For a Roosevelt Caravan

A letter from the Gold Beach Chamber of Commerce was read to the few directors of the Coquille Chamber present at the regular meeting Wednesday evening, in which it was suggested that a caravan from Coos and Curry counties to San Francisco be started some time after January 1. The object, of course, would be to advertise the Roosevelt Highway and prove to the Californians that it is free from snow and ice during the winter.

The directors laid it over for a larger attendance to act upon next week.

Last Frost Sunday Morning

Last Saturday morning witnessed the last frost and below freezing temperature for the cold spell which lasted a full week. The thermometer that morning touched 26 1/2 degrees above zero.

In quoting C. Vernon Smith last Friday we said that on the 17th of December a year ago the thermometer fell to ten above. It was four years ago on that date that the low figure was reached.

A "Safety" Campaign

The Lions Club, at its regular luncheon meeting yesterday noon, endorsed the "Safety" campaign which Traffic Officer Williams is preparing to inaugurate in all the larger schools, located along highways.

Briefly, the plan calls for a "Safety Patrol" of five, with a patrol captain, whose duty it will be, when school is dismissed to see that the younger children take the proper precautions of looking before crossing the roadway and in any other way that will insure protection.

A set of rules, which each pupil will be asked to sign, will contain a declaration not to "jay walk," run in front of automobiles, or otherwise endanger himself.

It is probable that the committee named to co-operate with Mr. Williams here, will include other "safety first" suggestions in their recommendations as to fire and the avoidance of wires. At times such as that of last Monday when there was a high wind, power lines fall or are snapped in two, constituting a menace.

Mr. Williams will propose the campaign in all the towns in the county.

Spent Christmas With Parents

Mr. and Mrs. L. A. Liljeqvist, of Portland, and Mr. and Mrs. Harry A. Slack spent Christmas here with the ladies' parents, Mr. and Mrs. A. J. Sherwood. Mrs. Ralph C. Gage, of Portland, and Mrs. F. G. Jennings, of Eugene, their other two daughters, who reside away from Coquille, were unable to be present to make it a real family reunion.

Mr. and Mrs. Liljeqvist left yesterday for their home.

Mr. and Mrs. Slack, who have lived in Tacoma for several months, will not return there but will go back again to Texas. Their home was at Dallas, in the Lone Star state before they moved to Washington, and Mr. Slack prefers the southern state, from a business standpoint. He is connected with the Real Silk Co.

Mrs. Mae Sanders Here on Visit

Mrs. Mae Sanders arrived here from Long Beach, Calif., last Saturday for a week's visit with her parents, Mr. and Mrs. O. O. Lund, her brothers and sisters and other friends. She brought with her a bunch of poinsettias which she presented to the Sentinel, and which were still beautiful on arrival. She says Coos county looked mighty good to her after driving through freezing weather and a silver thaw from Bakersfield to Stockton. In other places it was so foggy they could hardly see the road.

Pioneer Church Christmas Tree

The Christmas-tree entertainment in the Pioneer Hall last Friday evening was largely attended and the program of tableaux, reading, music, etc., furnished a fine evening's entertainment. The children who took part presented several scenes prior to and following the birth of Christ, with Mrs. Jas. Richmond reading the scripture passages which they represented. Christmas music furnished entertainment between the tableaux scenes. Gifts for the children were distributed from a large and beautifully decorated tree.

A Suicide at Broadbent

Sherman Cruboug, 62, resident of the Gaylord district, was found dead Saturday noon, the body hanging from a beam in the woods of the Robert Parker home. Cruboug had apparently committed suicide.

At about the same hour Mr. Cruboug's sister, Mrs. Johanna Parker, was in a wreck on the Coos Bay highway near James valley. Mrs. Parker and children suffered cuts and other slight injuries. Their car had turned over. It was not until later that Mrs. Parker was informed of the death of her brother.

Sherman Cruboug came to the Gaylord district about six months ago, accompanying his niece and nephew, Mr. and Mrs. Robert Parker from their home in Wisconsin. The Parkers had secured a small piece of land near Gaylord and Mr. Cruboug had been engaged in taking care of the place while Robert Parker worked in the Lawson-Cypress logging camp—Times.

