House Burned, Barn Saved

A call was responded to by the fire department about 3:30 last Friday afternoon from the Dement ranch, three miles up the river and on the other side.

The house was occupied by N. C. Hughes, who saved all his personal effects, although the building burned to the ground.

The efficiency of the fire department and chemical truck was demonstrated when they saved the wood shed, within a few feet of the house and the barn a little farther away.

The fire originated from a spark lighting in the moss on the roof and had acquired too much of a start to be combated when the truck arrived.

Mrs. Hughes and their ten-day old baby were removed safely before the flames had made much headway.

The house was that at the turn of the road, opposite the old Myrtle-wood Creamery.

For Clay Real Estate Office

Remodelling of the frame building on Second street, occupied by Clay's Garage, has been started. The front is to be converted into two offices, plate glass windows installed, and the second street side of the building painted. Mrs. C. D. Clay will use the offices for the real estate business she is conducting. The garage will continue to occupy the rear of the building.

Calling cards 100 for \$1.50.
