

# The Coquille Valley Sentinel

THE PAPER THAT'S LIKE A LETTER FROM HOME

Oregon Historical Society X Auditorium

VOL. XXIV. NO. 51.

COQUILLE, COOS COUNTY, OREGON, FRIDAY, JANUARY 4, 1929.

\$2.00 THE YEAR.

## TO OPERATE SOON

### Smith Wood Products Inc. Now Installing Machinery Will Start

The Smith Wood Products Inc. is a capitalization of a large plant just ready to begin three weeks, plant manager Sunday from Mr. Ulett of self just out battery separator some time past white fir ship Ulett is a stock and has made impression on the contact with the

The Oerding in the new co says plans are largement. In addition to the sawmill Mr. Ulett Just now the on in the plant aligning of the been arriving past two or loads have are on the way.

A battery of re-saw machines saws for very other machines ing out battery blinds and other being set up of eight, who from California all familiar ing installed with it in California. At present employed in the cottage of the company.

Mr. Ulett says people will be operations between women that is only of employees required to operating of the present million separate. Since constant gan, there changes made them, suggests that the battery out in their require a some the chemical of thin Port of course, com than do those separators will and the plant the fluted plain.

An experienced who will have hands keeping up to the required soon from Ray Booher and by his wife. An overhead a fire protection once, but it is protection, or that more water plated is desired working plant are installed a great quantity. For many years that Coos county as it should lumber gave the finished product has joined Coos that will complete wood products of timber is produced.

The Oerding Rivers are entitled to a great deal of credit for interesting Ralph L. Smith, of Kansas City, in the possibilities of such a plant as he is developing here. Mr. Smith intends leaving Kansas City for Coquille tomorrow, coming by way of Los Angeles, and he is expected here in his car about the 14th or 15th. Other decisions for manufacturing, not previously announced, may result from Mr. Smith's next visit to Coquille.

### Health Nurse to Leave

Miss Helen Samson, nurse of the county health department, has tendered her resignation and intends to leave February 1 for New York City. She expects to continue the same line of work in that state. Miss Samson has made many friends during her residence in Coquille who regret to see her leave.

## Probable City Appointments

While it cannot be authoritatively stated who are to receive appointments at the hands of Mayor-elect J. Arthur Berg and the new city council next Monday evening, it is reported that the list will line up as follows:

## IN THE NEW PLANT

### Vast Amount of Material Used in Construction

## C. C. CANDIDATES

### Nominations Made for Annual Election

## Tax Levies for Eight Cities

The following are the levies for the 1928 tax in the eight cities of the county, as just figured by Assessor J. P. Beyers. They are for the 1928 taxes payable this year. It shows Coquille to have the lowest of any of

## MAYOR'S POLICIES

### What Mayor-Elect J. A. Berg Propose for Council's Consideration

With the Sentinel scribe writing, Mayor-elect Berg these matters which are serious consideration during two years—water, sewer improvement.

On this side of the gulch all improved, nearly all concrete or concrete haptic top dressing, so as to be the scene of future.

He says that many of the from the Opperman south street, "on Coulter, or hard surface improvement to replace the worn out he believes this year's will include such factors, from Seventh to light from Coulter east Health; and possibly "Coulter to meet the the highway past the

expressed himself as being of permanent improvement than plank or gravel, are surfaced.

One section of the which is crossed by bridge, and the other the ravine north of He would place the these lower spots.

He holds the same opinion have been forced to years—that the river source of supply and there a sufficient volume.

He is not disregarding of a supply from that if that fails to pro- requirements the only the Coquille river.

Investigations Mr. Berg estimates that the setting basins, pumping equipment, can be \$10,000. Of course, that chlorine must probably would not be the river water more five months. For the time the present ample available.

is but one of many ranchers benefited, and yet the cost of that embankment was somewhat between \$500 and \$700. If all the low places in the bank were bulkheaded and diked the cost would probably not be as much as Lyman Carrier estimates the loss from the late freshet last spring—around \$50,000.

### Flower Lovers Club Jan. 8

The next meeting of the Coquille Flower Lovers Club will be held in the city hall next Tuesday evening, Jan. 8. At that time Geo. W. Taylor will give the talk on foundation planting which he was scheduled to give at the last meeting, but did not when he gave way to other speakers. Mrs. Bertha J. Smith will also have a paper at that time, her probable subject being iris, its planting and care. Other local speakers are also on the program.

### Game Warden's Warning

Following his program of trying to prevent game law violation, rather than secure conviction afterwards, Deputy Game Warden C. A. Hearing says that the fellow who took advantage of the high water, and shot after hours, thinking that the warden could not get around until after he had picked up his ducks and escaped, will probably find him waiting next time to assist in catching the fallen fowl.

### Baby Clinic Next Thursday

A baby clinic in Coquille will be held at the city hall next Thursday, Jan. 10, from 1 to 3 p. m. The county health officials will conduct the clinic.

Dr. D. L. Coale, of Los Angeles, will address the meeting on the validity of the contract for operation of the Eastside ferry.

### Says Ferry Will Continue

"Budget committees may come and budget committees may go, but the Eastside ferry will continue to run," was the statement of Judge-elect D. F. Thompson Wednesday in commenting on the validity of the contract for operation of the Eastside ferry.

### Ministerial Ass'n Here Monday

The Coos County Ministerial Association will meet in the new Pioneer church in Coquille next Monday noon, Jan. 7. Dr. D. L. Coale, of Los Angeles, will address the meeting on the subject of evangelism, its purpose and method.

### Chev Sixes on Display Here

Delay in the shipment of Chevrolets from the plant at Oakland prevented the Southwest Motor Co. from having one of the new Sixes on display here until Wednesday, when Paul McElwaine went out to Grants Pass and drove in one of the new coaches. It is a wonderful looking car for the money, and Mr. McElwaine says it is just as fine a performer as it is a looker.

### An Invitation to Study

Any one interested in taking up a course of study in Practical and Applied Psychology will meet at the home of Inez R. Chase at 7 p. m. Thursday, Jan. 10. The class is being sponsored by the B. & P. W. Club but others are welcome to attend. Class arrangements will be made on this evening.

merchandise and has deserved the excellent patronage which he has enjoyed.

### Grange Not Opposed to Budget

Arthur A. Brown, of the Coos Pomona Grange, who attended the county court session last Monday, said that the Grange had taken no action in opposition to any of the items appearing in the county budget.

### 27 Inches of Rain to Date

Rain since the first of last September, when the precipitation record begins each year, now totals approximately 27 inches, not so much below the average for the time as it was a month ago.

Tuesday saw the exodus of university and college students, who left for Eugene and Corvallis after spending the Christmas holidays at home.