Dave Johnson Visits Coquille

Dave Johnson, over 20 years ago a resident of Coquille, stopped over here for a time last Saturday to shake hands with old friends. He was on his way from Chehalis, Wash., to California. His presence started a fanning bee among the old timers who recalled what a great ball player Dave was. He started the practice in the Coos county league of nipping ball players who started to steal second. Prior to that when a man reached first in these parts he was sure of getting down to second, but Johnson throwing like a bullet to Gene Norton at second, soon put a stop to the pilfering. The old time fans regard him as the greatest ball player Coos county ever produced.

Church Purchases a Parsonage

The Coquille Christian church has this week completed a deal for the purchase of the C. A. Pendleton property, adjoining the church. It is quite a good house and as soon as it is fitted up for a parsonage Mr. and Mrs. B. L. Hicks will move into it.

Sheepdog Is Marvel of Canine Sagacity

It is only recently that attention has been drawn to the wonderful brain capacity of the working sheepdog. Dogs trained for special sheepdog trials have given extraordinary demonstrations of how a dog can think and reason for himself.

Many people are under the impression that this is quite a new development in sheepdog training, but it is not so. From time immemorial shepherds have had a wonderful understanding between themselves and their dogs. In the real sheepdogs there seems to be an inbred instinct which enables them to do the work that is expected of them. It is a natural gift, which is developed when brought into companionship with the shepherd.

James Hogg, the Ettrick shepherd, wrote much regarding the sagacity of his dogs. In his day the shepherds had more difficult tasks to accomplish than they have today. They had to bring their flocks long distances to fairs and markets, and had to keep their own lots separate from the others—a task in itself, as the sheep had to be tended night and day.

The working collie has a great capacity for understanding each sound and gesture made by its master. The dogs enjoy their work, and seem to delight in anticipating the wishes of the shepherds.

Origin of Hand-Shaking

Shaking hands is almost entirely an American custom, but like so many other American customs, has a European origin. It developed as an extension of the custom of Freemasons to give their hands in comradeship when they meet.

Prey on Mosquito Larvae

Goldfish, minnows and others of their tribe are said to devour enormous quantities of mosquito larvae. Scientists are urging the placing and propagation of these fish in waters that remain stagnant.

SIX CYLINDER SENTENCES

By DR. JOHN W. HOLLAND

Land a needy man a hand. It will help him more than handing him money. Here's to the other fellow—may he be as good as we want him to be. If all who act from vanity grew peacock feathers we should have a fuzzy world. Cease worrying about two things: those that you can't help and those that you can't. Our dreams are the deathless part of us. Direction is more essential than speed. (© 1926, Western News Service Station.)

Small Crowd for Legion Card

The smallest crowd yet to witness a Legion boxing card here was present in the Community Building last Saturday evening, when Bobby Vernon succumbed to Joe Blackwell's punches in the fifth round and was counted out.

Vernon was not in Blackwell's class that night, however he may be when right. He had a bad cold.

Bud Bryant knocked Don McGee out in the third round, after the latter had made a snappy start at the opening of the first and had floored Bud with a right to the jaw.

Bill Woodruff, of Langlois, did not show up for his match with Mike Meel, and the latter was awarded the decision.

Royce Richmond had Young King, of North Bend, listening to the birdies a few seconds before the end of their four-round mix, and Jack Schermer

won a technical knockout over Kid McNair, of North Bend, when the latter's second threw in the towel in the second.

Coos county boxers have always drawn a crowd in Coquille; but the fans do not seem to care for a main bout in which both the participants are strangers.

Worth More
"Street car fare has doubled in the last few years," growled the Grouchy One.
"Yes, but think how much more you see on a street car than you used to," retorted the cheerful Other One.

Oregon Dairymen Arrange Meet for Medford Early in January

The problem of making Oregon a great dairy state, which is now much before the public, will engage the attention of the Oregon Dairymen's association at its thirty-sixth annual convention at Medford, January 9 and 10. More of a state-wide program than usual has been arranged, as shown by the detailed program just announced by P. M. Brandt, secretary, and head of the department of dairy husbandry at Oregon State college.

This is the first time in many years that the annual convention has been held in the southern part of the state. J. R. McCracken of Ashland is president of the association, S. G. Simon, Tangent, vice president, and John Gaffney, Oregon City, second vice president. The program follows:
