and girls will be allowed to vote on the State Bird for Oregon. The closing date is June first, and the committee is desirous of having all votes reach E. F. Carleton, Portland, Oregon, by May 21st. Two summer schools, the Mulkey school and Fat Elk have shown a strong preference for the Bluebird. The six birds to be voted on are as follows: Meadow Lark, Varied Thrush, Bluebird, White Crown Sparrow, Song Sparrow and Junco.

President Endorses Poppy Idea

Without any intention of taking sides on a difference of opinion between world war organizations as to the sale of poppies this month, the Sentinel reprints the following extract from a letter signed by President Calvin Coolidge, and handed to us by Edwin J. Brophy, adjutant of the Coquille Valley Post, Veterans of Foreign Wars. The item on poppies published last week was handed to us by the Coquille Post of the American Legion.

Following is President Coolidge's letter:

The annual sale of poppies under the auspices of the American Legion, the American Legion Auxiliary and the Veterans of Foreign Wars, for use on Memorial Day, has a double significance. It perpetuates and emphasizes a particularly fine symbolism, calling to mind the supreme sacrifices of those who died in the service of our country. Such symbolism cannot but have its effect in inspiring us to the sacrifices demanded of all good citizens in peace times. Furthermore, those who buy these poppies do something very real to help the disabled veterans who in making them are able to contribute to their own support.

I would commend this movement heartily, and my hope is for its continued success.

"Dad" Butler tomorrow, members of the radio audience will be able to follow the fortunes of their favorites in each event. Every hair-raising finish and each outstanding performance will be carried over the air.

Brewster Valley

On the evening of May 7 the neighbors and friends of Mr. and Mrs. Dave Moore and family gathered in the community hall to honor them with a farewell party. The evening was spent playing games and visiting until refreshments were served, then those that wished, spent a few hours dancing. The evening was enjoyed by all but we are sorry to have such good neighbors leave our community but wish them good luck on their new place in Lee.

The Myrtle Leaf club met Thursday at the Community Hall, the afternoon was spent in the regular way of sewing and talking. Mrs. Mildred Benham and Irene Moore served delicious refreshments of cookies and punch to the following members and visitors: Mrs. Stella Crowley, Polly and Mrs. Fred Nickason, Mrs. Violet Hatcher, Mrs. Fossie Wilson, Tom Lawhorn, Mary, Daisy, Belle Laird, Erma Harry and Zilpha Krewson.

Mrs. Ethel Abernathy spent a few days at the home of her parents last week.

Sunday Mrs. Wanda Wilcox, Miss Mabel and Margaret Wilcox and Grant Wilcox and wife, of Coquille, were visiting relatives and friends in the valley.

Mrs. Belle Laird spent Mother's Day with her mother, Grandma Laird.

Mrs. Chas. Holmes and son, Kenneth, made a trip to town Saturday.

Mrs. Violet Hatcher and two children have been spending the week with her parents, Mr. and Mrs. Moore.

The Parks family spent Sunday afternoon at the Lawhorn home.

Walter and Daisy Laird made a business trip to Coquille Friday.

J. R. Benham went to Coquille on Monday to visit his sister, Mrs. Amanda Hollenbeck, for a few days. He went in with Mr. and Mrs. Tom Lawhorn.

On Tuesday Mrs. Flossie Wilson called on the members of the Myrtle Leaf Club to do papering for her. The day was well spent in working hard and having fun. Three rooms were practically finished and a very delicious dinner was served which was enjoyed by all present.

If you want to subscribe for a Portland daily the clubbing combination we offer with the Sentinel will save you money.
