French Girl Arrives to Attend State University

University of Oregon, Eugene—As the result of dime dances, pennant sales, the auction of unclaimed overcoats, compact and umbrellas, college balls, and sundry other money-making enterprises, the Women's League has brought to the campus a foreign student, Therese Chambelland, of Lorraine, France. Miss Chambelland graduated last year from the Sorbonne. Before going to Paris she attended the College de Filles d'Epinal and the Lycee de Garcons d'Epinal. In working for her master's degree at the University of Oregon she expects to major in English and minor in French.

On Choosing Wallpaper

How to choose wallpaper is the subject of a learned article in a recent magazine issue. Well, it seems some women choose it in about this way: They pick a pattern the rest of the family doesn't like and then, after it's on the wall, they find they don't really like it, while the rest of the family gets used to it.—Acheson Globe.

Marks of Malnutrition

An official bulletin of the United States children's bureau in describing symptoms of malnutrition in a child says: "Because of lack of muscular tone his shoulders are usually rounded, the shoulder blades sometimes standing out to such an extent as to produce the deformity known as 'wings.'"

Practice Doing Well

Goodwill that lacks action is like faith without works. Thinking well needs doing well to bring results. The main trouble these days is there is too much thinking and too little doing, for the whole world is crying for good-willness carried to practical results.—Grit.

UNIVERSITY DAILY EXPANDS

University of Oregon, Eugene—The Emerald, student daily, has become a member of the United Press Association, world news-gathering agency, and now has regular wire news service. News from all points is collected in Portland and wired direct into the Emerald editorial rooms.

Ashland—Carload shipments of local products almost double since 1926.

Klamath Falls—Oiling crews replacing The Dalles-California highway.

Condon—Warehouses have already received more than 1,000,000 bushels wheat.

Camel

Climbing to new heights of popularity

Government figures show that more Camels are being smoked today than ever before. One after another Camels passed them all.

If all cigarettes were as good as Camel you wouldn't hear anything about special treatments to make cigarettes good for the throat. Nothing takes the place of choice tobaccos.
